5 Policy Statement

Council is committed to providing a domestic and commercial waste and recycling collection service within the waste collection areas in the Region that is cost effective and innovative, incorporating strategic and environmentally responsible waste management practices that continue to meet the needs of the community both now and into the future.

This policy assists in the provision of an economical and efficient waste and recycling collection service for the community that includes the collection, disposal, recycling and minimisation of waste from waste collection areas within the Region.

5.1 Collection Services

Council provides the following waste and recycling collection services within the waste collection areas for:

- (a) Domestic premises through a minimum service of:
 - (i) Weekly collections for domestic waste; and
 - (ii) Fortnightly collections for recyclable waste.
- (b) Commercial premises through a minimum services of:
 - (i) Weekly collection for commercial waste;
 - (ii) Fortnightly collection for recyclable waste; and
 - (iii) Additional services as requested or required by Council.

5.2 Waste Utility Fees and Charges

Waste fees and charges are determined through the annual budget and published in Council's annual Revenue Statement.

Council levies charges and any other legislatively imposed charges (for example waste levy) based on:

- (a) A minimum collection service for domestic premises; and
- (b) Frequency of collection for all additional and other collection services.

5.2.1 Waste Remission

The CEO or authorised officer may deem a multi-residential unit development eligible to be exempt from waste/recycling charges where it has been deemed impractical for Council to provide those services.

6 Review Timelines

This policy is reviewed when any of the following occur:

- (a) The related information is amended or replaced; or
- (b) Other circumstances as determined from time to time by the Council.
