### 7. STATEMENT OF REASONS

<b>Description of the development</b>	Material Change of Use for Utility Installation (Pump Station) and Building Works Assessable against the Planning Scheme
<b>Reasons for Decision</b>	<ol style="list-style-type: none"><li>The development does not increase likelihood or consequences of flood damage, either on-site or to any other property or infrastructure;</li><li>Assessment of the development against the relevant planning scheme code and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</li><li>On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</li></ol>

<b>Assessment Benchmarks</b>	Flood Hazard Overlay Code	
<b>Compliance with assessment benchmarks</b>	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exception listed below.	
	<b>Assessment Benchmark</b>	<b>Reasons for the approval despite non-compliance with benchmark</b>
	Flood Hazard Overlay Code (PO4)	<p>The proposal does not comply with Acceptable Outcome 4.1.1 as it involves the construction of a new structure.</p> <p>Despite this, the development is compatible with the level of risk associated with the flood hazard. The proposed new intake and pump station and associated control building siting, layout and access responds to the flood hazard and avoids unacceptable risk to personal safety. The non-habitable structures are monitored and maintained off-site, and the control building will be above the 1% Annual Exceedance Probability which is resilient to flood hazard events, limiting the potential risks to property.</p> <p>The proposal generally complies with the intent and overall outcomes of the Flood Hazard Overlay Code and is therefore supported against the overarching performance outcome.</p>
<b>Matters prescribed by regulation</b>	<ul style="list-style-type: none"> <li>• The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.2); and</li> <li>• The common material, being the material submitted with the application.</li> </ul>
