| 13 November<br>2012 | Notice of Motion<br>Councillor Schwarten<br>Regional Animal Pound | <ul> <li>1. That Lot 4 Waurn Street, Kawana<br/>no longer be considered to be the<br/>site of a regional animal pound and<br/>that all works either in progress or<br/>planned and any associated<br/>approvals sought for this site be<br/>ceased.</li> <li>2. That the Chief Executive Officer<br/>provides a report back to the<br/>Performance and Service<br/>Committee on possible future sites<br/>for a regional animal pound</li> </ul> | Michael Rowe           | 5/02/2013 | Matter to be held over pending De-<br>amalgamation and Flood Levee<br>implications. |

| Meeting Date        | Report Title             | Resolution   | Responsible<br>Officer | Due Date   | Comments   |
|---------------------|--------------------------|--|------------------------|------------|--|
| 27 November<br>2012 | Community Hall Insurance | <ol> <li>THAT Council:</li> <li>Facilitates appropriate insurance<br/>for identified Community Halls by<br/>contributing a pre- determined<br/>amount, nominally \$500 per<br/>identified Community Hall, with<br/>the ability to vary that amount in<br/>circumstances of verified<br/>hardship;</li> </ol>   |                        | 11/12/2012 | Policy completed and to be<br>presented to Continuing Council<br>meeting in December or Council<br>post-changeover date. |
|                     |                          | <ol> <li>Amends its existent Community<br/>Grants Policy and Community<br/>Grants Procedure – Community<br/>Assistance Program; to facilitate<br/>pre- determined Council<br/>contribution to identified<br/>Community Halls for insurance<br/>purposes and case by case<br/>contribution to identified<br/>Community Halls in verified<br/>hardship circumstances;</li> </ol> |                        |            |  |
|                     |                          | 3. Resources the appropriate<br>insurance for identified<br>Community Halls by the provision<br>of \$13,000 as contributory<br>amount and \$3,000 as<br>discretionary amount within the<br>existent Community Assistance<br>Program budget.  |                        |            |  |
|                     |                          |  |                        |            |  |

| Meeting Date        | Report Title  | Resolution   | Responsible<br>Officer | Due Date  | Comments  |
|---------------------|---|--|------------------------|-----------|---|
| 12 December<br>2012 | Petition - Councillor Fisher<br>- Mitigation of Stormwater<br>Run Off in Breezeway<br>Close | That pursuant to s21(5)(a) Council<br>Meeting Procedures the Petition be<br>received and referred to the<br>Infrastructure Committee for<br>consideration and a report to come<br>back to Council.   |                        | 5/02/2013 | 2 recent meetings with residents to<br>check the hydraulic modelling<br>results and the residents issues.<br>Issues discussed - upstream<br>encroaching fences in flowpath,<br>upstream contour banks in park,<br>upstream erosion in park, damage<br>of fences and siltation, suitable<br>fencing across drainage flowpath,<br>easement protection along<br>flowpath |
| 12 December<br>2012 | Fiddes Street Traffic<br>Calming  | 1. The Committee resolves to adopt<br>the conceptual Traffic Calming<br>Plan for the southern section of<br>Fiddes Street between Dunlop<br>and Jellicoe Streets for the<br>purposes of consultation with the<br>affected residents and property<br>owners in Fiddes Street in<br>accordance with the Local Area<br>Traffic Management (LATM)<br>Policy. |                        | 5/02/2013 | Community Engagement Plan<br>completed. Media Release and<br>Advertisement for Newspaper<br>drafted. Also survey and letter for<br>impacted residents and property<br>owners drafted. Distribution of<br>these held over to New Year due to<br>constraints caused by de-<br>amalgamation.   |
|                     |   | 2. Subject to the outcome of the<br>public consultation, the<br>conceptual Traffic Calming Plan<br>be further developed into<br>detailed design and cost<br>estimates for inclusion as a<br>project in the Capital Forward<br>Works Program.   |                        |           |   |
|                     |   | 3. A report on the operation and the outcome of the public consultation be presented to the Infrastructure Committee as soon as practically possible in the new year.  |                        |           |   |

| Meeting Date        | Report Title            | Resolution  | Responsible<br>Officer | Due Date   | Comments  |
|---------------------|-------------------------|---|------------------------|------------|---|
| 12 December<br>2012 | Mount Morgan Sewerage   | 1.That the Plumbing Inspectors<br>assess the repairs to existing<br>septic tank systems under the<br>superseded legislation, and<br>Plumbing Inspectors assess any<br>on-site sewerage facility upgrades<br>to comply with site specific<br>performance outcomes under the<br>Codes rather than the acceptable<br>measures. | Martin Crow            | 30/06/2014 | Grant funding has been approved<br>for stage 1 of Area 5 of the<br>proposed sewerage reticulation<br>expansion in Mt Morgan. This<br>funding however is now subject to<br>the caretaker provisions of the<br>federal election. Design<br>development will continue in the<br>mean time. |
|                     |                         | 2.That further investigations be conducted into the following options   |                        |            |   |
|                     |                         | <ul> <li>a) provision of a septage<br/>acceptance chamber at the<br/>head of the Mount Morgan<br/>Sewage Treatment Plant to<br/>receive septic pump-outs, and</li> </ul>  |                        |            |   |
|                     |                         | <ul> <li>b) undertake planning and costings<br/>for Council consideration of<br/>sewerage reticulation to service<br/>the Mount Morgan Sewerage<br/>Area 5, with potential staging<br/>solutions, and</li> </ul>  |                        |            |   |
|                     |                         | <ul> <li>c) undertake planning and costings<br/>for the upgrading of the Mount<br/>Morgan Sewage Treatment<br/>Plant.</li> </ul>  |                        |            |   |
| 12 March 2013       | Landfill Accounts Audit | THAT action be taken to collect the outstanding fees from the landfill customers as detailed in the report.   | Craig Dunglison        | 20/03/2013 | Awaiting Legal Advice   |

| Meeting Date  | Report Title   | Resolution   | Responsible<br>Officer | Due Date   | Comments   |
|---------------|--|--|------------------------|------------|--|
| 10 April 2013 | Request from Benevolent<br>Aged Care to acquire Voss<br>Park   | That the matter lay on the table<br>pending a deputation with the<br>Department of Natural Resources<br>and Mines.<br>That a report be brought back to the<br>table on the current status and<br>usage of Georgeson Oval.  | Drew Stevenson         | 30/11/2013 | NRM presented to Council June<br>2013 - matter still on the table.<br>The second resolution regarding<br>Georgeson Oval has been referred<br>to Communities to action  |
| 10 April 2013 | Notice of Motion -<br>Councillor Ellen Smith -<br>Footpath Survey in<br>Gracemere                                  | THAT Council officers conduct a<br>footpath survey in Gracemere to<br>identify "missing links" in pathways<br>and prepare a short and long term<br>strategy to indentify same, and<br>consider costings in the present and<br>future budgets.<br>That a report on a framework for a<br>footpath strategy relating to the<br>Rockhampton Regional Council<br>area be brought back to the table. |                        | 31/12/2013 | Approximately 20 footpath projects<br>to a combined value of \$2.5M<br>listed in the Forward works<br>program for Gracemere. 1 project<br>to a value of \$230K in 13/14<br>budget. Overall footpath strategy<br>being addressed as part of active<br>transport strategy. |
| 10 April 2013 | Notice of Motion -<br>Councillor Ellen Smith -<br>Reconsideration of the<br>naming of the Robert<br>Schwarten Road | That a report with options for names<br>of various spaces within the<br>Gracemere Overpass precinct be<br>brought back to Council.   | Martin Crow            | 30/06/2014 | No action to date. Clarification of intent of resolution required.   |

|----------------------|---------------------------------------|
| Attachments:         | Nil                                   |
| Responsible Officer: | Evan Pardon - Chief Executive Officer |
| Author:              | Evan Pardon - Chief Executive Officer |

#### SUMMARY

The Business Outstanding table is used as a tool to identify when reports are due back to the table. Items lying on the table require a report to be lifted from the table before being dealt with. This report is designed to lift all necessary reports from the table to be dealt with at this meeting.

#### OFFICER'S RECOMMENDATION

THAT the following matters, "lying on the table" in the Business Outstanding table due to return to the Council Meeting, be lifted from the table and be dealt with accordingly:

- 1. Adoption of Councillor Code of Conduct Policy
- 2. D350-2013 Development Application for a Material Change of Use for a House

#### 6.3 ADOPTION OF COUNCILLOR CODE OF CONDUCT POLICY

| File No:             | 2562                                      |  |

| Attachments:         | 1. Councillor Code of Conduct Policy      |  |
| Responsible Officer: | Evan Pardon - Chief Executive Officer     |  |
| Author:              | Shane Turner - Manager Governance Support |  |

#### SUMMARY

This matter was layed on the table at the Ordinary Council Meeting on 10 December 2013 and is now due to be returned to the table to be dealt with.

A Councillor Code of Conduct Policy has been developed for adoption by Council to provide direction for Councillors in the performance of their roles.

#### OFFICER'S RECOMMENDATION

THAT The Council adopt the Councillor Code of Conduct Policy as attached to the report.

#### COMMENTARY

The Mayor requested a Councillor Code of Conduct policy be developed to provide direction for the Councillors in carrying out their duties. The policy draws heavily from the Local Government Act 2009 and Local Government Regulation 2012.

#### PREVIOUS DECISIONS

Nil

#### **BUDGET IMPLICATIONS**

Nil

#### LEGISLATIVE CONTEXT

This code demonstrates Council's commitment to the following local government principles contained in the Act:

- transparent and effective processes, and decision-making in the public interest;
- sustainable development and management of assets and infrastructure, and delivery of effective services;
- democratic representation, social inclusion and meaningful community engagement;
- good governance of, and by, local government; and
- ethical and legal behaviour of councillors and local government employees.

#### LEGAL IMPLICATIONS

Nil

#### CONCLUSION

While a Councillor Code of Conduct is not a mandatory requirement of Council under the Local Government Act, The Crime & Misconduct Commission, Department of Local Government Community Recovery & Resilience, Local Government Association of Queensland all recommend that Councils adopt a Code of Conduct for Councillors. The Code of Conduct will apply to the elected representatives of Rockhampton Regional Council and sets out the standards of ethical behavior required of the Mayor and Councillors in carrying out their duties as elected officials.

### ADOPTION OF COUNCILLOR CODE OF CONDUCT POLICY

### **Councillor Code of Conduct Policy**

Meeting Date: 28 January 2014

Attachment No: 1

### COUNCILLOR CODE OF CONDUCT POLICY COMMUNITY POLICY

#### 1. Scope:

The Councillor Code of Conduct Policy applies to the elected representatives of Rockhampton Regional Council.

#### 2. Purpose:

This Councillor Code of Conduct Policy provides the standards of ethical behaviour required of the Mayor and Councillors in carrying out their duties as elected officials of the Rockhampton Regional Council.

This Code is deemed to be a "procedure" for the purposes of section 176 (4) of the *Act*.

#### 4. Definitions:

To assist in interpretation, the following definitions shall apply:

| Act  | Local Government Act 2009  |
|--|--|
| CEO  | <i>Chief Executive Officer</i><br>A person who holds an appointment under section 194 of the<br><i>Local Government Act 2009.</i> This includes a person acting in<br>this position. |
| Complainant<br>(in relation to HR<br>Grievances) | Person lodging the grievance against another party.  |
| Community  | Residents, ratepayers, businesses, organisations and groups who have a stake or interest in the area served by Council.  |
| Council  | Rockhampton Regional Council   |

| Councillor/s                  | The Mayor and or Councillors of Rockhampton Regional Council, within the meaning of the <i>Local Government Act 2009</i> .  |
|-------------------------------|---|
| Department                    | The Department of Local Government, Community Recovery and Resilience   |
| Employee                      | Local government employee—  |
|                               | (a) the chief executive officer; or   |
|                               | (b) a person holding an appointment under section 196 of the <i>Local Government Act 2009</i> .   |
| Information                   | Information in any number of forms including letters, reports/documents, facsimiles, attachments, tapes, emails, electronic media, and/or other forms of information including discussions during meetings. |
| Manager                       | Any employee who holds a Band (3) delegation under Council's Human Resource Management Delegations Policy.  |
| Official<br>Misconduct        | Conduct that involves the exercise of a person's official powers in a way that is:  |
|                               | <ul> <li>not honest or impartial; or</li> </ul>   |
|                               | <ul> <li>is a breach of the trust placed in the person as a public officer; or</li> </ul>   |
|                               | <ul> <li>involves a misuse of Council assets, materials or official information; or</li> </ul>  |
|                               | • constitutes a criminal offence or is serious enough to justify dismissal.   |
| Senior Executive<br>Employees | As defined by section 196 (6) of the Local Government Act 2009.   |
|                               | A local government employee –   |
|                               | (a) who reports directly to the chief executive officer; and  |
|                               | (b) whose position ordinarily would be considered to be a<br>senior position in the local government's corporate<br>structure. This includes a person acting in this position.                              |
| Tribunal                      | Local Government Remuneration and Discipline Tribunal   |
|                               |   |

#### 5. Policy Statement:

This code demonstrates Council's commitment to the following local government principles contained in the *Act*:

- transparent and effective processes, and decision-making in the public interest;
- sustainable development and management of assets and infrastructure, and delivery of effective services;
- democratic representation, social inclusion and meaningful community engagement;
- good governance of, and by, local government; and
- ethical and legal behaviour of Councillors and local government employees.

#### 5.1 Councillor Obligations under this Code

It is expected that Councillors will:

**5.1.1** Conduct themselves in a way that promotes and maintains the public's trust and confidence in the Council and the good rule and

governance of Rockhampton Regional Council;

- **5.1.2** Ensure their personal conduct does not reflect adversely on the reputation of Council;
- **5.1.3** Demonstrate respect for fellow Councillors, Council employees and members of the public;
- **5.1.4** Refrain from harassing, bullying or intimidating fellow Councillors, Council employees and members of the public;
- **5.1.5** When communicating with the public or the media, clearly identify when they are expressing a personal opinion, or speaking on behalf of Council; and
- **5.1.6** Respect the democratic process when expressing a personal opinion about a Council resolution with the public or to the media by acknowledging that Council resolutions represent the majority view of Council.

#### 5.2 Primacy of the Public Interest

Councillors accept that:

- **5.2.1** They are elected to act in the public interest and to make decisions solely in terms of the public interest;
- **5.2.2** They must take steps to avoid, resolve or disclose conflicts of interest;
- **5.2.3** In the course of carrying out their duties, they will receive information that is not available to the general public and must not misuse this information in any way, including for personal gain; and
- **5.2.4** To ensure transparency and public confidence in the local government decision making process that they must disclose their relevant financial interests.

#### 5.3 Appropriate use of Council Resources

Councillors recognise and accept that they must comply with Council's policies in relation to the use of Council resources.

These resources may be assets, services or consumables — in other words, anything paid for or provided by Council including employee time.

#### 6. Responsibilities of Councillors

- 6.1 The following are the key responsibilities of Councillors under the *Act*.
  - **6.1.1** To represent current and future interests of the residents of the local government area. (S12(1));
  - **6.1.2** To ensure performance of responsibilities under the Act. (S12(3)(a)(i));
  - **6.1.3** To achieve Council's corporate plan. (S12(3)(a)(ii));
  - 6.1.4 To comply with all law that applies to local governments. (this includes other Acts; and Council's laws, policies, procedures and resolutions) (S12(3)(a)(iii));
  - **6.1.5** To provide high quality leadership to the Council and the community. (S12(3)(b));
  - 6.1.6 To participate in Council meetings, policy development and decision

making, for the benefit of the local government area. (S12(3)(c));

- **6.1.7** To be accountable to community for Council's performance. (S12(3)(d));
- **6.1.8** When performing a responsibility, a councillor must serve the overall public interest of the whole local government area (S12(6));
- **6.1.9** Not to use information acquired as Councillor to directly or indirectly gain financial advantage for them or somebody else. (S171(1)(a));
- **6.1.10** Not to use information acquired as a Councillor to cause detriment to the Local Government. (S171(1)(b)); and
- **6.1.11** Not to release information the Councillor knows, or should reasonably know, is confidential (S171(3)).

## 6.2. Other key responsibilities include:

- **6.2.1** To the keep register of interests up to date in accordance with S171B of the *Act* (290, 291 & 295 of the *Local Government Regulation 2012*);
- 6.2.2 Not to direct Council employees. The Mayor however, may give a direction to the CEO and Senior Executive employees. (S170(1) & (2));
- **6.2.3** Only to contact Council staff in accordance with guidelines prepared by the CEO. (S 170A);
- 6.2.4 To disclose any material personal interest. (S 172);
- 6.2.5 To declare conflicts or perceived conflicts of interest (S 173); and
- **6.2.6** Not to give false or misleading information, either verbally or in writing to designated persons or bodies. (S 234 (1)).

# 7. Complaints about Councillor Conduct and subsequent Disciplinary Action

Preliminary complaints about the conduct of a Councillor should be directed to the CEO who will deal with the issue in accordance with the provisions of section 176B of the *Act*. The exception to this is where a complaint is made by a CEO or Mayor, in which case it must be referred to the Department of Local Government, Community Recovery and Resilience CEO (Department's CEO) for preliminary assessment.

Complaints about Councillor Conduct and subsequent Disciplinary Action, is provided in sections 176 to 182 of the *Act*.

A failure to comply with this code by a Councillor may lead to the following:-

- 7.1 A reprimand for inappropriate conduct (S181);
- 7.2 For repeat inappropriate breaches or misconduct;
  - that the Councillor be counselled;
  - make an admission of error or an apology; participate in mediation;
  - monitor a Councillor's compliance with the Act;
  - an order that the Councillor reimburse the Council;
  - a recommendation to the Crime and Misconduct Commission or the Police Commissioner that the Councillor's conduct be further investigated; or
  - an order that the Councillor pay to the local government an amount of not more than the monetary value of 50 penalty units (Section 180);

- **7.3** For serious misconduct referred to the Tribunal, any order or recommendation that the Tribunal considers appropriate in the circumstances relating to the misconduct. This includes the penalties in 7.2 above; or
  - forfeiture of an allowance, benefit, payment or privilege;
  - reimbursement of an expense; suspension;
  - dismissal; or
  - referral of the matter to the Queensland Police Service or Crime and Misconduct Commission (Section 180).
- **7.4** A Councillor can face disciplinary action (including dismissal) for seriously or continuously breaching the responsibilities and requirements of Councillors (Sections 4, 12, 122 and 180).

## 8. Review Timelines:

This Policy will be reviewed when any of the following occur:

- 1. The related information is amended or replaced; or
- 2. Other circumstances as determined from time to time by the Council.

## 9. Responsibilities:

| Sponsor                | Chief Executive Officer            |
|------------------------|------------------------------------|
| Business Owner         | Chief Executive Officer            |
| Policy Owner           | Manager Governance Support         |
| Policy Quality Control | Corporate Improvement and Strategy |

## BACKGROUND

At its meeting on 25 November 2013, Council resolved membership of Committees and Terms of Reference for those Committees post de-amalgamation on 1 January 2014 as follows:

| Committee                          | Members   | Chairperson           |
|------------------------------------|---|-----------------------|
| Business Enterprise Committee      | 1.Mayor Strelow   | Councillor Fisher     |
|                                    | 2.Councillor Fisher   |                       |
|                                    | 3.Councillor Smith  |                       |
|                                    | 4.Councillor Rutherford   |                       |
|                                    | 5.Councillor Belz   |                       |
|                                    | 6.Councillor Schwarten  |                       |
| Communities Committee              | 1.Mayor Strelow   | Councillor Swadling   |
|                                    | 2.Councillor Swadling   |                       |
|                                    | 3.Councillor Smith  |                       |
|                                    | 4.Councillor Rutherford   |                       |
|                                    | 5.Councillor Schwarten  |                       |
| Health and Compliance Committee    | 1.Mayor Strelow   | Councillor Smith      |

|                                    | 5.Councillor Belz<br>6.Councillor Schwarten<br>7.Councillor Williams<br>8.Councillor Swadling |                       |

Councillor Stephen Schwarten has since advised the Chief Executive Officer that he wishes to focus his efforts on work at the grassroots or constituents' level and therefore he is willing to accept nomination for membership of 3 Committees (Infrastructure Committee,

Community Services Committee and Parks & Recreation Committee) excepting what is termed the "Committee of the Whole" ie Performance and Service Committee.

This essentially means that Councillor Schwarten will not be a member of Business Enterprise and Resource Industry Advisory Committees.

Council is now being requested to consider an amendment to the Membership and Terms of Reference to reflect the request from Councillor Schwarten.

## SUMMARY

The Special Continuing Council Committee Meeting held on 11 December 2013 needs to be confirmed by the table as a true and accurate record.

## OFFICER'S RECOMMENDATION

THAT the minutes of the Special Continuing Council Committee Meeting held on 11 December 2013 be taken as read and adopted as a correct record.

## BACKGROUND

The last Continuing Council Committee Meeting was held on 11 December 2013. As this Committee is no longer active, the minutes for this meeting are brought back to the Council table to be confirmed and adopted as a true and accurate record.

## 11.2 COMMUNITY ASSISTANCE PROGRAM

| File No:             | 7822   |
|----------------------|--|
| Attachments:         | <ol> <li>Community Assistance Program -<br/>Attachment to report to Council 28 January<br/>2014</li> </ol> |
| Responsible Officer: | Michael Rowe - General Manager Community Services  |
| Author:              | Cheryl Haughton - Strategic Manager Community and Cultural Development                                     |

## SUMMARY

Applications to the Community Assistance Program have been received from Central Queensland Vietnamese Community and Asthma Foundation Queensland. The applications have been assessed and both are recommended for funding for a total amount of \$3,000.

## OFFICER'S RECOMMENDATION

THAT Council approves the following applications for funding from the Community Assistance Program:

| Applicant               |                         | Purpose of Grant/Sponsorship   | Grant/Sponsorship<br>Recommended |
|-------------------------|-------------------------|--|----------------------------------|
| Asthma<br>Queensland    | Foundation              | Building Asthma Friendly<br>Communities project (purchase of<br>marquee and pull up banners) | \$1,000                          |
| Central<br>Vietnamese ( | Queensland<br>Community | Vietnamese Lunar Festival 'The Year of the Horse'  | \$2,000                          |

## COMMENTARY

Two applications to the Community Assistance Program have been received for a requested amount of \$4,000. The attached spreadsheet gives details of the applications.

The applications have been assessed in accordance with the Community Grants Procedure and recommendations are provided based on the assessment criteria with the grant matrix applied to indicate the recommended funding level.

The assessment panel determined that the application from Asthma Foundation Queensland is a request that is asset/capital in nature. As per the Community Grants Procedure – Community Assistance Program, applicants are required to meet at least 50% of the costs of these items. Accordingly, the panel has recommended that the level of financial support to be provided for the Building Asthma Friendly Communities project be \$1,000.

The Central Queensland Vietnamese Community has sought assistance from Council for its Lunar New Year festival. As per the application, the Lunar New Year is the Vietnamese Community's most important and celebrated day bringing the community together to seek world peace, harmony in the family, and good fortune for the local community in the year ahead. The festival is also an opportunity to share with the local community Vietnamese traditions in food, culture and dance.

The Central Queensland Vietnamese Community group is not yet constituted and incorporated. In order to meet the eligibility criteria for applicants the group has sought assistance from the Central Queensland Multicultural Association requesting that the organization auspice the application for sponsorship.

Based on the assessment criteria this application scored well in terms of the need for the project and positive community outcomes such as inclusive practices and potential to provide opportunities to build community cohesion, connections and pride. The assessment panel has recommended that this project be funded for the requested amount of \$2,000.

Neither applicant has previously received funding from the Community Assistance Program.

## 11.3 ROYALTIES FOR THE REGIONS ROUND 3 EXPRESSIONS OF INTEREST

| File No:             | 2744  |
|----------------------|---|
| Attachments:         | Nil   |
| Responsible Officer: | Robert Holmes - General Manager Regional Services             |
| Author:              | Angus Russell - Coordinator Strategic Infrastructure Planning |

## SUMMARY

This report recommends projects to be submitted as Expressions of Interest to Round Three of the Royalties for the Regions funding program.

### OFFICER'S RECOMMENDATION

THAT Council endorse submitting the following prioritised projects as Expressions of Interest to Round 3 of the Royalties for the Regions funding program:

- 1. Gracemere Industrial Area Roads Project; and,
- 2. Mount Morgan Sewerage Extension.

## COMMENTARY

Applications for Round 3 of the Royalties for the Regions funding program close on 7 February 2014. Council officers recommend the following projects be submitted as Expressions of Interest to Round 3 of the Royalties for the Regions program.

<u>Gracemere Industrial Areas Roads Upgrade Project</u> – The project is an aggregation of upgrades required to Foster Street (\$2.361M), Middle Road (\$4.2M) and Macquarie Street (\$3.5M). The total aggregate value is \$10.061 million and the application will seek \$5 million or approximately 50% funding. These projects have been submitted separately in the previous rounds of the program.

<u>Mount Morgan Sewerage Extension</u> – The project incorporates the initial stages of extension of sewerage network to provide connections to an additional 88 properties including 11 critical sites. The long-term strategy is expected to cost approximately \$4.5 million with the proposed initial stages estimated to cost \$1.8M. The application will seek \$900,000 or 50% of the cost of these initial stages.

## BACKGROUND

Council's applications to Round 1 of the Royalties for the Regions program were unsuccessful. Council's Gracemere Water Supply Augmentation project was shortlisted for Round 2 of the program and Council is currently awaiting advice on the success of its Business Case application for this project.

## PREVIOUS DECISIONS

In relation to Round 2 Expressions of Interest for the Royalties for the Regions program, Council resolved on 23 July 2013, to "endorse the following prioritised list of projects to be submitted to the Royalties for the Regions programs:

- 1. Upgrade of unsealed section of Foster Street to industrial standard;
- 2. Upgrade of Middle Road from Macquarie Street to Capricorn Street;
- 3. Upgrade of Macquarie Street including the Gracemere Creek Crossing; and
- 4. Bring forward Gracemere water supply augmentation.

Council was subsequently invited to submit a Business Case application for the Gracemere Water Supply Augmentation project and on 26 November 2013 Council endorsed submitting the Gracemere Water Supply Augmentation project to the Business Case Application stage of the Royalties for the Regions program Round 2.

## BUDGET IMPLICATIONS

Council has allocated \$1,100,000 in its 2013-14 Budget to the upgrade Middle Road and \$250,000 to the upgrade of Foster Street. Further budget allocations will be required in 2014-15 to complete these two projects. No budget allocation has yet been made for the Macquarie Street upgrade.

There is \$250,000 allocated to the project in the 2013-14 Budget to commence design and construction on the Mount Morgan Sewerage Extension project. Preliminary budget planning suggests the initial stages of the project (\$1.8 million) could potentially be delivered over three to four years in the absence of any grant funding. This will require allocation of \$517,000 per annum between 2014-15 and 2016-17. If the Royalties for the Region application is successful, Council will need to commit \$900,000 to the project and the delivery time could be shortened to 2 years.

## CORPORATE/OPERATIONAL PLAN

The project supports Council's key economic outcomes including —

- Effective Infrastructure Management A community with sufficient, appropriate, cost effective resources, to deliver ongoing growth to the Region to meet community needs and aspirations; and
- Regional Development Increased investment in the Region, through the attraction of new and diverse industry and the creation of long-term employment opportunities.

## CONCLUSION

Development of the Gracemere Industrial Area has been a long-standing priority for Council. Gracemere Industrial Area businesses already employ over 750 staff and addressing the deficient standard of the road network will support growth of existing business and attraction of new industry into the eastern end of the Gracemere Industrial Area. It will also improve the safety of the road network and reduce dust impacts associated with unsealed sections and narrow carriageways.

Mount Morgan is experiencing increasing numbers of failed on-site sewerage facilities within private properties. Over the past 12 months eleven properties have been issued with non-compliance notices for failing on-site wastewater facilities. The proposed extension of the sewerage network will address amenity and public health issues associated with the failure of these aging on-site facilities. The capacity of the Mount Morgan community to contribute significantly to the cost of providing the sewerage system upgrades is limited by its low socio-economic base. Progressive resolution of these issues is important, however, due to financial constraints, it will take many years to compete these projects. Modest funding from Royalties for the Regions would allow Council to bring forward some of these works.

## 11.4 COUNCIL PUBLIC INTEREST DISCLOSURE POLICY AND PROCEDURE

| File No:             | 5238  |
|----------------------|---|
| Attachments:         | <ol> <li>Public Interest Disclosure Policy</li> <li>Public Interest Disclosure Procedure</li> </ol> |
| Responsible Officer: | Ross Cheesman - General Manager Corporate Services  |
| Author:              | Tracy Sweeney - Manager Workforce and Strategy  |

## SUMMARY

The Public Interest Disclosure Policy and the Public Interest Disclosure Procedure are presented to Council for consideration to ensure statutory compliance.

### **OFFICER'S RECOMMENDATION**

THAT Council adopts the Public Interest Disclosure Policy and the Public Interest Disclosure Procedure.

## COMMENTARY

The attached Public Interest Disclosure Policy and the Public Interest Disclosure Procedure are presented to Council for adoption.

The Public Interest Disclosure Policy and the Public Interest Disclosure Procedure shall apply to all Rockhampton Regional Council Councillors, employees and members of the public.

Pursuant with the objectives of the *Public Interest Disclosure Act 2010*, it is intended that Council's policy shall:

- Promote the public interest by facilitating Public Interest Disclosures of wrongdoing in the public sector; and
- Ensure that Public Interest Disclosures are properly made, assessed, and when appropriate, properly investigated and dealt with; and
- Ensure that appropriate consideration is given to the interests of persons who are the subject of a Public Interest Disclosure; and
- Afford protection from reprisals to persons making Public Interest Disclosures.

The Public Interest Disclosure Procedure is designed to:

- Ensure the prompt and efficient action of all disclosures and compliance with the *Public Interest Disclosure Act 2010*;
- Outline the disclosure processes and the required responsibilities of all employees;
- Allow for a prompt investigation into disclosure complaints; and
- Ensure that appropriate action is taken when required.

The Public Interest Disclosure Policy and the Public Interest Disclosure Procedure shall be placed on Council's Internet and Intranet sites.

## BACKGROUND

With the proclamation of the *Public Interest Disclosure Act 2010* the *Whistleblowers Protection Act 1994* was repealed. The State Government implemented this Act to ensure legislation and practices are informed by present day best practices and standards and to guarantee consistency in the handling of public interest disclosures across public sector entities

## LEGISLATIVE CONTEXT

The *Public Interest Disclosure Act 2010* section 28 requires that Council possesses reasonable procedures to deal with public interest disclosures.

Section 28 of Public Interest Disclosure Act 2010 stipulates;

"(1) the chief executive officer of a public sector entity must establish reasonable procedures to ensure that—

(a) public officers of the entity who make public interest disclosures are given appropriate support; and

(b) public interest disclosures made to the entity are properly assessed and, when appropriate, properly investigated and dealt with; and

(c) appropriate action is taken in relation to any wrongdoing that is the subject of a public interest disclosure made to the entity;

(d) a management program for public interest disclosures made to the entity, consistent with any standard made under section 60, is developed and implemented;

(e) public officers of the entity are offered protection from reprisals by the entity or other public officers of the entity.

(2) The chief executive officer of a public sector entity must ensure the procedures are published, as soon as practicable after the procedures are made, on a website that is maintained by the public sector entity and readily accessible to the public.

The Queensland Ombudsman is the oversight agency for the *Public Interest Disclosure Act* 2010 and in accordance with section 60 of the Act the Queensland Ombudsman has established the Public Interest Disclosure Standard No. 1. Council is legislatively required to adhere to the standards established by the Queensland Ombudsman.

In brief The Public Interest Disclosure Standard No. 1 declares that as a minimum –

- 1. The Chief Executive must develop, implement and maintain a management program for public interest disclosures.
- 2. The Chief Executive must develop and implement reasonable procedures for dealing with public interest disclosures.
- 3. The procedures for making public interest disclosures should be referred to in policies and procedures for the handling of complaints to ensure that assessments can be made about which complaints must be treated as a public interest disclosure.
- 4. The Chief Executive must establish a central point with expertise to be responsible for consistent and appropriate assessments; investigating and resolution of disclosures; coordinating the support and protection; and required reporting.
- 5. The Chief Executive must ensure that all disclosures made to the entity or referred to it by another entity or Member of the Legislative Assembly, are assessed.
- 6. An entity receiving a public interest disclosure must first determine whether it is to be referred to another entity. If it is, the referral must be done in accordance with legislative and administrative requirements.
- 7. The Chief Executive must provide the discloser or the entity that referred the disclosure, reasonable information under section 32 of the Act.
- 8. The Chief Executive must determine the level of protection and support appropriate for a discloser by conducting a risk assessment of a reprisal to the discloser and others associated with the discloser.
- 9. The Chief Executive must ensure effective systems and procedures are in place to monitor a discloser's workplace for any signs of reprisal action.

- 10. The Chief Executive must ensure the entity has a secure and confidential reporting system to record a receipt and management of a public interest disclosure as required by the Act.
- 11. Entities must provide the Queensland Ombudsman with specific information about public interest disclosures as agreed by the Queensland Ombudsman.

## LEGAL IMPLICATIONS

It is obligatory for Council to act in accordance with the *Public Interest Disclosure Act 2010* and the Queensland Ombudsman's Public Interest Disclosure Standard No. 1. There are other statutory instruments that need to be considered simultaneously, for example where there are instances of official misconduct both the *Public Interest Disclosure Act 2010* and the *Crime and Misconduct Act 2001* need to be adhered to consistently.

## STAFFING IMPLICATIONS

No additional resources will be required to ensure that Council is legislative compliant. All associated functions and CEO delegated responsibilities pertaining to public interest disclosures will be absorbed by the specialised investigation's team within Workforce and Strategy. Disclosures pertaining to the CEO or a Councillor shall be dealt with in accordance with current statutory provisions.

## CONCLUSION

The Public Interest Disclosure Policy and the Public Interest Disclosure Procedure are presented for Council discussion and adoption in accordance with legislative requirements.

# COUNCIL PUBLIC INTEREST DISCLOSURE POLICY AND PROCEDURE

# **Public Interest Disclosure Policy**

# Meeting Date: 28 January 2014

**Attachment No: 1** 

## PUBLIC INTEREST DISCLOSURE POLICY (STATUTORY POLICY)

#### 1. Scope:

This policy applies to all Rockhampton Regional Council Councillors, employees and members of the public.

#### 2. Purpose:

The purpose of this policy is:

- To acknowledge Council's obligations as a Public Sector Entity as defined in the Public • Interest Disclosure Act 2010.
- To establish Council's commitment to the promotion and proper management of Public . Interest Disclosures.
- . To communicate the rights and obligations, and to outline a framework, within which provides for the correct process for Councillors and employees of Rockhampton Regional Council to make appropriate disclosures.

| Person                        | A human being regarded as an individual, whether or not the individual is a public officer (members of the public).   |
| Proper Authority              | A public sector entity or a member of the Legislative Assembly.   |
| Public Interest<br>Disclosure | All information disclosed to a proper authority about a public interest matter referred to pursuant to s12 and s13 of the <i>Public Interest Disclosure Act 2010.</i>   |
| Public Officer                | All Rockhampton Regional Council's Councillors and employees including persons engaged under a contract of employment   |
| Public Sector Entity          | A committee of the Legislative Assembly, the parliamentary service,<br>a court or tribunal, the Executive Council, a Government department<br>that maintains relevant investigation and/or enforcement powers<br>relating to the nature of the disclosure, a local government and<br>others as prescribed by legislation. |
|                               | A proper authority may include public sector entities such as the<br>Crime and Misconduct Commission, the Public Service<br>Commission, the Queensland Ombudsman, Anti-Discrimination<br>Commission or the Queensland Industrial Relations Commission   |
| Reprisal                      | <ul> <li>A person must not cause, or attempt or conspire to cause, detriment<br/>to another person because, or in the belief that:</li> <li>The other person or someone else has made, or intends to make<br/>a public interest disclosure; or</li> </ul>   |
|                               | • The other person or someone else is, has been, or intends to be, involved in a proceeding under the Act against any person.   |

#### 5. Policy Statement:

In accordance with the objectives of the Act, it is Council policy to:

- Promote the public interest by facilitating Public Interest Disclosures of wrongdoing in the public sector; and
- Ensure that Public Interest Disclosures are properly made, assessed, and when appropriate, properly investigated and dealt with; and
- Ensure that appropriate consideration is given to the interests of persons who are the subject of a Public Interest Disclosure; and
- Afford protection from reprisals to persons making Public Interest Disclosures.

Council recognises the important role Councillors, Council employees and members of the public can play in the identification of cases of maladministration, official misconduct and the misuse of public resources or contraventions giving rise to dangers to public health and safety, the environment or to persons with disabilities.

#### 5.1 Public Interest Disclosures must:

5.1.1 Be made to a proper authority; and

- 5.1.2 Be information about the conduct of another person or another matter if-
  - The person honestly believes on reasonable grounds that the information tends to show the conduct or other matter; or
  - The information tends to show the conduct or other matter, regardless of whether the person honestly believes the information tends to show the conduct or other matter.

|   | Corporate Improvement and Strategy use only |          |   |
|---|---|----------|---|
| Adopted/Approved:<br>Version:<br>Reviewed Date: | Draft<br>1                                  | Section: | Office of the CEO<br>Office of the CEO<br>Page 4 of 6 |

A proper authority includes a public sector entity as defined by section 6 of the Act if the information and the subject of the disclosure relates to the conduct of the entity, or the public sector entity has power to investigate or remedy.

#### 5.2 Information that may be disclosed and who may disclose it

5.2.1 A Public Interest Disclosure can be made by any person about-

- A substantial and specific danger to the health or safety of a person with a disability; or
- The commission of an offence against a provision mentioned in schedule 2\* Act, if the commission of the offence is or would be a substantial and specific danger to the environment; or
- A contravention of a condition imposed under a provision mentioned in schedule 2\* Act, if the contravention is or would be a substantial and specific danger to the environment; or
- The conduct of another person that could, if proved, be a reprisal.

\*Schedule 2 of the ACT specifies particular statutory offences or contraventions involving endangering the environment.

#### 5.2.2 A Public Interest Disclosure can be made by a public officer about—

- The conduct of another person that could, if proved, be-
  - Official misconduct; or
  - Maladministration that adversely affects a person's interests in a substantial and specific way; or
- A substantial misuse of public resources (other than an alleged misuse based on mere disagreement over policy that may properly be adopted about amounts, purposes or priorities of expenditure); or
- · A substantial and specific danger to public health or safety; or
- A substantial and specific danger to the environment.

#### 5.3 Management of Public Interest Disclosures

Council recognises the sensitivities which can be associated with Public Interest Disclosures and the need to maintain public confidence in its process for managing Public Interest Disclosures. To that end Council will:

- Ensure that Public Interest Disclosures are managed appropriately in accordance with the requirements of Act;
- Maintain confidentiality of Public Interest Disclosures received;
- Consider prosecution of any person who provides a false or misleading statement or information to Council with the intention of it being processed as a Public Interest Disclosure;
- Consider prosecution and/or take disciplinary action against any Councillor or Council employee who takes or attempts to take a reprisal action; and
- Ensure that the proper records of Public Interest Disclosures received are maintained, and that the confidentiality of all records created during the investigation and reporting of Public Interest Disclosures is preserved.

#### 5.4 Outcome of Public Interest Disclosures

The outcomes (including information regarding how a PID may be made) are achieved via the Public Interest Disclosure Procedure.

### 6. Review Timelines:

This Policy will be reviewed when any of the following occur:

- 1. After 12 months from policy adoption and on a regular basis thereafter.
- 2. The related legislation is amended or replaced; or
- 3. Other circumstances as determined from time to time by the CEO.

## PUBLIC INTEREST DISCLOSURE PROCEDURE

#### 1. Scope:

This policy applies to all Rockhampton Regional Council Councillors, employees and members of the public.

### 2. Purpose:

This procedure aims to:

- Ensure the prompt and efficient action of all disclosures and compliance with the *Public Interest Disclosure Act 2010*;
- Outline the disclosure processes and the required responsibilities of all employees;
- Allow for a prompt investigation into disclosure complaints; and
- Ensure that appropriate action is taken when required.

| W&S                  | Workforce and Strategy  |

#### 5. Procedure:

Everyone plays an important role in identifying cases of maladministration, official misconduct and the misuse of public resources or contraventions giving rise to dangers to public health and safety, the environment or to persons with disabilities.

All disclosures will be handled in the same manner regardless if the disclosure is made from a person or a public official.

Disclosures must be made to the proper authority, namely a public sector entity and Council can only pursue disclosures where the information and the subject of the disclosure relates to the conduct of Council or that Council has the power to investigate.

#### 5.1 Responsibilities

#### 5.1.1 Chief Executive Officer and General Managers

The Leadership Team members are responsible for ensuring:

- The communication of expectations that all employees are required to conduct their duties to high professional and ethical standards and always act in the public interest, (Code of Conduct);
- Reasonable procedures are in place to deal with a disclosure and that those procedures are published to enable persons and public officials to access them;
- That disclosures are properly assessed, investigated and dealt with, including appropriate action being taken in relation to any wrongdoing in a disclosure;
- That employees making a disclosure receive support and protection from reprisal;
- That all legislative obligations in relation to reporting and investigation are met; and
- That all matters involving suspected official misconduct are referred to the Crime and Misconduct Commission pursuant to the Crime and Misconduct Act 2001. Refer to Council Reporting Official Misconduct Policy and Procedure.

| Corporate Improvement and Strategy use only     |            |          |   |  |
|---|------------|----------|---|--|
| Adopted/Approved:<br>Version:<br>Reviewed Date: | Draft<br>1 | Section: | Office of CEO<br>Office of CEO<br>Page 4 of 7 |  |

#### 5.1.2 Supervisors

All supervisors are responsible for maintaining an ethical culture and leading by example to:

- Provide clear direction to employees on how to raise matters that involve official misconduct, while maintaining confidentiality and natural justice;
- Ensure that employees in their operational area are aware of their obligations in relation to the requirements of the Public Interest Disclosure Policy and this procedure; and
- Monitor the workplace for signs of reprisal against a Discloser or an employee who is the subject of a disclosure under the principles of natural justice.

#### 5.1.3 Employees

All employees are responsible for:

- Complying with the Public Interest Disclosure Policy and this procedure and Council's Code of Conduct;
- Reporting their concerns about suspected misconduct or unethical behavior in accordance with the Public Interest Disclosure Policy and this procedure; and
- · Participating in various awareness training programs.

#### 5.2 Making a Disclosure

- **5.2.1** A disclosure can be made in writing (preferable) or orally and anonymously, although a person making an anonymous disclosure should disclose as much information as possible to enable Council to respond appropriately.
- **5.2.2** The disclosure will be forwarded to the responsible officer within W&S who will assess the disclosure and determine whether it constitutes a disclosure and whether it requires investigation or referral to another unit or State Government agency. The responsible officer will make a recommendation to appropriate senior management and a statement of reasons for action before proceeding with an investigation or another course of action.
- **5.2.3** Any disclosures pertaining to the CEO or a Councillor shall be dealt with in accordance with current statutory provisions.
- **5.2.4** A person should disclose anything that they think may constitute a disclosure, and be prepared to provide evidence to support the disclosure to the investigating officer. All disclosures will be treated with strict confidentiality and shall not be discussed (including any correspondence) with any other person other than chosen support persons.
- **5.2.5** Under <u>section 46</u> of the Act, Disclosers have a right of appeal or review, internally and externally on the management of and/or a decision regarding their disclosure. External review avenues include the Queensland Ombudsman and the Crime and Misconduct Commission.
- **5.2.6** Some disclosures are not protected by the Act, including disclosures made to the media, frivolous or vexatious disclosures, those that question the merits of Council policy and those that are made to avoid disciplinary action.

| Corporate Improvement and Strategy use only |            |           | e only                         |

- **5.2.7** To intentionally make a false disclosure is an offence under *section 66* of the Act.
- **5.2.8** Disclosures can be made directly to the Crime and Misconduct Commission regarding misconduct, or the Ombudsman concerning maladministration or a Member of Parliament.

#### 5.3 Support and Protection

- **5.3.1** Management and responsible officers from W&S must treat all disclosures in the strictest of confidence, including disclosures which do not qualify as an actual disclosure as defined in legislation. All concerns are taken seriously and privacy and confidentiality must be protected as far as possible throughout any investigation process.
- **5.3.2** As an employee you may share information with Council's Employee Assistance Program provider, your union representative or an appointed support person.
- **5.3.3** Under section 36 of the Act a person is not liable civilly, criminally or under an administrative process for making a disclosure. An employee cannot be dismissed on the basis of making a disclosure or intending to make a disclosure in accordance with the Act.
- **5.3.4** Council is responsible under the Act for preventing any disclosures from reprisals and bullying, under *section 40* of the Act it is also an offence for an employee to make a reprisal because of a belief that another person has made or intends to make a disclosure.
- **5.3.5** If a person feels as though they have been disadvantaged or subjected to a reprisal for making a disclosure they should raise the matter immediately with their senior management or W&S.
- **5.3.6** Council will ensure that all people involved in an investigation of a disclosure, either as a Discloser or subject, will be offered an appropriate level of support and case management. Action will be taken to ensure where possible that people's identities and the details of the disclosure remain confidential.
- **5.3.7** Subject officers are assumed to be innocent of any adverse allegations until there is evidence to the required standard of proof to show otherwise. The rules of natural justice apply to any subject officer under investigation in respect of an allegation made against them.
- **5.3.8** It is the responsibility of the responsible W&S officer to provide feedback to the Discloser about the progress and the outcome of the disclosure. Council also undertakes to keep the Discloser who is not a public officer informed of the progress of their disclosure.
- **5.3.9** Any apparent conflict between disclosure and confidentiality is risk managed by Council through a clear focus on the prevention of fraud, wrongdoing and unethical behaviour.

#### 5.4 Workforce and Strategy Responsibilities

**5.4.1** Once Council receives a disclosure it is referred to the responsible W&S officer to ensure that the matter meets the criteria under the Act and if so the responsible officer prepares recommendations for appropriate management consideration.

#### Corporate Improvement and Strategy use only

Adopted/Approved: Draft Version: 1 Reviewed Date:

 Page 6 of 7

- **5.4.2** If a disclosure pertains to an administrative action, environment or safety concerns the responsible officer refers the disclosure to the relevant Council section or the appropriate State Government Department or agency.
- **5.4.3** If a disclosure requires an investigation, responsible officers within W&S commence the processes outlined within Council's Investigation Procedure. In some instances certain investigations may be referred to external organisations for referral or completion.
- **5.4.4** The responsible officer within W&S will liaise directly with the relevant State Government Department or agency as required, maintain the required registers, and complete all legislative reporting requirements.
- **5.4.5** Where a disclosure investigation has identified a discipline breach, the responsible W&S officer makes the appropriate recommendations for action in accordance with Council's Discipline Procedure and Human Resource Management Delegations Policy for the relevant management's consideration.
- **5.4.6** W&S will update the appropriate senior management on the progress of any disclosure investigations and processes.
- **5.4.7** W&S facilitates educational awareness programs pertaining to the Public Interest Disclosure Policy and this procedure.

#### 6. Review Timelines:

This Procedure will be reviewed when any of the following occur:

- 1. The related information is amended or replaced; or
- 2. Other circumstances as determined from time to time by the Chief Executive Officer.

#### 7. Responsibilities:

## 11.5 DEVELOPMENT INCENTIVES POLICY

| File No:             | 5233  |
|----------------------|---|
| Attachments:         | Nil   |
| Responsible Officer: | Evan Pardon - Chief Executive Officer             |
| Author:              | Robert Holmes - General Manager Regional Services |

## SUMMARY

The Council adopted the Development Incentives Policy in December 2013 and it has already generated a strong level of inquiry. On reflection, the Policy has omitted to include an area where the Council has encouraged development in the past and should further encourage in its overall strategy to see the Rockhampton CBD area grow. That is the area bounded by North Street, Victoria Parade, Cambridge Street and Alma Street and residential uses (hotels, motels and serviced apartments) should be encouraged in that area to provide markets and impetus for growth in the CBD. Council's endorsement of an amendment to the Development Incentives Policy to incorporate residential development in that area with a 50% Infrastructure Charges discount applicable is sought.

## OFFICER'S RECOMMENDATION

THAT the Development Incentives Policy be amended to include an applicable 50% Infrastructure Charges discount on residential development in the area identified as Precinct 1 – Special Use Precinct, Inner City North Cultural with Part 2 – General Incentives of the Policy also being applicable to residential development in that area.

## COMMENTARY

At the Continuing Council Committee meeting held 11 December 2013, the Council adopted the Development Incentives Policy to provide incentives for particular developments that will deliver significant and sustainable economic development and growth outcomes in alignment with Council's planning objectives. The Policy was promoted with the development community and has generated interest in the various components and the development opportunities afforded.

On reflection, the Policy has omitted to include an area for development that the Council has encouraged in the past and should further encourage in its overall strategy to see the Rockhampton CBD area, and hence the regional economy, grow. That is the area bounded by North Street, Victoria Parade, Cambridge Street and Alma Street and residential uses (ie hotels, motels and serviced apartments) should be encouraged in that area to provide markets and impetus for growth in the CBD as well as provide for commercial/residential mixed use development. At the present time hotels, motels and serviced apartments receive no concession if they are built in this area which is also likely to include a reasonable proportion of commercial expansion.

In the current Rockhampton City Plan, the area bounded by Victoria Parade and North, Alma and Cambridge Streets is designated as Precinct 1 – Special Use Precinct, Inner City North Cultural and is identified as containing a range of uses including housing, motels, commercial uses and cultural/entertainment facilities.

## PREVIOUS DECISIONS

As indicated earlier, the Development Incentives Policy was adopted by Council at its Continuing Council Committee meeting held 11 December 2013.

## **BUDGET IMPLICATIONS**

This amendment to the policy will not significantly increase the budget impact of the current Policy.

## CONCLUSION

Council's endorsement of an amendment to the Development Incentives Policy to incorporate that area for residential development and outlined above is recommended.

## 11.6 ADOPTION OF COUNCILLOR ACCEPTABLE REQUEST GUIDELINES POLICY

| File No:             | 2562  |
|----------------------|---|
| Attachments:         | 1. Councillor Acceptable Request Guidelines<br>Policy |
| Responsible Officer: | Evan Pardon - Chief Executive Officer                 |
| Author:              | Shane Turner - Manager Governance Support             |

## SUMMARY

The Councillor Acceptable Request Guidelines Policy has been reviewed and is presented for adoption by Council.

## **OFFICER'S RECOMMENDATION**

THAT Council adopts the revised Councillor Acceptable Request Guidelines Policy as attached to the report.

## COMMENTARY

The Councillor Acceptable Request Guideline Policy, number POL.A2.8 has been reviewed and is presented to Council for adoption. There have been some legislative changes since the policy was first adopted and these changes have been taken into consideration during the review. It is a legislative requirement for Council to have a policy addressing how Councilors may make requests for information to council officers.

## PREVIOUS DECISIONS

Council adopted the Guidelines for Councillor Requests for Information Policy A2.8 on 12 October 2010. This policy had a review date of March 2012.

## BUDGET IMPLICATIONS

Nil

## LEGISLATIVE CONTEXT

Section 170 A of The Local Government Act 2009 requires that Council has a process for how Councillors may request advice or information to be provided by Council officers to assist the Councillor to carry out his or her responsibilities under the Local Government Act and reasonable limits on requests that the Councillor may make.

## LEGAL IMPLICATIONS

Nil

## CONCLUSION

There is a statutory requirement on Council to adopt Acceptable Request Guidelines for Councillors. The current policy required review due to legislative changes and is attached for Council's adoption.

# ADOPTION OF COUNCILLOR ACCEPTABLE REQUEST GUIDELINES POLICY

# Councillor Acceptable Request Guidelines Policy

Meeting Date: 28 January 2014

**Attachment No: 1** 

# COUNCILLOR ACCEPTABLE REQUEST GUIDELINES POLICY

# STATUTORY POLICY

# 1. Scope:

This policy applies to Councillors and employees of Rockhampton Regional Council.

# 2. Purpose:

This policy provides direction in accordance with Section 170 A of the *Local Government Act 2009*, the interaction between Councillors and employees regarding a Councillor asking an employee for information and advice to assist the Councillor to carry out his or her responsibilities under the *Act*; and also to set reasonable limits on requests that a Councillor may make.

# 5. Policy Statement:

The following protocol guides all day-to-day communication between Councillors and employees of Rockhampton Regional Council:

# 5.1 Interaction - Councillor/Employee

- **5.1.1** Every reasonable assistance will be provided to Councillors in the exercise of their role and the performance of their duties.
- **5.1.2** Employees must not approach Councillors to discuss any matter relating to the terms and conditions of their employment with the Council.
- **5.1.3** Councillors must not discuss, with employees, any matter relating to the terms and conditions of their employment with Council.
- **5.1.4** Councillors are to consult the Schedule of Employees (Clause 6) to determine which employee may be contacted on specific issues. If in doubt, the CEO or the relevant GM should be contacted to ascertain the appropriate employee referral.
- **5.1.5** Councillors and employee interaction shall, at all times, be carried out in a professional manner with due regard to each other's respective position.

# 5.2 Directions to Employees

# 5.2.1 Mayor

The Mayor has a responsibility to direct the CEO and senior executive employees, in accordance with Council's policies. (S12(4) and S170(1) of the Act.)

# 5.2.2 Councillors (including the Mayor)

No Councillors, including the Mayor, may give a direction to any other employees about the way in which the employee's duties are to be performed (S170(2) of the Act) except as allowed in the above clause.

# 5.2.3 Employees

If an attempt is made by a Councillor to direct an employee, the employee must report this matter to the CEO directly or through the employee's GM so that the matter can be addressed with the Councillor concerned.

# 5.3 Information or Advice (Councillors)

- **5.3.1** Councillors may request the CEO for information or advice on any matter relating to the administration or management of any aspect of Council's affairs. However information or advice requests related to employee personnel files, ongoing confidential internal or Crime & Misconduct Commission, or Queensland Police Service investigations will be limited to protect the investigation. If in doubt contact the CEO for direction.
- **5.3.2** Councillors may request a GM for information or advice on any matters relating to the responsibility of the department.
- **5.3.3** Councillors have access to dedicated Executive Support Officers to facilitate Councillor's responsibilities with the primary aim to administer Councillor requests for information and or advice. These officers are responsible for logging ALL the Councillors requests for action into the Customer Request System.
- **5.3.4** A request for information or advice must identify the proposed decision that the Councillor needs information or advice on.
- **5.3.5** Councillors attending a general or committee meeting may request information or advice from an officer. This may be an officer other than the CEO or a GM, where such officer is attending the meeting as the responsible officer of a specific report for the purpose of providing professional advice or as a delegate/representative of the CEO or a GM.
- **5.3.6** Councillors may approach any employee for information where the employee in question normally provides information to the general public, providing that the information given is not more or less than that which would be given if the Councillor were an ordinary member of the general public and providing that the same conditions of access apply.

# 5.4 Information or Advice (Employees)

- **5.4.1** Employees must not comply with request for information or advice from Councillors which are contrary to these guidelines. Where such requests are received, a report must be made either direct to the CEO or to the CEO through the employee's GM so that the matter can be addressed with the Councillor concerned.
- **5.4.2** Where they are residents within the Rockhampton Region, employees have constituents' normal rights of access to Councillors providing that such rights are exercised out of working hours.
- **5.4.3** Except in circumstances mentioned in the above clause, employees must not, without first informing the CEO, approach Councillors to discuss any matter relating to the administration or management of any aspect of the Council's affairs.
- **5.4.4** Any response to a Councillor must have due regard to the provisions of relevant legislation including the *Local Government Act 2009, Local Government Regulation 2012,* other Acts and Regulations, Council's Local Laws, Policies, Corporate Plan, Operational Plan, Annual Budget, and the nature of the environment in which work is performed.
  - 5.4.5 Employees must ensure, at all times, that requests for assistance

involving the expenditure of capital funds or the use of resources not specifically provided for in the Capital Budget, are referred to the relevant GM. This could involve obtaining a Council resolution or budget amendment to authorise the work.

# 6. Schedule of Employees

- **6.1** Officers designated as Band 1, 2 or 3 in the Human Resource Management Delegations Policy; or
- **6.2** If the request relates to a Council or Committee Meeting report, the Councillor can contact the Responsible Officer named on the report title page.
- **6.3** Councillors must contact their Executive Support Officer for allowable support services including:
  - General information requests;
  - Logging service type requests;
  - Customer requests;
  - Diary management;
  - Research in line with Councillor responsibilities; and
  - Drafting of Councillor related correspondence
- **6.4** Councillors are also able to lodge Customer Service Requests with the Council's Customer Service Centre.
- **6.5** Councillors All contact with Council officers detailed above must be within normal office hours unless otherwise approved by the CEO and be to either the officer's Rockhampton Regional Council email address, Officer's Council land line or Council issued mobile phone or in person at a Council Office or at another location by agreement if required for an onsite inspection or meeting relevant to the request.

# 7. Review Timelines:

This Policy will be reviewed when any of the following occur:

- 1. As required by Legislation;
- 2. The related information is amended or replaced; or
- 3. Other circumstances as determined from time to time by Council.

# 8. Responsibilities:

| Sponsor                | Chief Executive Officer            |
|------------------------|------------------------------------|
| Business Owner         | Chief Executive Officer            |
| Policy Owner           | Manager Governance Support         |
| Policy Quality Control | Corporate Improvement and Strategy |

# SUMMARY

Manager Finance presenting the October Revised Budget for Council adoption with explanatory notes.

# OFFICER'S RECOMMENDATION

THAT in accordance with the s.170 of Local Government Regulation 2012, the Revised Budget be adopted.

# COMMENTARY

The Annual Budget for the 13/14 year was adopted in late June 2013, incorporating 6 months of Livingstone operations and capital to the 31 December 2013. In August, the capital program for 2013/14 was amended for those capital projects that were not completed in the 12/13 financial year. By incorporating the carryover projects, this took the capital program from \$92 million to \$121 million which it is recognised could not be achieved. At the end of October, Managers were asked to revise their budgets with the following considerations in mind:

- Address any anomalies that may have arisen with the removal of the 6 months Livingstone figures
- Reduce the capital program back to what can be achieved to avoid capital funding being made available unnecessarily.

In this revised budget, the capital program has been reduced to \$110.9 million as well as an improvement to the operational result of \$3.7 million. It is proposed to leave \$10.6 million of the funding in reserve to be made available for the 14/15 budget. This is a conservative approach pending the final figures as at 31 December which will enable the final cash transfer for Livingstone and a better analysis of the results for the first six months.

The major movements in this budget amendment are:

- Reduction of Federal Assistance Grants to \$4.2 million. At the end of the 12/13 financial year we received an advance payment of \$4.6 million, representing 2 quarterly payments, this was transferred to reserve to be made available for the 13/14 budget year. There have been two further changes to FAG's since the adopted budget:
  - The overall (RCC & LSC) Grant Funding Available was reduced by \$415,392
  - The transfer committee agreed to split FAGS based upon allocations preamalgamation.

After these adjustments, the impact to Rockhampton's budget was a shortfall of \$352,000.

- Reduction of depreciation expense of \$7.7 million representing the estimated depreciation of Livingstone non-current assets. Under Australian Accounting Standards all of Livingstone Non Current assets were re-classified as "assets held for sale" which means they should not be depreciated.
  - Improvement in plant hire results of \$898,000

• Reduction of capital expenditure of \$10.4 million – major movements being:

| Cost Centre                    | Project   | \$ Movement | Description                                     |

| CP785/Process<br>Sewerage           | Sewerage Pump Station<br>Ramsay Creek (987943)                  | 520679    | Deferred  |
|                                     | Gracemere Duckponds<br>Irrigation(987943)                       | 200,000   | Added     |

A further revised budget will be undertaken at the end of February 2014. This will allow the budget to incorporate the final results for the Livingstone operations and allow managers to review two months of Rockhampton's remaining operations. The 14/15 Budget will need to be done from a zero base more than ever with many of the budget items requiring analysis for the Continuing Rockhampton Regional Council.

The revised budget has been prepared with the formal paperwork for adoption in line with s.170 of the Local Government Regulation 2012. It should be noted that as there is no Changes to Council's Revenue Policy or Revenue Statement proposed in this amendment, they have not been re-attached or re-adopted.

# Key Indicators

A requirement of the Regulation is that 3 measures of Financial Sustainability be reported with each budget and budget amendment. These can be summarised below which shows that all three ratios have improved since budget:

|    | Indicator                                 | Target | 13/14 Adopted<br>Budget | 13/14 Budget<br>October Budget<br>Amendment |
|----|---|--------|-------------------------|---|
| 1. | Operating<br>Surplus Ratio                | >0%    | 0.5%                    | 2.3%  |
| 2. | Net Financial<br>Asset/Liability<br>Ratio | <60%   | 65.8%                   | 63.7%                                       |
| 3. | Asset<br>Sustainability<br>Ratio          | >90%   | 115.8%                  | 131%  |

Changes in the future Financial Years to Long Term Financial Plan

With each Budget Adoption or amendment, the forward financial figures need to be shown. After some discussion with Queensland Treasury Corporation and a review of current indicators, the base assumption for Consumer Price Index and Council Cost Index has been reduced by 0.7% and 1.7% respectively. The assumption for Consumer Price Index into the future is now 2.5% per annum and Council Cost Index is 3.5% per annum. This has impacted on all future figures, but is a more conservative view, especially now that Council is in a surplus position. More discussion around the forward plan will commence within Budget workshops near to the end of February.

# CONCLUSION

The October budget amendment is presented for adoption which was undertaken primarily to address the high value of the Capital Program. Capital has been reduced by \$10.4, with the funds remaining in reserve to be undertaken in the 14/15 year. It is intended there will be a further budget revision at the end of February which will facilitate the finalised figures for 31 December around de-amalgamation and the final balance transfers to Livingstone Shire Council.

| Author:              | Alicia Cutler - Manager Finance                    |

## SUMMARY

The fees and charges schedule has been revised to remove those fees that relate to the Livingstone Shire area specifically. This schedule is an updated schedule of Rockhampton Regional Fees and Charges which is intended to apply until 30 June 2014.

## **OFFICER'S RECOMMENDATION**

THAT in accordance with the requirements of the Local Government Act 2009 it is recommended that Council adopt the Fees and Charges schedule for the remaining 2013-14 financial year.

# COMMENTARY

The fees and charges proposed for the remaining 2013-14 financial year are provided in the attached schedule and outline the heads of power for each fee/charge.

## BACKGROUND

The fees and charges listed are the existing fees and charges as adopted by Rockhampton Regional Council for the 2013-14 financial year minus the fees and charges that relate to the Livingstone Shire Council area. The current Rockhampton Regional Council schedules were reviewed in March 2013 and adopted for the 2013-14 year. The complete schedules have been reviewed and all fees that are applicable to Rockhampton Regional Council activities are included in the new schedules.

# **BUDGET IMPLICATIONS**

As stated the fees and charges set by the schedules attached form a significant part of Council's Revenue Raising requirements and provide the source of funding and/or contribution to programs delivered by Council.

The fees and charges are set in conjunction with the Budget each year to ensure appropriate and responsible revenue raising.

# LEGISLATIVE CONTEXT

Sections 97 and 262 of the Local Government Act apply to the setting of fees and charges and have been applied.

### CONCLUSION

The fees and charges for 2013-14 are set under the provisions of the Local Government Act and are to be applied in this case from the 1<sup>st</sup> January 2014. Council is required to make a resolution to adopt all such fees and charges and this is proposed in the recommendation.

Upon approval by Council the newly adopted fees and charges schedule 2013-14 is to be uploaded and presented on the Council's website.

If further review is required, the fees can be re-presented to a subsequent meeting for adoption.

# 12 STRATEGIC REPORTS

# 12.1 FITZROY AGRICULTURAL CORRIDOR

| File No:             | 2831  |
|----------------------|---|
| Attachments:         | 1. Fitzroy Industry & Infrastructure Study fact<br>sheets |
| Responsible Officer: | Evan Pardon - Chief Executive Officer                     |
| Author:              | Rick Palmer - Manager Economic Development                |

# SUMMARY

This report outlines the results of the Fitzroy Industry and Infrastructure Study and considers ways in which the Fitzroy Agricultural Corridor (FAC) may be progressed.

# OFFICER'S RECOMMENDATION

THAT:

- a) The Mayor, Deputy Mayor and Chief Executive Officer meet with the Minister for Agriculture, Fisheries & Forestry, the Hon Dr John McVeigh MP and, among other issues, push the recognition of the Fitzroy Agricultural Corridor precincts in stage 2 of the audit of prime Queensland agricultural land; and
- b) A submission be made to the Federal Government's Northern Australia Committee regarding the Fitzroy Agricultural Corridor.

# COMMENTARY

The Fitzroy Industry and Infrastructure Study started in 2002 and was concluded five years later in 2007.

It was created to develop an agreed position on the industrial development opportunities of the Lower Fitzroy Basin and its infrastructure requirements. This was to result in an action/ sequencing plan for industrial development, infrastructure provision and investment attraction.

In general, the study recommended the further development of the Gracemere-Stanwell Industrial Corridor and the creation of the Fitzroy Agricultural Corridor (FAC), in an area about 10km beside the Fitzroy River between the junction of the Dawson and McKenzie Rivers to form the Fitzroy River and the Fitzroy River barrage.

The FAC has nine precincts. Precincts 1-3 are in the Livingstone Shire, precincts 4-8 in the Rockhampton Region and precinct 9 in the Central Highlands Region.

The agricultural corridor was expected to focus on intensive livestock industries, particularly beef cattle feedlots. Some horticultural developments were also expected.

The industrial plants to process the produce produced in the agricultural corridor were to be based in the Gracemere-Stanwell Industrial Corridor.

# Reports

The study resulted in the development of the following reports:

- a) Economic Evaluation, volume 1, Assessment of Direct Economic Inputs by Economic Associates
- b) Economic Evaluation, volume 2, Cost Benefit Analysis by Economic Associates
- c) Industrial Development Study by KPMG
- d) Human Health Risk Analysis by GHD
- e) Animal Heat Stress Risk Analysis by Keystone Environmental

- f) Land Suitability Study by GHD
- g) Nutrient Export Risk Analysis by GHD

# **Information Sheets**

Nine information sheets were prepared which were used as part of the study's community consultation. These involved:

- a) Study overview
- b) Development of the proposed plan
- c) Summary results of the technical studies
- d) Beef cattle feedlots
- e) Feedlot approval process
- f) Feedlot assessment and environmental impact
- g) Gracemere-Stanwell Industrial Corridor
- h) Infrastructure development
- i) Landholder options for the agricultural corridor

Copies of the information sheets are attached to this report.

The reports and accompanying maps and the information sheets were included in a study CD.

# **Community Consultation**

The DPI consulted with the precinct landholders and with primary producers generally once the study was completed in 2007.

While there was good general interest, these consultations did not immediately result in the development of any beef feedlots or any new horticultural ventures.

# Queensland Government

In 2013 the Queensland Government released *Queensland's Agriculture Strategy* to double agricultural production by 2040.

Their 2040 vision for Queensland's agriculture, fisheries and forestry industries is "for an efficient, innovative, resilient and profitable sector that thrives in the long term.

"This means creating a sector that:

- Achieves maximum productivity with optimised inputs and minimised waste
- Embraces solutions that value-add and meet new requirements and market demands
- Withstands and recovers quickly from difficult conditions
- Yields profits and financial rewards for its producers and the economy"

The development of the precincts in the FAC could play a significant part in helping the State double its agricultural production.

On 24 May 2013 the Mayor wrote to the Minister for Agriculture, Fisheries & Forestry, the Hon Dr John McVeigh MP seeking to have the nine precincts recognized as priority agricultural area and enquiring about construction of the Rookwood Weir and raising of Eden Bann Weir.

The Minister replied pointing out the Queensland Agricultural Land Audit was moving into a second stage in which the importance of the nine FAC precincts could be considered.

# Federal Government

The Federal Government's Northern Australia Committee has started an inquiry to identify future economic growth in sectors including agriculture, defence and tourism.

The committee is considering new initiatives to develop parts of Australia which lie north of the Tropic of Capricorn.

One of the goals suggested for the Northern Australia Committee is to develop a food bowl, including premium produce, which could help double Australia's agricultural output by 2030.

The case for the FAC should be included in such an inquiry to ensure the concept is on the table if government funding is sourced in the future.

Member for Capricornia Michele Landry has urged Rockhampton's civic leaders to put forward developments such as FAC for consideration by the Northern Australian Committee.

# BACKGROUND

Initially FIIS involved the following partners:

- Department of State Development
- Fitzroy Shire Council
- Rockhampton City Council
- Stanwell Corporation Limited
- Rockhampton Regional Development Limited

The Department of Primary Industries & Fisheries and Department of Infrastructure later became partners and Livingstone Shire Council joined in 2005/06.

# Fitzroy AgInvest Summit

In an attempt to stimulate further interest the DPI and Council held the Fitzroy AgInvest Summit, which was based on the study's material, at the DEEDI Conference Centre at Yeppoon Road, Rockhampton on 30 June 2010.

Speakers included:

- a) Peter Donaghy from DEEEDI spoke on the Fitzroy agribusiness precincts (formerly the nine Fitzroy Agricultural Corridor precincts)
- b) Australian Agricultural Company provided a feedlotter's perspective about the precincts
- c) Teys Bros provided a meat processor's perspective
- d) Department of Environment & Resource Management spoke about Fitzroy Basin water management
- e) Harvest Capital Partners spoke on equity investment in Australian agriculture

# **BUDGET AND STAFFING IMPLICATIONS**

The development of the FAC can be undertaken by Council's Economic Development Unit and will not require funds in addition to those included in the 2013-24 budget.

# FITZROY AGRICULTURAL CORRIDOR

Meeting Date: 28 January 2014

Attachment No: 1

# Fitzroy Industry & Infrastructure Study

# A vision for the lower Fitzroy region

The Fitzroy industry and infrastructure Study (FIIS) was initiated to explore sustainable industry development opportunities for the lower Fitzroy region.

The concept aims to create long-term economic growth and employment opportunities for the area while preserving the lifestyle of its residents.

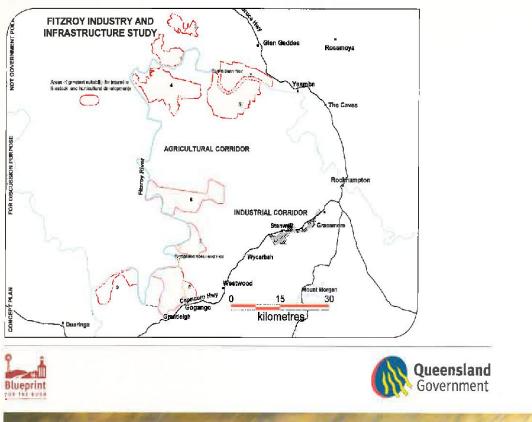

In 2002 industry, State government and local councils formed a partnership to assess a number of development opportunities and identify those that would best complement the local economy. The focus would be on those opportunities that would have real potential for success while not adversely affecting the environment or community. Development of specialist corridors

The FIIS Analysis of Industry Development Opportunities identified two corridors of land as being the most suitable for future development:

1. Gracemere-Stanwell Industrial Corridor

2. Lower Fitzroy Agricultural Corridor.

These dedicated areas would provide complementary facilities focused on adding value to the mineral and cattle production for which Central Queensland is well known, and create more job opportunities for the region.

# Industrial corridor

The Gracemore-Stanwell Industrial Confider is already

underway, with its development control plan adopted by Fitzroy Shire Council in 2002, The Corridor includes areas of land from Gracemere through to and including the Stanwell Power Station and Energy Park, Within the Energy Park, there will be a focus on heavy industry. Other industry (eg. food processing, stockfeed manufacture and services to support coal mining) would take place in the areas adjacent to the Energy Park.

## Lower Fitzroy Agricultural corridor

After analysing trends in market demand and investor interest, the Lower Fitzroy Agricultural Corridor (consisting of nine potential development areas) is expected to centre on intensive livestock industries, particularly beef cattle feedlots. Significant demand was identified for producing grain-fed cattle for the high-value export markets, and for increasing supply to the region's meat-processing plants. Some horticultural developments are also expected.

Within the corridors, the Queensland Government will continue to ensure that infrastructure exists to support business development and is compatible with the lifestyles of local residents.

# **Technical studies**

Since completion of the Analysis of Industry Development Opportunities Report (2003), the Queensland Government has commissioned a number of technical studies to ascertain the overall sustainability (environmental and economical) of the proposed activities. Studies completed are:

- Land suitability study (2006)
- Health risk assessment (2006)
- Heat stress incidence report (2006)
- Economic assessment report (2007)
- Environmental assessment report (2007).

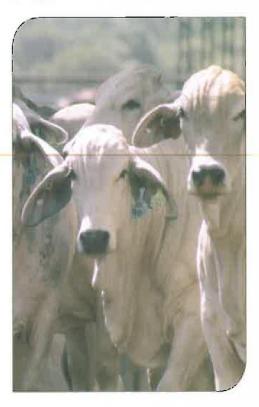

To date the studies show that the development can proceed with minimal concerns.

#### Public consultation and feedback

Local residents, business owners and the public are now invited to obtain information and offer feedback about the proposed FIIS development, or identify other issues that they feel may not have been considered.

#### To do so, please:

- visit the information displays at the Rockhampton State Development Centre (corner of Fitzroy and Bolsover Streets) or the Department of Primary Industries and Fisheries Rockhampton (corner of Bruce Highway and Yeppoon Road), where copies of the technical studies will be available
- visit the website at www.infrastructure.qld.gov.au/fiis
- contact the Department of Primary Industries and Fisheries Business Information Centre on 13 25 23 (local call) to obtain copies of documents or to speak with a project representative
- email comments to fils@infrastructure.qld.gov.au
   post comments to
- FIIS Coordinator Department of Infrastructure PO Box 15009 City East Qld 4002
- fax comments to (07) 3225 8158.

# Fitzroy Industry & Infrastructure Study

# The vision

The Fitzroy Industry and Infrastructure Study (FIIS) is a partnership between industry, State government and local councils. The objective is to access development opportunities for the lower Fitzroy area to sustain the region's economic growth.

# Project partners in the FIIS

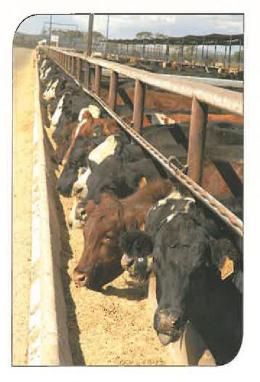

The funding and support for this project has been provided by:

- Rockhampton City Council
- Fitzroy Shire Council
- Livingstone Shire Council
- Rockhampton Regional Development Limited
- Department of Infrastructure
- Department of State Development
- Department of Primary Industries and Fisheries
- Stanwell Corporation.

# How the FIIS developed

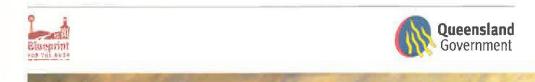

The FIIS has identified those opportunities that best complement the local economy and would have real potential for success while not adversely affecting the environment or community.

Since the identification of the opportunities, more intensive studies have been conducted to establish how these could be achieved. This included consideration of the infrastructure required for the expected development and an assessment of the environmental sustainability of the development sites for the proposed activities (eg. intensive livestock production).

The feedlot cattle industry, a key to the growth of the lower Fitzroy area.

The proposed development scenario and the associated studies are now being released to the community and key stakeholders to ensure awareness of the proposed development direction and allowing an opportunity to identify any additional issues for consideration.

## Industries for the FIIS region

The FIIS Analysis of the Industry Development Opportunities Report identified two corridors of land as being the most suitable for future development:

- Gracemere-Stanwell Industrial Corridor, with a mix of large-scale energy-intensive industry and medium intensity manufacturing industry
- 2. Lower Fitzroy Agricultural Corridor for intensive animal production and horticultural activities.

The Gracemere-Stanwell Industrial Corridor is already underway, with its development control plan adopted by Fltzroy Shire Council in 2002 and incorporated into the Shire's Planning Scheme. The Corridor includes areas of land from Gracemere through to and including the Stanwell Power Station and Stanwell Energy Park.

# Fitzroy Agricultural Corridor

The Agricultural Corridor is suitable for beef cattle feedlots due to the:

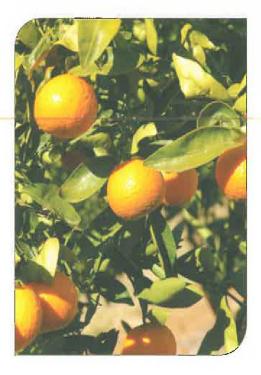

- suitability of soils
- access to water from existing and proposed new structures on the Fitzroy River
- proximity to the under-utilised abattoir capacity in Rockhampton
- benefits of increasing the consistent supply of higher-value cattle to abattoirs
- strong regional brand identification as the beef capital of Australia
- strong domestic and export demand for grain-fed (ie. feedlotted) beef.

# Public consultation and feedback

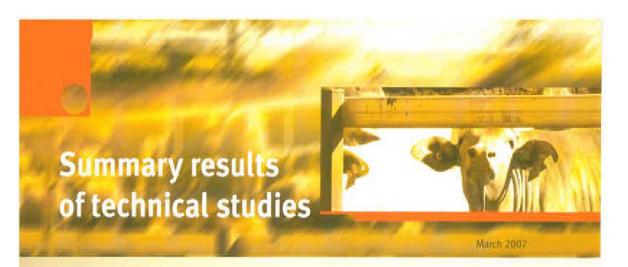

Local residents, business owners and the public are now invited to obtain information and offer feedback about the proposed FIIS development, or identify other issues that they feel may not have been considered.

#### To do so, please:

- visit the information displays at the Rockhampton State Development Centre (corner of Fitzroy and Bolsover Streets) or the Department of Primary Industries and Fisheries Rockhampton (corner of Bruce Highway and Yeppoon Road), where copies of the technical studies will be available
- visit the website at www.infrastructure.qld.gov.au/fils
- contact the Department of Primary Industries and Fisheries Business Information Centre on 13 25 23 (local call) to obtain copies of documents or to speak with a project representative
- email comments to fiis@infrastructure.qld.gov.au
- post comments to
   FIIS Coordinator
   Department of Infrastructure
   PO Box 15009
   City East Qld 4002
- fax comments to (07) 3225 8158.

# Fitzroy Industry & Infrastructure Study Agricultural Corridor

The area proposed for the Agricultural Corridor in the lower Fitzroy region has been carefully examined to ensure its economic, social and environmental suitability. The following is a summary of the results of each of the technical studies commissioned by the Queensland Government as part of the development process.

## Land Suitability Study (completed April 2006 by GHDr Brisbane)

The lower Fitzroy region was identified as being suitable for intensive livestock production and some horticultural activities. Ten or more 15 000 head cattle feedlots could be located within the Agricultural Corridor, with room for large piggeries if market demand required. Areas suitable for crops such as citius, grapes and vegetables were also identified. These assessments were made on the basis of consideration of land use and planning, climate and wind, flora and fauna, cultural heritage, site contamination, topography, soils, hydrology (flood levels), water quality and roads.

## Environmental Study (completed February 2007 by GHD<sup>1</sup> Brisbane)

The Environmental Study looked at the appropriateness of siting feedlots in the lower Fitzroy region, in particular, whether nutrients from effluent could be sustainably managed. A thorough two-stage modelling process was used for this.

Stage 1. An Industry-standard model (MEDLI<sup>2</sup>) was used to assess the soils' ability to absorb nutrients and have them effectively removed through the production and harvesting of forage crops without nutrients leaching to groundwater reserves. Suitable soils of sufficient size were found in the area to maintain a nutrient-neutral system. Stage 2. Another model (MUSIC) was used to assess the likelihood of effluent pond overtopping events adding nutrients to the Fitzroy River. The results indicate the minimum distance feedlots would have to be located from watercourses to ensure excess nutrient loads do not enter the river system. This information will be used by licensing authorities to ensure appropriate siting of feedlots. Current licensing requirements dictate that pond volumes must be sufficient to prevent overtopping more than once in ten years and that ponds are not located in flood prone areas.

These results have been accepted by technical committee representatives from the Departments of Natural Resources and Water (NRW) and Primary Industries and Fisheries (DPI&F), and the Environmental Protection Agency (EPA).

Note: Not withstanding the above assessments all specific intensive livestock developments are still subject to individual assessment under the planning scheme and registered by the Department of Primary Industries and Fisheries.

#### Health Risk Assessment (completed February 2007 by GHD: Melbourne).

The Health Risk Assessment examined any possible effects of Cryptosporidium, Giardia or Faecal Streptococci on the Rockhampton water supply if a worst-case scenario occurred and feedlot effluent entered the Fitzroy River. Study results showed no additional risk to the health of the Rockhampton population. The report assessed key assumptions and demonstrated a large safety buffer ensuring drinking water safety. Feedlot planning and approval processes are designed to minimise the risk of effluent entering water courses. This report was accepted by an advisory group comprising Fitzroy River Water, Queensland Health, EPA, DPI&F and NRW.

# Climate Assessment

# (completed August 2006 by Katestone Environmental))

This report assessed the frequency of climatic conditions that could adversely affect the welfare of feedlot cattle in the area. Weather data taken at Rockhampton Airport showed that there was no incidence of extreme heat stress.

# Economic Evaluation (completed February 2007 by Economic Associates')

This study analysed the expected impact of the proposed intensive livestock development on the local and Queensland economy, showing the proposed Agricultural Corridor was economically viable and producing a beneficial impact for the local economy.

## Weir development

The announcement by the Queensland Government of weir developments in Central Queensland (Rookwood Weir and raising of Eden Bann Weir) in April 2006, while important to the agricultural corridors development, are not part of this study. Separate Environmental Impact Assessments will be conducted in relation to the weir developments. The Central Queensland Regional Water Supply Strategy has identified the weir developments as a requirement for future urban, industrial and agricultural growth.

# Odour and nuisance flies

Issues of odour and flies that can arise from feedlots will be addressed by appropriate feedlot management and maintenance of adequate separation distances. Separation distances are key consideration for feedlot registration and the identified development areas are generally remote from residential parts of the region.

## Public consultation and feedback

Local residents, business owners and the public may access copies of all documents relating to the FIIS development, offer feedback on the proposed development or identify other issues that they feel may not have been considered.

# To do so, please:

- visit the information displays at the Rockhampton State Development Centre (corner of Fitzroy and Bolsover Streets) or the Department of Primary Industries and Fisheries Rockhampton (corner of Bruce Highway and Yeppoon Road), where copies of the technical studies will be available
- visit the website at www.infrastructure.qld.gov.au/fils
- contact the Department of Primary Industries and Fisheries Business Information Centre on 13 25 23 (local call) to obtain copies of documents or to speak with a project representative
- email comments to fils@infrastructure.qld.gov.au
- post comments to FIIS Coordinator
   Department of Infrastructure PO Box 15009
   City East Qld 4002
- fax comments to (07) 3225 8158.
- GHD is an international consulting company working in the areas of infrastructure, mining and industry, defence, property and buildings and the environment.
- 2 Model for Effluent Disposal Using Land Irrigation assesses effluent design to predict overtopping frequency and nutrient accumulation rates in soils used for effluent disposal.
- 3 Model for Urhan Stormwater Improvement Conceptualisation (MUSIC) assesses nutrient movement to waterways from various sources assessing the impact of treatment methods.
- 4 Katestone Environmental is a consulting company specialising in all aspects of air quality modelling and associated aspects of climetrolatic
- of climatology. 5 Economic Associates is an established Brisbane company providing economic consultancy advice.

# Fitzroy Industry & Infrastructure Study

Agricultural Corridor

# Intensive livestock industries in the lower Fitzroy region

The proposed Fitzroy Agricultural Corridor development is expected to centre on intensive livestock industries. Intensive livestock industries are those in which animals are confined under supervision in specially constructed pens or lots and fed manually for specified time periods. In general, the term refers to cattle feedlots and most piggery operations.

The Fitzroy Agricultural Corridor is expected to focus initially on cattle feedlots in view of the current and continuing expansion of the beef industry.

# The Queensland beef industry

The beef industry was worth \$3.135 billion in exports to Queensland in 2005/06. Feedlots produced approximately 40 per cent of the 3.6 million cattle processed in Queensland, with more than half being value-added for export markets. The Queensland beef industry employs approximately 15 000 people, with the majority employed in regional processing plants and service sectors.

Feedlot cattle are fed primarily on grains (wheat, sorghum and barley), enabling the production of beef that has the traits most highly valued by customers, attracting premium prices both domestically and internationally.

Most supermarket beef comes from animals that have spent time in a feedlot. This ensures that the meat's characteristics (age of beast, size of cut, meat and fat colour) meet consumer expectations.

Queensland will continue to produce significant quantities of grass-fed beef due to land suitability and the low costs of production. However, the availability of this product is affected by droughts and dry-season variability making consistency of supply difficult. This product is normally less valued by customers.

# Opportunities presented by feedlots

Feedlots allow greater flexibility in how cattle are produced and managed. They enable beef industry managers to:

- consistently deliver a product meeting both the domestic and export customer specifications (eg. fat colour) despite severe dry seasons
- access the valuable chilled grain-fed beef export markets of Japan, Korea and the United States
- supply a product of higher value to customers, providing higher returns to producers
- add value to cattle production, for greater returns to regional Queensland
- increase the number of cattle produced, expanding the beef industry, increasing export income and creating more regional jobs
- proactively manage pasture availability through utilisation, decreasing stock pressure and ensuring pasture condition is preserved resulting in greater environmental sustainability
- supervise cattle welfare, preventing losses during droughts.

# Fitzroy Industry & Infrastructure Study Agricultural Corridor

# Intensive livestock industries in the lower Fitzroy region

The Fitzroy Industry and Infrastructure Study (FIIS) Agricultural Corridor currently proposed for development is expected to centre on the intensive livestock industries. In the short term, the focus will be on cattle feedlots.

#### Environmental assessment and regulation

The FIIS Agricultural Corridor has been assessed for its suitability for feedlot development (Environmental Assessment Report 2007). As part of the Queensland Government's commitment to preserve the environmental health of the area, the most suitable soils and siting conditions for the development have been identified.

All cattle and pig intensive livestock operations must have a development permit issued by the council and be registered with the Department of Primary Industries and Fisheries (DPI&F) Queensland. All developments must meet the required standards as declared under the *Integrated Planning Act 1997* and the *Environmental Protection Act 1994*.

As cattle feedlots produce a large amount of waste material (eg. odour, dust, manure and effluent) that must be carefully managed to prevent any adverse environmental impact, these waste products are monitored by licensing authorities.

#### Feedlot controls

The feedlot industry is one of the most regulated sectors of the beef industry. In addition to government regulations, the industry has been proactive in establishing its own operating rules.

#### Industry controls

All feedlots selling grainfed beef for export are required to participate in the National Feedlot Accreditation Scheme (NFAS). This oversees all aspects of the feedlot operation including food safety, animal welfare, product integrity, environmental practices and quality management. The adherence to this assurance program is monitored by annual audits through the Federal Government's AUSMEAT organisation.

# Government controls

The Integrated Planning Act 1997 designates cattle feedlots as an environmentally relevant activity requiring local council approval. The Environmental Protection Act 1994 is administered by DPI&F under a memorandum of understanding with the Environmental Protection Agency (EPA). DPI&F is responsible for administering cattle feedlots, piggeries, dairies and livestock holding facilities.

# Approval process for feedlot development

Formal application for a feedlot development is made to the local council. Developers are encouraged to discuss proposals with DPI&F prior to formal application so that advice can be provided on site limitations, ensuring feasibility and preventing costly delays.

Councils forward the formal application to DPI&F and any other identified relevant government agency. The Department of Natural Resources and Water is often involved because of implications for overland flow, groundwater protection and vegetation management.

# Fitzroy Industry & Infrastructure Study Agricultural Corridor

Intensive livestock industries In the lower Fitzroy region

The Fitzroy Industry and Infrastructure Study (FIIS) Agricultural Corridor currently proposed for development is expected to centre on intensive livestock industries. The Department of Primary Industries and Fisheries (DPI&F) is responsible for feedlot assessment to ensure that such industries establish and operate with minimal impacts on the surrounding environment.

Factors assessed to ensure environmental compliance

#### Feedlot size

The scale of the feedlot determines the standard of management required. A larger feedlot requires greater separation distances (distance from urban dwellings) and more stringent environmental controls requiring larger effluent and manure utilisation areas.

#### Feedlot site

A number of factors are considered in assessing the site's suitability for feedlot development. These include slope, availability of quality soils for effluent disposal, not being located in flood prone areas, distances from waterways, and soil permeability for pen and effluent ponds to prevent leaching of nutrients into groundwater reserves.

## Separation distances

There must be sufficient distance and buffers between the proposed feedlot and receptors (neighbours) to prevent odour, noise and dust nuisance.

#### Water use

Sufficient quantities of reliable water must be available to meet animal demands.

# Sedimentation systems

A system of sufficient area must exist to capture the runoff from the feedlot pen surface. Systems are designed to allow solids to settle prior to entry to ponds decreasing the effluent nutrient levels.

#### Holding-pond capacity

The design and capacity of holding ponds to store runoff from the feedlot must be sufficient to ensure an average overtopping (spill) frequency that does not exceed one in ten years. The construction material must prevent nutrients leaching to groundwater and be designed to engineering specifications.

#### Effluent utilisation area

Effluent created from pen runoff must be recycled through irrigation onto sufficient areas of fertile cropping lands. These areas must be capable of producing a high-yielding crop to remove nutrients, ensuring that build-up does not occur. Effluent application rates are assessed to ensure nutrient removal is sufficient.

## Buffers

Sufficient areas must exist to separate the feedlot, effluent ponds and effluent dispersal areas from watercourses. The Environmental Assessment Report undertaken for the FIIS shows that feedlots can safely operate in the area with ponds as close as 200 metres to a watercourse.

#### Manure management

Adequate areas of high-quality land must be available to allow disposal of manure as fertiliser for crop production (separate to effluent disposal areas). Crop material is normally removed to ensure that soil nutrient levels remain static, with any residual absorbed by the soil without degrading its quality. Application rates are assessed to ensure that nutrient levels do not exceed the capacity of a crop to remove them.

### Assessment tools

DPI&F may request additional modelling data, using the Model for Effluent Disposal Using Land Irrigation (MEDLI), to ensure the suitability of some areas. This model assesses soils and ensures their capacity to produce the required crop yields and absorb the nutrients being added without disrupting the soil structure, impacting on groundwater or creating nutrient runoff problems.

The aim is to have all nutrients produced by the feedlot being utilised through the production and harvesting of a crop. No nutrients should leave the feedlot site other than through the sale of manure.

### Monitoring of feedlot performance

Feedlots are required to operate under stringent environmental specifications. Testing must be conducted to ensure the standards of engineering have been met in construction of effluent ponds and pen pads to minimise the risk of dam failure or nutrient leaching.

DPI&F conducts audits to ensure operation within licensed conditions. This involves pen inspection to ensure adequate cleaning (important to reduce odour and flies), sampling of areas utilising effluent and manure to ensure there is no excessive nutrient build-up, and examination of effluent ponds to ensure they are not prone to breakage or excessive overtopping.

#### Complaints

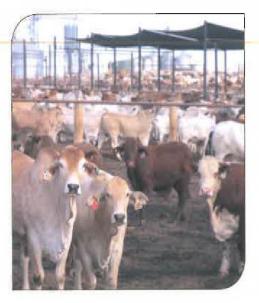

Complaints associated with a feedlot are to be reported to DPI&F. All complaints are investigated to ensure the feedlot is meeting the required standards of environmental management and licence conditions. Any breaches of these conditions must be addressed immediately to prevent revoking of licences.

### Public consultation and feedback

Local residents, business owners and the public are now invited to obtain information and offer feedback about the proposed FIIS development, or identify other issues that they feel may not have been considered.

### To do so, please:

- visit the information displays at the Rockhampton State Development Centre (corner of Fitzroy and Bolsover Streets) or the Department of Primary Industries and Fisherles Rockhampton (corner of Bruce Highway and Yeppoon Road), where copies of the technical studies will be available
- visit the website at www.infrastructure.qld.gov.au/fils
- · contact the Department of Primary Industries and
- Fisheries Business Information Centre on 13 25 23 (local call) to obtain copies of documents or to speak with a project representative
- email comments to fiis@infrastructure.qld.gov.au
- FIIS Coordinator Department of Infrastructure PO Box 15009 City East Qld 4002
- fax comments to (07) 3225 8158.

# Fitzroy Industry & Infrastructure Study

The Fitzroy Industry and Infrastructure Study (FIIS) is the result of efforts to plan for the future development of industry and the associated infrastructure in the lower Fitzroy region. This has identified the opportunity for industrial and agricultural corridors to develop producing and processing material for the export market. These dedicated areas will provide complementary facilities focused primarily on the mineral and cattle business prominent in the region.

### The Gracewell-Stanwell Industrial Corridor

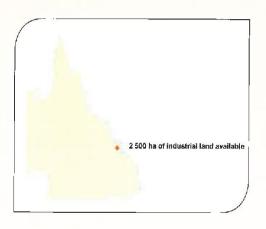

The Fitzroy Shire Industrial Study, completed in 1996, identified preferred industry areas including a western corridor between Gracemere and Stanwell, Fitzroy Shire Council and the then Department of State Development, Trade and Innovation subsequently commissioned the Stanwell and Environs Industrial Development Study (1999) to facilitate and manage development in an orderly and sustainable way.

This study formed the basis of the Stanwell-Gracemere Corridor Development Control Plan No.3 which was adopted by Fitzroy Shire Council in 2002 and incorporated into the Shire's Planning Scheme. The area covered by this development control plan, and referred to here as the industrial corridor, includes areas of land from Gracemere through to and including the Stanwell Power Station and Energy Park.

### The need for an industrial corridor

The intent of the FIIS industrial corridor is to designate land suitable for industrial development, avoid or minimise potential land-use conflicts, and encourage its orderly and sustainable development. It also aims to facilitate the growth of enterprises that support local and regional economic development and provide opportunities for employment.

To achieve a transition between existing light industry in Gracemere and heavy industry at Stanwell, the development

control plan established a number of precincts for Business and Industry, General Industry and Special Industry. These precincts incorporate some 2 500 hectares of the total plan area of 10 400 hectares.

### The specific areas within the corridor

The Special Industry precincts, including the Stanwell Power Station and adjacent land within the Stanwell Energy Park, provide for large-scale industrial developments of state and regional significance. These precincts cover an area of approximately 1 415 hectares.

The **Business and Industry** precincts, on the western outskirts of the Gracemere township are partially developed with service and light industry, provide for continued and further use for mostly low-impact service and light industrial uses. These precincts incorporate approximately 234 hectares.

The General Industry precincts, covering some 829 hectares, are intended to service a broad range of industrial uses that are larger in scale and may have higher impact potential. The General Industry precincts are mostly located between

the Special Industry and the Business and industry precincts, however, they also include a 110 hectare precinct incorporating the Gracemere Saleyards and adjacent land.

The balance of the development control plan area comprises some 7 922 hectares. The intent of this area is to maintain the integrity of existing land uses while discouraging residential and similarly sensitive development that may restrict development within the industrial precincts.

### Expected industry developments

The FIIS has investigated industry development opportunities associated with the Gracemere-Stanwell Industrial Corridor and the Fitzroy Agricultural Corridor. The study has identified opportunities for the development of intensive livestock industries within the agricultural corridor. It is anticipated that these industries may be supported by processing and service industries in the industrial corridor. The corridor, and specifically the Stanwell Energy Park, will provide for large-scale industrial, energyintensive and energy projects of state significance. It is anticipated that the balance of the Industrial corridor will accommodate industry servicing the general population and the region's mining and agricultural industries.

### Regulation of developments in the industrial corridor

Individual development proposals will be subject to existing development application and assessment processes under the *Integrated Planning Act 1997* or, in the case of designated significant projects, under the *State Development and Public Works Organisation Act 1971*.

#### Progress with the industrial corridor

The industrial corridor has been the subject of extensive community and government agency consultation during the development of the Stanwell-Gracemere Corridor Development Control Plan by the Fitzroy Shire Council. There are no immediate plans for further consultation.

Infrastructure development to support the industrial corridor is currently being assessed to enable initial barriers to development in the corridor to be overcome. Infrastructure investment in the area will then be tied to industry investment in the area. The Gracemere-Stanwell Corridor Development Control Plan No.3 and associated precincts can be viewed at the Fitzroy Shire Council offices.

For further information contact the Rockhampton State Development Centre on (07) 4938 4975.

### Public consultation and feedback

Public consultation and feedback is being conducted on the proposed agricultural corridor to inform the community of this new initiative. Members of the community are invited to offer feedback on the proposed development or identify other issues that they feel may not have been considered. To obtain more information please:

- visit the information displays at the Rockhampton State Development Centre (corner of Fitzroy and Bolsover Streets) or the Department of Primary Industries and Fisheries Rockhampton (corner of Bruce Highway and Yeppoon Road), where copies of the technical studies will be available
- visit the website at www.infrastructure.qld.gov.au/fiis
- contact the Department of Primary Industries and Fisheries Business Information Centre on 13 25 23 (local call) to obtain copies of documents or to speak with a project representative
- email comments to fiis@infrastructure.qld.gov.au
- post comments to FIIS Coordinator
   Department of Infrastructure
   PO Box 15009
   City East Qld 4002
- fax comments to (07) 3225 8158.

# Fitzroy Industry & Infrastructure Study

The Fitzrov Industry and Infrastructure Study (FIIS) has examined future developments in the lower Fitzrov region of Central Queensland. It has assessed the environmental and economic sustainability of the proposed developments as well as the supporting infrastructure required.

### Infrastructure

It is widely recognised that high-quality, cost-efficient infrastructure is essential to enable a region to realise its economic development potential and to ensure the future liveability of regional communities.

The FIIS's proposed direction articulates a range of goals for the development of the Rockhampton Fitzroy region. It is critical that this vision is underpinned by planning to ensure the infrastructure required to support future development is available.

The FIIS initiative has conducted a range of Investigations into potential infrastructure requirements and following community consultation, will work together with local infrastructure providers to develop an Action Sequencing Plan for infrastructure provision.

### Infrastructure requirements of the FIIS

The assessment of infrastructure requirements based on the direction proposed in the FIIS has focused on common user infrastructure. Any developer proposing to establish a new venture in the future will need to provide infrastructure to meet the needs of their individual operations. For example, a feedlot would need to ensure provision of infrastructure such as wastewater management facilities, telecommunication cabling, water distribution pipelines, roads to access and move around the property, and electrical infrastructure (lines and/or generators). However, there will also be a range of infrastructure which will be required by multiple operators. It is important that these common infrastructure needs are understood so that planning can be completed and appropriate funding arrangements considered.

### Action sequencing of infrastructure

Ultimately, the assessment of infrastructure requirements will lead to production of an Action Sequencing Plan. The aim of the plan will be to:

- provide information about the infrastructure needed to support strategic investment in the Fitzroy region
- facilitate easier coordination of actions across the range of public and commercial entities involved in infrastructure provision
- give potential investors the assurance that the infrastructure necessary to support their operations will be provided when and where it is required.

Practically, the plan will be a document which

- lists the priority infrastructure requirements
- outlines what actions are needed to progress towards the provision of a piece of infrastructure
  - establishes triggers for commencing actions over time
- identifies who should be involved.

The Action Sequencing Plan will need to be agreed to by all relevant parties involved in the planning and provision of the required infrastructure. It will assume that the infrastructure will be provided on a commercial basis as demand requires.

### The impact of FIIS on community infrastructure

Economic growth based on strong competitive advantage and export efficiency can bring many benefits for communities, but periods of strong growth can also place pressure on existing community infrastructure.

The advantage of the FIIS initiative is that it will provide the state and local governments with a framework for anticipating the future needs of a growing community.

In other regions which have experienced strong growth, the state and local governments have established initiatives to coordinate planning for social infrastructure and respond to emerging issues in the community.

A trigger for coordinated government action will be incorporated into the Action Sequencing Plan to provide the Rockhampton and Fitzroy communities with the assurance that impacts on existing infrastructure will be managed.

#### Public consultation and feedback

Local residents, business owners and the public are now invited to obtain information and offer feedback about the proposed FIIS development, or identify other issues that they feel may not have been considered.

To do so, please:

- visit the information displays at the Rockhampton State Development Centre (corner of Fitzroy and Bolsover Streets) or the Department of Primary Industries and Fisheries Rockhampton (corner of Bruce Highway and Yeppoon Road), where copies of the technical studies will be available
- visit the website at www.infrastructure.qld.gov.au/fils
- contact the Department of Primary Industries and Fisheries Business Information Centre on 13 25 23 (local call) to obtain copies of documents or to speak with a project representative
- email comments to fils@infrastructure.qld.gov.au
- post comments to FIIS Coordinator
   Department of Infrastructure PO Box 15009
   City East Qld 4002
- fax comments to (07) 3225 8158.

# Fitzroy Industry & Infrastructure Study

The Fitzrov Industry and Infrastructure Study (FIIS) has identified the potential for development of an agricultural corridor along the Fitzrov River. Within that corridor. the potential exists to establish intensive livestock and horticultural enterprises. The extent and timing of the development of this corridor will depend on the views and responses of landholders,

While some property owners will choose not to change their current operations, this factsheet has been prepared to assist landholders consider their options.

### No land resumption

Land will not be purchased or resumed by the Queensland Government for the purposes of directly developing industries in the Agricultural Corridor.

### Growth of intensive livestock industries

Within the Fitzroy Agricultural Corridor, the potential exists to establish up to ten 15 000 head cattle feedlots that could produce as many as 450 000 head of 100-day grain-fed cattle per year, depending on the rate of turnover per year. The opportunity may also exist in the longer term to establish other intensive livestock industries such as piggeries and poultry farms. It is expected that the Fitzroy Agricultural Corridor would support fodder production as an input into feedlots as well as areas of horticulture crops.

### Capitalising on the proposed agricultural corridor

There will be numerous ways in which property owners can capitalise on the proposed corridor depending upon their location, their financial capacity and their level of expertise In specific industries.

### Sale of land holdings

Owners may choose to sell their properties to investors and developers. This would facilitate investment and associated agricultural development in the corridor. In some Instances, sales may be subject to conditions such as obtaining appropriate development approvals for the subject site. Partial sale of land

Owners may choose to dispose of only a portion of their holdings to investors and developers. This may require reconfiguration of lots through local councils and possible provision of easements for non-riparian lots sold. Sales may be subject to approvals for reconfiguration and development. Long-term lease of land

A long-term lease of either an entire holding or a proportion of the holding to investors and developers may be an attractive option to owners by providing a long-term income stream. At the end of such a lease, the lessee might have an option to purchase the property at market value or for the owner to retain the property and purchase the improvements at market value.

### foint venture

Owners may choose to enter into joint ventures with investors and developers who have access to financial capital and/or expertise. These joint ventures may be between two or more parties and could be associated with either a land sale or lease transaction.

### **Business development**

With access to sufficient capital and expertise, owners may choose to undertake their own independent development or develop enterprises such as silage production, that support other developments in the agricultural corridor.

### Potential for joint venture partners

Once public consultation has been completed and subject to the Queensland Government endorsing the concept, it is anticipated that development of both the Fitzroy Agricultural Corridor and Gracemere-Stanwell Industrial Corridor will be supported by an implementation plan. This would incorporate the facilitation of individual and joint venture projects within the corridors. If you believe a joint venture arrangement could have potential and you wish to be involved, you should register your interest with the State Development Centre in Rockhampton.

#### Timeline for development

Development of the corridor will be subject to normal market forces and demands. To date, interest has been expressed in cattle feedlot development and horticultural industries.

### **Regulation of developments**

Individual development proposals will be subject to existing development application and assessment processes under the *Integrated Planning Act 1997*. In the case of feedlots, the Department of Primary Industries and Fisheries assess these proposals as Environmentally Relevant Activities under the *Environment Protection Act 1994*.

### What happens next?

The FIIS is currently undertaking landholder and community consultation on the Fitzroy Agricultural Corridor. Subject to the outcomes of this consultation and deliberation by the Queensland Government, the proposal will be adopted as a strategy and implemented with the assistance of the Project Partners. Relevant government departments will facilitate the ongoing development of the corridors by working with existing landholders and interested investors.

### Public consultation and feedback

Local residents, business owners and the public are invited to obtain information and offer feedback about the proposed FIIS development, or identify other issues that they feel may not have been considered.

To do so, please:

- visit the information displays at the Rockhampton State Development Centre (corner of Fitzroy and Bolsover Streets) and the Department of Primary Industries and Fisheries Rockhampton (corner of Bruce Highway and Yeppoon Road), where coples of the technical studies will be available
- visit the website at www.infrastructure.qld.gov.au/fiis
- contact the Department of Primary Industries and Fisherios Business Information Centre on 13 25 23 (local call) to obtain copies of documents or to speak with a project representative
- email comments to fils@infrastructure.qld.gov.au
- post comments to
  - FillS Coordinator Department of Infrastructure PO Box 15009 City East Qld 4002
  - fax comments to (07) 3225 8158.

| Responsible Officer:                    | Alicia Cutler - Manager Finance<br>Ross Cheesman - General Manager Corporate Services              |
| Author:                                 | Gerhard Van der Walt - Revenue and Accounting Coordinator  |

### SUMMARY

The Manager Finance presenting the Rockhampton Regional Council Summary Budget Management Report for the Period Ended 31 December 2013.

## OFFICER'S RECOMMENDATION

THAT the Rockhampton Regional Council Summary Budget Management Report for the Period Ended 31 December 2013 be 'received'.

### COMMENTARY

The attached financial report and graphs have been compiled from information within Council's Finance One system. The reports presented are as follows:

- 1. Income Statement (Actuals and Budget for the period 1st July 2013 to 31st December 2013), Attachment 1.
- 2. Key Indicators Graphs, Attachment 2.

Council should note in reading this report that normally after the completion of the first six months of the financial year, operational results should be approximately 50% of budget. However as the operational budget in this report excludes those figures that relate to Livingstone Shire Council for the period 1 January 2014 to 30 June 2014, the operational percentages reported may be higher than what would normally be the case.

This should not be the case for the capital budget, as the capital figures that relate to Livingstone Shire Council for the period 1 January 2014 to 30 June 2014 are included in determining the capital results outlined below.

The percentages reported for capital revenue and capital expenditure are measured against the August Revised Capital Budget, i.e. including carry-overs. All percentages for operational revenue and operational expenditure are measured against the adopted budget.

The following commentary is provided in relation to the Income Statement:

Total Operating Revenue is reported at 57%. Key components of this result are:

- Net Rates and Utility Charges are at 55% of budget. This is mostly due to the weighted impact during the first six months of the LSC income component as detailed under **Commentary**.
- Private and Recoverable Works are well ahead of budget at 76%. This is mostly due to the circumstance that all possible revenue invoices were raised during December to facilitate clear cut-off parameters for the pending de-amalgamation date.
- Grants, Subsidies and Contributions are ahead of budget at 62%, mostly due to funds received for the two disaster events.
- Interest Revenue is well ahead of budget at 96%. Council historically remains ahead of budget for the first six months of the financial year and then moves closer

to budget during the second half of the financial year. Interest earned trends should decrease after the cash transfer(s) to LSC, but there should still be some amendment scope as part of the February budget revision.

Total Operating Expenditure is reported at 51%. Key components of this result are:

- Asset Operational Expenditure is ahead of budget at 63%. This is mostly due to Council having paid annual insurance premiums including, amongst others, Public Liability and Motor Vehicle premiums.
- Finance Cost is ahead of budget at 58%. This is mostly due to the weighted impact during the first six months of the LSC expense component as detailed under **Commentary**.
- Other Expenses are reported as ahead of budget at 63%. This is mostly due to the weighted impact during the first six months of the LSC expense component as detailed under **Commentary**.

The following commentary is provided in relation to capital income and expenditure, as well as investments and loans:

<u>Total Capital Income</u> is at 42% of budget. Some major contributors are GIA and Southside Pool funding, along with Developer Contributions and Disaster Events funding.

<u>Total Capital Expenditure</u> is at 54% of budget with committals, or approximately 32.6% of the revised budget total without committals.

<u>Total Investments</u> have decreased to \$117.7M as at 31st December 2013, which is a marked decrease from the \$144.1M as reported for end October 2013. The decrease during January will be substantial due to normal operational requirements supplemented by the interim \$33M transfer to LSC.

<u>Total Loans</u> are \$230,488,226 as at 31st December 2013, decreasing to \$154,223,567 on the 1st January 2014 as a result of the \$76.3M transfer to LSC.

### **De-amalgamation**

As at the 1 January, the following amounts were transferred to Livingstone Shire, (please note, as these statements are to the 31 December, theses transfers are not reflected in the balances held).

Cash \$33,000,000 (Note that trust funds were transferred separately)

Debt \$76,264,658

The debt balance is final, however the cash calculation will be subject to the preparation of Financial Statements being prepared for the 31 December 2014. The initial cash transfer was based upon a forecast of \$112 million in cash for the whole Council, whilst the actual cash balance at 31 December 2013 was \$117.6 million (as shown on attachment 1).

### **Revised Budget**

The adoption of the revised budget is recommended under separate cover. It is also expected that a further revision will be required at the end of February to deal with the remaining pieces of de-amalgamation.

# CONCLUSION

The Operational result to date is marginally beneficial when compared to budget. There are naturally various beneficial and detrimental factors contributing to this outcome, but the outstanding beneficial contributor is flood revenue for the 2011 disaster event. Most of the negative financial outcomes for this event were absorbed in the three previous financial years, and the finalisation of the acquittal process currently in process should result in a positive income over expenditure outcome for 2013/14.

Capital Revenue is reasonably close to budget at 42%, while Capital Expenditure, excluding committed expenditure is at 32.6% of budget. This is partly attributable to the carry-over

capital addition to the adopted budget, which increased the capital budget noticeably. This increase is partially addressed in the October Budget Revision.

### SUMMARY

A brief report detailing the travel expenses incurred by Rockhampton Regional Council staff and Councillors for the period October 2013 to December 2013 inclusive.

# OFFICER'S RECOMMENDATION

THAT the report containing staff and Councillor travel statistics for the period October 2013 to December 2013 inclusive be 'received'.

### COMMENTARY

The attachments include figures for staff and Councillor travel for the period October 2013 to December 2013 inclusive. These figures are GST exclusive.

The totals cited in the reports include costs of conference registrations, airfares, accommodation, meals, cabcharges and general expenses allowable under the relevant Travel and Conference Attendance Policy. This figure also includes costs for consultants.

# 13 NOTICES OF MOTION

Nil

# 14 QUESTIONS ON NOTICE

Nil

# 15 URGENT BUSINESS/QUESTIONS

Urgent Business is a provision in the Agenda for members to raise questions or matters of a genuinely urgent or emergent nature, that are not a change to Council Policy and can not be delayed until the next scheduled Council or Committee Meeting

# 16 CLOSED SESSION

In accordance with the provisions of section 275 of the *Local Government Regulation 2012*, a local government may resolve to close a meeting to the public to discuss confidential items, such that its Councillors or members consider it necessary to close the meeting.

THAT the meeting be closed to the public to discuss the following items, which are considered confidential in accordance with section 275 of the *Local Government Regulation 2012,* for the reasons indicated.

# 17.1 D350-2013 Development Application for a Material Change of Use for a House

This report is considered confidential in accordance with section 275(1)(g), of the *Local Government Regulation 2012*, as it contains information relating to any action to be taken by the local government under the Planning Act, including deciding applications made to it under that Act.

# 17.2 Fee Reduction for Proposed Development Application

This report is considered confidential in accordance with section 275(1)(g), of the *Local Government Regulation 2012*, as it contains information relating to any action to be taken by the local government under the Planning Act, including deciding applications made to it under that Act.

# 17.3 Compensation Agreement - Capricorn Stone Products Pty Ltd on Lot 184 on CP LIV40877 and Lot 1 on CP LIV40877

This report is considered confidential in accordance with section 275(1)(h), of the *Local Government Regulation 2012*, as it contains information relating to other business for which a public discussion would be likely to prejudice the interests of the local government or someone else, or enable a person to gain a financial advantage.

# 17.4 Legal Matters Report - 1 November to 31 December 2013

This report is considered confidential in accordance with section 275(1)(f), of the *Local Government Regulation 2012*, as it contains information relating to starting or defending legal proceedings involving the local government.

# 17.5 Monthly Report to Council from Chief Executive Officer

This report is considered confidential in accordance with section 275(1)(h), of the *Local Government Regulation 2012*, as it contains information relating to other business for which a public discussion would be likely to prejudice the interests of the local government or someone else, or enable a person to gain a financial advantage.
