8. STATEMENT OF REASONS

Description of the development	The proposed development is for Material Change of Use - Food and Drink Outlet
Reasons for Decision	a) The sites locational characteristics, particularly in close proximity to other

	<p>fast food outlets, provide an appropriate opportunity to accommodate a food and drink outlet that is designed and sited to complement and not adversely impact on nearby sensitive land uses;</p> <p>b) The proposal takes advantage of the site's high exposure and accessibility to the Bruce Highway and the Rockhampton Central Business District servicing the local catchment and highway users;</p> <p>c) The proposed development will provide a localised convenience function and will not compromise the residential character and existing amenity of the surrounding area;</p> <p>d) The proposed use does not compromise the strategic framework in the <i>Rockhampton Region Planning Scheme 2015</i>;</p> <p>e) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity;</p> <p>f) The proposed development does not compromise the relevant State Planning Policy; and</p> <p>g) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>					
<p>Assessment Benchmarks</p>	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Strategic Framework; • Specialised Centre Zone; • Low-medium Density Residential Zone Code; • Access, Parking and Transport Code; • Landscape Code; • Stormwater Management Code; • Waste Management Code; and • Water and Sewer Code.

Extensive landscaping with mature plants and an acoustic fence will be included along the boundaries of all adjoining residential uses. Issue	How matter was dealt with					
Traffic Congestion	Vehicle access to the proposed development has been provided from the lower order road (George Lane) in accordance with the Planning Scheme.					

		The proposed development makes provision for 17 onsite parking spaces as well as sufficient space for vehicle queuing in the drive-thru. The proposal has provided ample space for traffic associated with the fast food outlet and it is not anticipated that it will contribute to any further congestion.
	Loss of Car Parking	The proposed development maintains an oversupply of onsite parking which makes up for any loss of on street parking.
	Security	It is noted that the proposed development will include an acoustic fence along with landscaping and trees along the common property boundaries. In addition, the developer has agreed to providing and installing louvered awnings over the windows of the adjoining dwelling located at 75 Archer Street at no cost to the owner. This will assist in removing any direct visual intrusion into the property. The proposed development is recognised to increase public surveillance within the area, including George Lane.
	Light and Noise Intrusion	<p>The proposed lighting associated with the restaurant and car parking will be directed away from the residential dwellings adjoining the property. Given adjoining properties are highset dwellings, it is not anticipated that lights from vehicles at ground level will cause any impacts. In addition, a solid screen fence and landscaping is proposed along the property boundaries to minimise any light or noise nuisance.</p> <p>The proposal is located directly adjoining the Bruce Highway. Given the locational characteristics and facilities of a similar nature in the nearby vicinity, it is not anticipated that noise will exceed volumes that currently exist.</p>
Matters prescribed by regulation		<ul style="list-style-type: none"> • The <i>State Planning Policy – Part E</i>; • The <i>Central Queensland Regional Plan</i>; • The <i>Rockhampton Region Planning Scheme 2015</i>; • Surrounding use of adjacent premises in terms of commensurate and consistent development form; and • The common material, being the material submitted with the application.
