7. STATEMENT OF REASONS

Description of the development	The proposed development is for a Material Change of Use for a Showroom and Operational Works for an Advertising Device (Pylon Sign)
Reasons for Decision	<p>a) The proposal is consistent with other commercial businesses along Gladstone Road and the purpose of the Specialised Centre Zone;</p> <p>b) The pylon sign has been designed and sited in a manner that does not adversely impact the visual amenity and character of the building and streetscape and does not visually dominate the premises;</p> <p>c) The proposed use does not compromise the strategic framework in the <i>Rockhampton Region Planning Scheme 2015</i>;</p> <p>d) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity;</p> <p>e) The proposed development does not compromise the relevant State Planning Policy; and</p> <p>f) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>
Assessment Benchmarks	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Specialised centre zone code; • Access, parking and transport code; • Landscape code; • Stormwater management code; • Waste management code; • Water and sewer code; • Advertising devices code; and • Flood hazard overlay code.

Compliance with assessment benchmarks	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.	
	Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
	Specialised Centre Zone	No street trees are proposed however the development will include visually appealing groundcover with landscaping around access and parking areas to soften the appearance of the built form and enhance pedestrian amenity.
	Advertising Devices Code	The proposed sign has been designed and sited in a manner that does not adversely impact the visual amenity and character of the building and streetscape and does not visually dominate the premises. The pylon sign is incorporated within the landscape buffer and is cohesive with the design of other developments along Gladstone Road.
Flood Hazard Overlay Code	It is proposed that approximately 140m ² of the showroom will be within the low hazard area and it is not expected that this will have any measurable impacts on flood levels and velocities for neighbouring properties. Furthermore, the floor level of the proposed showroom will have 500mm freeboard to the 1% annual exceedance probability flood level and flood free access can be provided via Gladstone Road when required.
