7. STATEMENT OF REASONS

Description of the development	Material Change of Use for a Dwelling House (within existing building)
Reasons for Decision	<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>
Assessment Benchmarks	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Strategic Framework; • Local Centre Zone Code; • Flood Hazard Overlay Code; • Access, Parking and Transport Code; • Landscape Code;

	<ul style="list-style-type: none"> • Stormwater Management Code; • Waste Management Code; and • Water and Sewer Code. 	
Compliance with assessment benchmarks	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exception listed below.	
	Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
	Local Centre Zone Code Purpose	<p>The proposed development is for a Dwelling House involving the entire building. This conflicts with overall outcome (2) (b) which requires residential uses to be above ground level or behind ground storey retail, commercial or community related uses.</p> <p>Despite this, the overall outcomes of the Local Centre Zone Code do contemplate residential uses in the Local Centre Zone, albeit above or behind commercial or community uses.</p> <p>The Dwelling House is well located in relation to infrastructure and other residential development. The existing built form is not anticipated to unduly impact on the amenity of the surrounding area and is generally consistent with the surrounding built form and streetscape, given the mix of residential and non-residential development.</p> <p>The development is not anticipated to compromise the role and function of the designated Mount Morgan Local Centre or impact on the loss of a community hall space, as several other similar use developments exist within the township.</p> <p>The proposed development complies with the remaining overall outcomes, therefore, on balance is considered to comply with the purpose of the zone.</p>
	Local Centre Zone Code Performance Outcome 6	<p>The proposal does not comply with Acceptable Outcome 6.1 as the residential use is not located above ground storey or behind ground storey retail, commercial or community uses; and is not located within a premises containing another use.</p> <p>While the existing building will be occupied by a dwelling, the built form, including the built to boundary frontage and general presentation of the building, means it will remain consistent with the existing and intended character of the streetscape. It also means the building may be occupied by a commercial or community use in the future. The ability for the residents to directly access the dwelling from East Street also assists, in part, in activating the street frontage.</p> <p>Therefore, the development maintains an active street frontage and is considered to achieve the performance outcome.</p>
	Local Centre Zone Code	The proposal does not comply with Acceptable Outcome 22.1 as no streetscape treatments are

	Performance Outcome 22	<p>proposed.</p> <p>No external works are proposed as part of the development. It is deemed impractical to provide street trees within the road verge due to limited setbacks or within the median strip due to obstructing electrical infrastructure.</p> <p>Therefore, the proposal is considered to achieve the performance outcome.</p>
Matters prescribed by regulation	<ul style="list-style-type: none"> • The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.2); and • The common material, being the material submitted with the application.
