8. CURRENCY PERIOD FOR THE APPROVAL (s.85 of the *Planning Act*)

The standard currency periods stated in section 85 of *Planning Act 2016* apply to each aspect of development in this approval, if not stated in the conditions of approval attached.

9. STATEMENT OF REASONS

Description of the development	The proposed development is for a Material Change of Use for Indoor Sport and Recreation (Children's Play Area)
Reasons for Decision	a) The development is an appropriate non-residential use within the Low Density Residential Zone as it is determined to be small-in-scale and is not anticipated to compromise the residential character or existing amenity of the surrounding area; b) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed

	<p>development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>c) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>	
<p>Assessment Benchmarks</p>	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Low Density Residential Zone Code; • Acid Sulfate Soils Overlay Code; • Airport Environs Overlay Code; • Biodiversity Areas Overlay Code; • Coastal Protection Overlay Code; • Flood Hazard Overlay Code; • Steep Land Overlay Code; • Access, Parking And Transport Code; • Filling and Excavation Code; • Landscape Code; • Stormwater Management Code; and • Water and Sewer Code. 	
<p>Compliance with assessment benchmarks</p>	<p>The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exception listed below.</p>	
	<p>Assessment Benchmark</p>	<p>Reasons for the approval despite non-compliance with benchmark</p>
	<p>Low Density Residential Zone Code (PO16 and PO21)</p>	<p>PO16 - The development is a small extension to the existing building and will operate between the hours of 9.00am to 10.30pm on all days. Use of the area at night is not anticipated to be constant but will provide the applicant with flexibility to operate the area concurrently with other activities occurring at the site, such as the church and restaurant. The extension is located over 40 metres from the closest residential use and is located within an enclosed area. The development will utilise the site's existing 44 car parking spaces and will gain access to Glenmore Road, classed as a higher order road in Council's road hierarchy. Therefore, the development is considered small in scale and is not anticipated to compromise the residential character or existing amenity of the surrounding area.</p> <p>PO21 - The development will operate until 10.30pm, which does not meet the recommended operating hours for a non-residential use as included in Acceptable Outcome 21.1. However, the development is not anticipated to use this area at these hours constantly but rather will provide flexibility for the owner to operate the area concurrently with other activities occurring at the site, such as the church and restaurant. Furthermore, Council have included Condition 3.3., which requires nuisance monitoring to be undertaken by the owner, should Council receive a genuine</p>

	complaint in relation to noise.
Matters prescribed by regulation	<ul style="list-style-type: none"> • The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.1); and • The common material, being the material submitted with the application.
