### 6. CURRENCY PERIOD FOR THE APPROVAL (s.85 of the *Planning Act*)

The standard currency periods stated in section 85 of *Planning Act 2016* apply to each aspect of development in this approval, if not stated in the conditions of approval attached.

### 7. STATEMENT OF REASONS

<b>Description of the development</b>	The proposed development is for Reconfiguring a Lot (Two Lots into Six Lots)		
<b>Reasons for Decision</b>	<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>		
<b>Assessment Benchmarks</b>	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> <li>• Low Density Residential Zone Code;</li> <li>• Access, Parking And Transport Code;</li> <li>• Filling and Excavation Code;</li> <li>• Landscape Code;</li> <li>• Reconfiguring a Lot Code;</li> <li>• Stormwater Management Code; and</li> <li>• Water and Sewer Code.</li> </ul>		
<b>Compliance with assessment benchmarks</b>	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.		
	<b>Assessment Benchmark</b>	<b>Reasons for the approval despite non-compliance with benchmark</b>	
	Reconfiguring a Lot Code	The development does not comply with Acceptable Outcome AO7.1 which states "The	

	PO7	<p>dimensions and minimum areas of lots are in accordance with Table 9.3.5.3.2 — Minimum lot sizes and dimensions.”</p> <p>The applicant proposes that the rear/battleaxe lots have a different front-facing orientation rather than addressing the street frontage based on their layout and shape. In this respect, Proposed Lot 3 would be considered as facing east and Proposed Lot 4 would be considered facing west respectively instead of fronting Kerrigan Street to the south of the site. This would change the assessment to consider the depth of the lot from the east-west orientation rather than north-south orientation and thereby exceeding the minimum prescribed depth dimension (25m).</p> <p>The size, shape, layout and orientation of the lots is considered to comply with the performance outcome in that it provides sufficient area for each lot to achieve the following:</p> <ul style="list-style-type: none"> <li>(a) appropriate buildings and structures;</li> <li>(b) adequate usable open space and landscaping;</li> <li>(c) ventilation and sunlight;</li> <li>(d) privacy for residents; and</li> <li>(e) suitable vehicle access and on-site parking.</li> </ul>
	Reconfiguring a Lot Code PO8	<p>Proposed Lot 3 does not comply with Acceptable Outcome AO8.4 which states “An access strip for a rear lot is in accordance with Table 9.3.5.3.2 — Minimum lot sizes and dimensions.”</p> <p>The access handle for Proposed Lot 3 is 4.75m wide, 250mm narrower than the prescribed minimum of 5m as detailed in Table 9.3.5.3.2 of the Reconfiguring a Lot Code. The reduced width of 250mm is not considered to compromise access to the site (including vehicle access) nor the provision of required utilities and services.</p>
<b>Matters prescribed by regulation</b>	<ul style="list-style-type: none"> <li>• The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.2); and</li> <li>• The common material, being the material submitted with the application.</li> </ul>
