

Local Laws Parking Rules

Rockhampton Regional Council Local Law No 5 (Parking) 2011 allows Council to complement the parking provisions of the *Transport Operations (Road Use Management) Act 1998 (TORUM)* to make provisions for parking in our region. This allows us to be able to manage parking in your local neighbourhood.

All motorists must comply with all the requirements of TORUM and any parking provisions provided for by Council to ensure the safe movement of traffic.

Illegal parking and unsafe parking on the road and on footpaths affects everyone and can:-

- endanger pedestrians by obstructing their path forcing them onto the road
- reduce the visibility of road users by obscuring the view of vehicles entering and leaving roads and driveways
- damage underground infrastructure
- cause surface damage to the footpath
- make it hard for emergency services such as fire and ambulance to attend the property.

The Pilbeam Theatre carpark and the carpark on the corner of Alma and Derby Streets are free all day public parking areas.

Other common parking rules are you must not park:-

- on a footpath; bicycle path; shared path; dividing strip; nature strip; or painted island
- on a road with a continuous yellow line
- in a designated parking space for a time longer than the maximum time indicated on the official sign
- in a manner that the vehicle is not wholly within the space
- stop an unauthorised vehicle in a loading zone, taxi zone or buszone
- in a disabled parking space without displaying your permit clearly with the number and expiry date visible from the outside of the vehicle
- stop on or across a driveway unless it is to pick up or drop off a passenger.

If a Local Laws Officer finds your vehicle parked illegally, an infringement notice may be issued to the registered vehicle owner.
