MITSUBISHI ROCKHAMPTON

SIGNAGE-ARTWORK

INTRODUCTION TO EXTERIOR KEY ELEMENTS

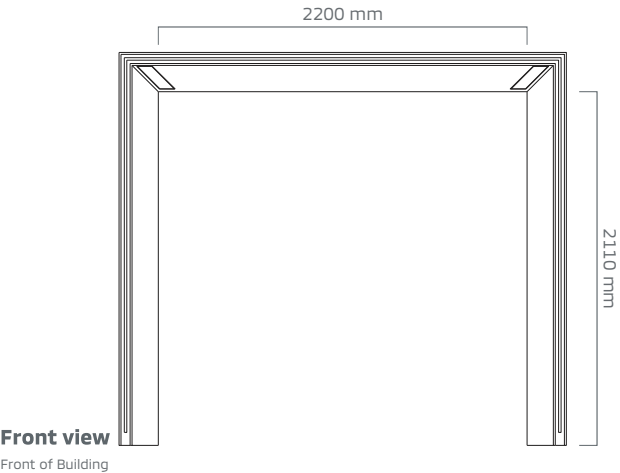

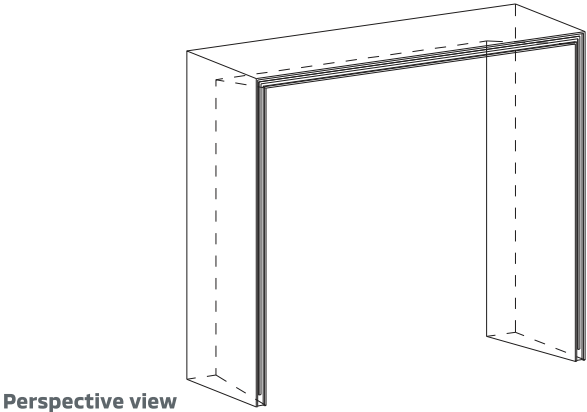

The entrance portal is a freestanding element positioned both as an exterior and interior element inviting the customers into the store.

The portal is straight on the outside and has an angled welcoming shape on the inside.

Lights are integrated under the roof with white acrylic/opal glass. A red LED light runs along the opening to connect the portal with the overall signage concept. The red LED strengthens the presence of Mitsubishi Motors and makes the entrance even more prominent at night time.

ENTRANCE PORTAL

Materials:
Face: Black Aluminium Composite Material (ACM)
Frame: Aluminium profile to engineers requirements
Illumination: The red line is internally lit by LED
Recommended Sizes:
2200 (w) x 2110mm (h) x 600mm (d)
Visible vertical surface colour: Dulux Cold Grey A4611

SIGN 5
ENTRY PORTAL
PARTLY ILLUMINATED
WITH THIN RED STRIP

The other version of 600 mm can be used outside if none of the other options are possible
