FACT SHEET

Property Search Information

Rates and Water Searches

Financial Rates Records Search – Full rates financial information including any arrears and interest outstanding. It is recommended that any prospective purchaser or future owner contact Council's Duty Planner to discuss possible land use requirements for this property.

Special Water Meter Reading (Onsite Inspection) – water meter reading done on a **specific date**. This search provides details of current water usage charges and outstanding balances (if any). These readings are taken on a Tuesday, Wednesday or Thursday.

Some of the Region's properties are not on reticulated water and we recommend you verify this prior to submitting by calling 07 4932 9000.

Planning and Development Certificates

The provision relating to **Planning and Development Certificates** is outlined in section 265 of the *Planning Act 2016*. It is recommended that any prospective purchaser or future owner contact Council's Duty Planner to discuss possible land use requirements for this property.

Building and Plumbing Searches

Building and Plumbing Record Searches – provides details on permits issued, whether a final inspection has occurred for the permit and any building or plumbing requisitions applying to the property. This search does not include copies of building plans.

This search includes a copy of the Sanitary House Drainage Plan if available, Council Services Plan (water/sewer/stormwater) and Certificate of Classification (if available).

Certificate of Classification for Existing Buildings (copy of current certificate) – Council will provide a copy of an existing certificate of classification (included with Building and Plumbing Record Search).

Swimming Pool Safety Certificate Service – provides confirmation that pool/spa complies with legislation commencing 1 December 2010. Fee includes one inspection only; if re-inspection is required additional charges will apply.

Engineering and Civil Operations – Road and Flood Searches

Road and Drainage, Resumption or Realignment Details – provides current road and drainage, resumption or realignment details. Please be aware that this search does not include identification of existing easements – see official title deed at Department of Resources.

Flood Search – provides theoretical and historical data on Fitzroy River flooding. Information provided for flood searches has been obtained from Council records and/or the Rockhampton Flood Management Study and indicates the flood level at or near the property of request. In order to calculate the actual depth of flooding it will be necessary for the ground level of the property to be determined by your licensed surveyor.

Plans/Others

Sanitary Drainage Plan (SDP) or As Constructed Hydraulic Plan (Commercial SDP) – this plan outlines the house drainage for a property. Please note this plan is included with the Building and Plumbing Record Search.

Water/Sewer/Stormwater Services Plan – this plan outlines Council water, stormwater and sewer infrastructure. Please note this plan is included with the Building and Plumbing Record Search.

Invasive Plant Searches

Invasive Plant Records Search – provides details of last pest weed status (does not include an inspection).

Invasive Plant Property Inspection – provides a full inspection.

Vehicle Inspection for Invasive Weed Seeds – provides a visual inspection of a vehicle, trailer or machinery to detect declared weeds. Customer is provided a written report.

Health and Environment Searches

Activity/Facility Records Search (no inspection report) – provides current licence details and status only (does not include an inspection).

Activity/Facility Search and Inspection (includes inspection report) – provides current licence details, status and a full inspection report.

Refunds

If a search request is cancelled after the receipt of payment but before completion, only 50% of the fee will be refunded.
