Dear Mayor Strelow

Proposed South Rockhampton Levee Bank

Parmalat and its predecessors have carried on a milk manufacturing business at the corner of Alma and Stanley Streets, Rockhampton for over 50 years. This business processes over 30 million litres of milk a year, most of which is locally sourced. This milk is sold throughout Central and Northern Queensland.

Parmalat supports the construction of a flood levee as well as other initiatives to protect our business in times of flood.

Your sincerely

Parmalat Australia Pty Ltd
