### 6. CURRENCY PERIOD FOR THE APPROVAL (s.85 of the *Planning Act*)

The standard currency periods stated in section 85 of *Planning Act 2016* apply to each aspect of development in this approval, if not stated in the conditions of approval attached.

### 7. STATEMENT OF REASONS

<b>Description of the development</b>	The proposed development is for Reconfiguring a Lot (two lots into two lots)		
<b>Reasons for Decision</b>	Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity.		
<b>Assessment Benchmarks</b>	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> <li>• Medium Impact Industry Zone Code;</li> <li>• Access, Parking And Transport Code;</li> <li>• Filling and Excavation Code;</li> <li>• Landscape Code;</li> <li>• Reconfiguring a Lot Code;</li> <li>• Stormwater Management Code; and</li> <li>• Water and Sewer Code.</li> </ul>		
<b>Compliance with assessment benchmarks</b>	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.		
	<b>Assessment Benchmark</b>	<b>Reasons for the approval despite non-compliance with benchmark</b>	
	Access, Parking and Transport Code PO3	<p>The proposal does not comply with AO 3.1 as Lot 69 on RP604012 does not currently benefit from formalised access but is instead accessed via an established informal access from Foster Street through the current Lot 103 on SP269983.</p> <p>Conditions of approval have been included</p>	

		<p>requiring that Lot 69 must be provided with lawful access by either formalising the current access arrangement through an access easement on proposed Lot 103, or by constructing a new access to Foster Street. Either option must be undertaken within 12 months of the development approval taking effect. Therefore, it is taken that the development will ensure access driveways will not compromise the safety or efficiency of the local road network and complies with PO4.</p>
	<p>Water and Sewer Code PO3</p>	<p>The proposal does not comply with acceptable outcome AO3.1 in that Lot 69 is not provided with a connection to Council's reticulated sewerage network despite being located in a sewer planning area.</p> <p>Lot 69 must be provided with sewerage infrastructure, either through connection to Council's reticulated sewerage network (operational works) or provision of a suitable on-site sewerage system (plumbing and drainage works). It is noted that the closest sewer infrastructure is located on Macquarie Street and that sewer infrastructure would need to be installed along Foster Street or through Lot 103 to connect the Lot 69 to the reticulated sewerage network.</p> <p>Appropriate conditions have been implemented in relation to achieving the desired outcome of providing Lot 69 with sewerage treatment services within 12 months of the approval taking effect. Typically, compliance would be required prior to endorsement of a survey plan, however the proposal is not increasing the scale or intensity of the transport depot nor increasing potential impacts to sewerage infrastructure. The intention of the conditions is to ensure the site is adequately serviced for sewerage, plumbing and drainage services. Based on these factors, the proposal is seen as low risk subject to a compliance audit 12 months after the approval has come into effect. A property note will be added to Lot 69 in Council's system to ensure a compliance audit is conducted at the end of the 12 month period.</p> <p>This does not impact on future development needing to be connected to the reticulated sewer network, including the creation of any new lots or assessable material change of use development (new use or an increase in scale and intensity of an existing use).</p>
<p><b>Matters prescribed by regulation</b></p>	<ul style="list-style-type: none"> <li>• The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.2); and</li> <li>• The common material, being the material submitted with the application.</li> </ul>
