**7. STATEMENT OF REASONS**

<b>Description of the development</b>	The proposed development is for a Material Change of Use - Multiple dwelling (three (3) units)
<b>Assessment Benchmarks</b>	The proposed development was assessed against the following assessment benchmarks: <ul style="list-style-type: none"> <li>• Low-medium density residential zone code;</li> <li>• Access, parking and transport code;</li> <li>• Landscape code;</li> <li>• Stormwater management code;</li> <li>• Waste management code;</li> <li>• Water and sewer code; and</li> </ul>

	<ul style="list-style-type: none"> <li>• Works code.</li> </ul>	
<b>Reasons for decision</b>	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.	
	<b>Assessment Benchmark</b>	<b>Reasons for the approval despite non-compliance with benchmark</b>
	Low-medium density residential zone code	<p>The proposed unit at the rear of the subject site is 1.5 metres from the rear property boundary in lieu of six (6) metres. However, this will be acceptable as the proposed siting of the unit would be consistent with the existing development pattern in proximity to the site and the relaxation on the rear boundary setback would still meet the requirements of the Queensland Development Code 1.3.</p> <p>The wall length of the two adjoining units of the duplex (Units one and two) will be approximately 15.94 metres. Although this exceeds the requirement of a maximum of fifteen (15) metres it is broken up at each end by the patios and will not impact on the streetscape and amenity of the surrounding neighbourhood.</p>
