The standard currency periods stated in section 85 of *Planning Act 2016* apply to each aspect of development in this approval, if not stated in the conditions of approval attached.

7. STATEMENT OF REASONS

Description of the development	The proposed development is for Reconfiguring a Lot (one lot into two lots) and a Material Change of Use for a Dual Occupancy.
Reasons for Decision	a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.

Assessment Benchmarks	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Low Density Residential Zone Code; • Access, Parking and Transport Code; • Filling and Excavation Code; • Landscape Code; • Reconfiguring a Lot Code; • Stormwater Management Code; and • Water and Sewer Code. 	
Compliance with assessment benchmarks	<p>The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.</p>	
	Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
	<p>Low Density Residential Zone Code</p>	<p>PO3</p> <p>The proposal does not wholly comply with Acceptable Outcomes 3.1, 3.3 and 3.4 for a Dual Occupancy use.</p> <p>Despite this, the proposal for two (2) x two (2) bedroom units located on proposed Lot 2 have been designed to accommodate a smaller living space and with high level onsite-amenity that will not adversely impact the existing streetscape, function or character of the residential area.</p> <p>Therefore the proposal is considered to achieve the overarching performance outcome.</p> <hr/> <p>PO13</p> <p>The proposal does not comply with Acceptable Outcomes 13.1 as the built form of the Dual Occupancy units do not achieve the prescribed setbacks.</p> <p>Despite this, the subject site is a large corner block with Herbert Street and Mansfield Street both having extra wide road reserves providing the proposal with sufficient setback from the street. Each unit will be orientated to the street and integrated with the surrounding residential streetscape.</p> <p>Therefore the proposal is considered to achieve the overarching performance outcome.</p>
Matters prescribed by regulation	<ul style="list-style-type: none"> • The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.1); and • The common material, being the material submitted with the application.
