6. CURRENCY PERIOD FOR THE APPROVAL (S.85)

The standard relevant periods stated in section 85 of *Planning Act 20016* apply to each aspect of development in this approval, if not stated in the conditions of approval attached.

7. STATEMENT OF REASONS

Description of the development	The proposed development is for a Material Change of Use - Outdoor Sales	
Assessment Benchmarks	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Specialised Centre Zone Code. • Access, Parking and Mobility Code. • Landscape Code. • Stormwater Management Code. • Waste Management Code. • Water and Sewer Code. 	
Reasons for decision (list non-compliance items and how they were resolved)	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.	
	Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
	Specialised Centre Zone Code	<p>The site has a direct road frontage to Queen Elizabeth Drive. An ancillary Office is proposed to support the Outdoor Sales use, but is not oriented towards the road frontage and is instead positioned central to the site. Despite this non-compliance, given the nature of the use it is not considered necessary to position the Office to the Queen Elizabeth Drive road frontage. Further, the siting of the office will not affect the continuity of shop frontages and footpath awnings in proximity to the site as the surrounding development pattern is predominantly for outdoor sales which do not involve the creation of footpath awnings.</p> <p>The proposal involves the outdoor storage of motor vehicles for display and sale, with the site having two (2) road frontages to Queen Elizabeth Drive and Brown Street. A landscape buffer screens the outdoor storage area from the Queen Elizabeth Drive road frontage, however, no such measures are in place on the Brown Street road frontage. Notwithstanding, the bulk of the outdoor</p>

		storage area is not concentrated towards the Brown Street road frontage and is therefore not expected to create any visual amenity issues on the surrounding residential area.
