5 Procedure

5.1 Section Responsibility

Relevant sections are responsible for ensuring infringement notice records are kept up to date.

5.2 Infringement Notices in Triplicate (PIN book)

Handwritten infringement notices are issued in triplicate to satisfy administrative requirements, the:

- (a) White copy is served on the alleged offender;
- (b) Yellow copy is scanned and recorded in the relevant ECM file using the infringement notice number in the precis; and
- (c) Blue copy remains in the PIN book and is used in any prosecution.

5.3 Electronic ('PinForce') Infringement Notices

The use of PDA technology enables the serving of infringement notices electronically on pre-printed roll paper. Operation of the PDA and management of PinForce is in accordance with the User Guide.

5.4 Lost, Stolen or Damaged PIN Books

An authorised person issued with a PIN book must take reasonable steps to keep the PIN book and the information it contains secure.

If the PIN book is lost, stolen or damaged, the authorised person must at the first available opportunity provide a written report to their supervisor outlining the circumstances under which the loss, theft or damage occurred for cancellation.

The supervisor, after due consideration of all the circumstances, may give approval to cancel the PIN book.

Upon cancelling the supervisor retains the report granting approval for cancellation of the notices in the relevant ECM file for inspection by the Auditor.

5.5 Issuing an Infringement Notice

In accordance with the Enforcement Strategy, where an authorised person reasonably believes a person has committed an infringement notice offence, they may serve an infringement notice ensuring:

- (l) For a business, the infringement notice must be issued to the person carrying on the business. This is because a business is not a legal entity if it is merely a registered business name.

5.6 Service of Infringement Notice

Infringement notices are served on the alleged offender as soon as reasonably practicable after there is reasonable belief that an offence has been committed.

Service of an infringement notice on an alleged offender in the first instance must be in person. Service in person includes attending the alleged offender's address and hand delivering the infringement notice to the alleged offender.

The following extenuating circumstances may prevent the service of an infringement notice directly to the person:

- (a) The alleged offender does not live in the Region;
- (b) Multiple attendances, at the alleged offenders address with no result;
- (c) When personal service is unsuccessful then:
 - (i) Service by leaving it at the place by attending the alleged offender's residence or business last known to the authorised person serving the infringement notice; or
 - (ii) If leaving at the place is impractical service by post may be used. Service by post deems the document is served at the time the letter would be delivered in the course of ordinary post.

5.7 Options Available to Alleged Offender on Service of Infringement Notice

On issuing the infringement notice, the alleged offender is to undertake one of the actions detailed in the Infringement Notice Policy within 28 days of the date of the infringement notice.

5.7.1 Payment of Infringement Notice Fine in Full

An alleged offender may make payment of the infringement notice in full at a customer service centre, by phone, mail or online.

Once full payment of the fine is made the infringement notice is finalised and no further action is taken.

5.7.2 Voluntary Instalment Plan

An alleged offender may apply to enter into a voluntary instalment plan when the infringement notice amount is at or above the threshold amount prescribed under the SPEA.

To apply to enter into a voluntary instalment plan the alleged offender must:

- (a) Complete the Infringement Notice Voluntary Instalment Plan Application Form, or
- (b) Complete the relevant section on the reverse of the infringement notice; and
- (c) Submit to Council with the prescribed first instalment.

5.7.3 Declarations for Vehicle Related Offences

Infringement notices served to the owner of a vehicle for vehicle related offences under the *Transport Operations (Road Use Management – Road Rules) Regulation 2009* or local law may make an application as follows:

- (a) Complete an Infringement Notice Withdrawal Request Form together with a Statutory Declaration nominating the person in charge of the vehicle and provide documentation supporting the application.
- (b) Applications outlining that the vehicle was used unlawfully must be accompanied by a police report.

The SPEA delegated officer must review the application and documentation to determine if the declaration is valid. If the application is valid, a review must be conducted as outlined in paragraph 5.10 of this procedure.

5.7.4 Election of Court Hearing

Where an alleged offender elects to have the matter decided in the Magistrates Court they must complete the relevant part on the reverse of the infringement notice or make a written request and provide Council with any information or documentation for the process.

Where an application for court election is received the following occurs:

- (a) Council must accept any application made within 28 days after the date of infringement notice.
- (b) The SPEA delegated officer must issue an acknowledgement letter and a review of the infringement notice must be conducted as per paragraph 5.10 of this procedure.
- (c) If the infringement notice is upheld, the relevant section must prepare a brief of evidence ensuring all admissible and relevant information, including information which may be considered advantageous to the defence case and provide to the relevant manager for full disclosure.
- (d) The relevant section must prepare a report to Council for resolution to proceed with the prosecution.
- (e) On Council resolution the relevant section refers to the Legal Proceedings – Commencement, Cessation and Other Matters Policy and arranges for a LGA delegated officer to draft, issue and file a complaint and summons for the alleged offence in the Magistrates Court.
- (f) The relevant section must enter the time and date of the alleged offender's appearance in the Legal Matters Report and under the infringement notice being disputed.
- (g) Legal and Governance may review the brief of evidence or instruct an external solicitor to undertake this review depending upon the circumstances of the case.
- (h) If the alleged offender does not appear on the date set for the court hearing, the matter may be heard in their absence. If found guilty of the offence the alleged offender may have a conviction recorded against them, be fined and required to pay additional costs.

5.8 No Action Taken

If no action is taken by the alleged offender a reminder notice must be issued before referring the infringement notice to SPER.

5.8.1 Reminder Notices

Reminder notices are issued for unpaid infringement notices where a court election, an application for payment by instalments or a declaration for vehicle related offence has not been submitted to Council within 28 days of the date of the infringement notice.

Where the infringement notice relates to a vehicle offence and was served on the actual vehicle a vehicle registration/ownership search in the Queensland Motor Vehicle Register using CITEC is undertaken to establish the name and address of the vehicle owner.

Infringement notices must only be served on individuals or corporations, for example a proprietary limited (Pty Ltd) company. Where the owner of a vehicle is a company, a company search should be performed using CITEC to obtain the owner's service details.

Where a search is necessary, the responsible officer shall complete the CITEC search request form as well as justification for the search request. The latter is to satisfy strict privacy provisions and audit requirements, associated with Council's agreement with CITEC for performing searches.

A reminder notice is posted to the owner of the vehicle who is given 14 days for payment.

Reminder notices state the total payment due, including the infringement amount and the cost of establishing vehicle ownership search through CITEC.

Note: Searches of the Queensland Motor Vehicle Register are only authorised for abandoned vehicles, regulated parking, heavy vehicle parking and littering from a vehicle.

5.9 Infringement Recovery

5.9.1 Referral to SPER

If the infringement notice is not paid, not withdrawn, a court hearing election requested or application for payment by an instalment plan is not lodged within 14 days of the reminder notice, Council registers a default certificate with SPER through their electronic lodgement system, Fines Online.

Upon receipt and registration of the default certificate, SPER issues an enforcement order to the person in accordance with section 38 of the SPEA.

Late payments and application (with the minimum payment) for infringement notice payment by instalments plans are not accepted by Council where the infringement notice has already been forwarded to SPER for collection of the outstanding amount.

5.9.2 SPER Withdrawals

An infringement notice can only be withdrawn from SPER by a SPEA delegated officer before the fine is paid in full.

Refer to the Delegations Register – SPEA for details of sub-delegated officers and limitations on their authority and paragraph 5.10.3.2.1 for the criteria for withdrawal of infringement notices.

As soon as practicable after a decision to withdraw an infringement notice, advice of the withdrawal using the withdrawal template on the infringement module must be provided to the applicant and a copy sent to SPER.

5.9.3 Court Election via SPER

The SPEA allows an alleged offender a second opportunity to seek a court election if they do not pay the infringement notice or take any other option within 28 days after the date of the infringement notice.

Under section 51 of the SPEA, the alleged offender may, within 28 days of being served with an enforcement order by SPER, elect to have the matter of the offence heard in a Magistrates Court.

SPER must notify Council if the offender elects to have the offence heard in a Magistrates Court.

5.9.4 Cancellation of Enforcement Orders by SPER

Section 56 (applications for cancellation of enforcement orders) of the SPEA, states the enforcement debtor may apply in writing to SPER for the cancellation of an enforcement order for any of the following reasons:

- (a) The person did not receive:
 - (i) The infringement notice; or
 - (ii) Any reminder notice the relevant administering authority sent to the person about the infringement notice; or
 - (iii) The enforcement order;
- (b) The person received a notice or order mentioned in paragraph (a) after the time allowed for taking action stated in the notice or order;
- (c) The person was prevented by accident or illness or for another similar reason from taking action in relation to the infringement notice or enforcement order;
- (d) The person is electing to have the matter of the offence to which the relevant enforcement order relates decided in a Magistrates Court.

If the SPER Registrar cancels an enforcement order, Council may:

- (a) Start a proceeding against the applicant for the offence; or
- (b) Accept payment of the fine in full as stated in the infringement notice for the offence; or
- (c) Issue a fresh infringement notice for the offence.

5.10 Infringement Notice Withdrawal Request

5.10.1 Grounds for Request

An alleged offender may request to have an infringement notice withdrawn if there is a legal defence, exemption from the law, error on the infringement notice or mitigating circumstances.

Council must consider withdrawing an infringement notice if the grounds for request satisfy any of the following criteria:

- (a) The alleged offender demonstrates that the elements of the offence were not met;
- (b) A person is incorrectly named as the alleged offender (for example, the infringement notice was served on the owner of a vehicle or land and another person was responsible for the offence); or
- (c) The alleged offender was unable to comply with the relevant provisions of the law due to a circumstance outside of their control.

5.10.2 Making a Request

To ensure all request details are given full consideration, the alleged offender must submit a completed Infringement Notice Withdrawal Request Form with any supporting documentation within 28 days of the infringement notice date.

5.10.3.1 Review of Evidence and Circumstances

Reviews of infringement notices must consider the following:

- (a) The level of investigation must be, consistent with the seriousness of the alleged offence and the complexity of the grounds on which the review is sought. If the request does not include sufficient information to undertake the review, a request is made to provide additional information and/or documentation;
- (b) Legislative requirements;
- (c) The circumstances surrounding the issuing of the infringement notice;
- (d) Any precedent or case law applicable to the matter;
- (e) Ensuring the investigation satisfies the sufficiency of evidence test and the public interest test;
- (f) Ensuring the evidence proves the elements of the offence to the standard of proof;
- (g) Determining if any mitigating circumstances exist giving reason to consider alternative means of achieving compliance.

The decision chart in paragraph 5.14 must be referred to when making a determination.

5.10.3.2 Decide the Matter

The SPEA delegated officer must document the review on the Infringement Notice - Review or Withdrawal Request Checklist and determine one of the following actions to be taken.

The grounds for withdrawal at paragraph 5.12 outlines specific circumstances that may satisfy the above withdrawal criteria.

5.10.3.2 Uphold an Infringement Notice

Where the withdrawal criteria outlined in paragraph 5.10.3.2.1 cannot be satisfied, the issuing of an infringement notice is upheld.

The reasons not satisfying withdrawal criteria at paragraph 5.13 outlines a range of circumstances that typically do not fall into any of the withdrawal criteria in paragraph 5.10.3.2.1. It should be noted that this list is not exhaustive. SPEA delegated officer discretion applies.
