7. STATEMENT OF REASONS

Description of the development	The proposed development is for a Material Change of Use for Animal Keeping (21-30 Horses)		
Reasons for Decision	<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>		
Assessment Benchmarks	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> Rural Residential Zone Code. 		
Compliance with assessment benchmarks	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.		
	Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark	
	Rural Residential Zone Code	<p>PO2</p> <p>The proposal does not comply with Acceptable Outcome 2.1 as the subject site has constructed animal enclosures that do not meet the prescribed setback requirement of 50 metres from sensitive land uses.</p> <p>However, the proposal is considered to avoid potential nuisance to neighbours, maintain</p>	

		<p>residential amenity and the rural residential character of the area. This is because:</p> <ul style="list-style-type: none"> • The stables (albeit at a smaller scale) and dwelling house were established on the subject site via a Town Planning Consent in 1978 and therefore there is considered to be an established character of there being horses kept on the site. The dwelling house and stables were established prior to the dwellings on the adjoining lots that front Montgomerie Street. • The stables are located a minimum of 30 metres from dwelling houses on the adjoining lots fronting Montgomerie Street. • Despite the reduced setback, there is existing fencing and mature landscaping along the front and side boundaries that screens the activity from the street and adjoining properties. • Conditions of approval have been included that ensure the development does not cause nuisance to adjoining residences or reduce rural residential amenity. <p>Therefore, the proposal is considered to achieve compliance with the performance outcome.</p>
<p>Matters prescribed by regulation</p>	<ul style="list-style-type: none"> • The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.2); and • The common material, being the material submitted with the application.
