#### 6. CURRENCY PERIOD FOR THE APPROVAL (s.85 of the *Planning Act*)

In accordance with section 85(1)(a)(ii) of the *Planning Act 2016*, the development approval lapses if the first change of use does not happen within six (6) years after the approval starts to have effect, if not stated otherwise in the conditions of approval attached.

#### 7. STATEMENT OF REASONS

|   |
|---|
| <b>Description of the development</b>   |
| Material Change of Use for Short-term Accommodation (ten (10) units)  |
| <b>Reasons for Decision</b>   |
| <p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p> |
| <b>Assessment Benchmarks</b>  |
| <p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> <li>• Local Government Infrastructure Plan;</li> <li>• Specialised Centre Zone Code;</li> <li>• Access, Parking and Transport Code;</li> <li>• Landscape Code;</li> <li>• Stormwater Management Code;</li> <li>• Waste Management Code;</li> <li>• Water and Sewer Code;</li> <li>• Flood Hazard Overlay Code; and</li> </ul>   |

- Airport Environs Overlay Code.

### Compliance with assessment benchmarks

The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.

| Assessment Benchmark                      | Reasons for the approval despite non-compliance with benchmark   |
|---|--|
| <b>Specialised Centre Zone Code</b>       | <p><b>Performance Outcome (PO) 3</b></p> <p>The proposed development does not comply with Acceptable Outcome (AO) 3.1 (a) and (b) because the private open space (balcony) areas do not meet the dimensions required:</p> <ul style="list-style-type: none"> <li>a. has a minimum area of nine (9) square metres; and</li> <li>b. has a minimum dimension of three (3) metres.</li> </ul> <p>Despite this, the developments alternative outcome can achieve the requirements of PO 3, because units 2 to 5 and 7 to 10 will be provided with a privately screened balcony that is seven (7) square metres and units 1 and 6 will have a privately screened balcony that is eight (8) square metres.</p> <p>This provides each residential use with privacy and a private outdoor living space. Therefore, the proposed development is taken to comply with PO 3.</p>   |
| <b>Access, Parking and Transport Code</b> | <p><b>Performance Outcome (PO) 5</b></p> <p>The proposed development does not comply with Acceptable Outcome (AO) 5.1.1 because the ten (10) on-site carparking spaces provided do not meet the minimum rate set out in Table 9.3.1.3.2 of the access, parking and transport code.</p> <p>The required minimum rate would be eleven on-site carparking spaces. One (1) space per unit (ten (10) units) and one (1) space for visitors.</p> <p>Despite this, the developments shortfall of one (1) carparking space is considered acceptable given the likely staggered parking demand associated with guest arrivals and departures, the short-stay nature of the use, and the site's central location within walking distance to the Rockhampton city business district, public transport, and surrounding commercial uses.</p> <p>The proposed parking provision is expected to adequately meet the demand likely to be generated by the development; and is not anticipated to adversely impact on the safety or capacity of the road network or unduly impact on local amenity.</p> <p>Therefore, the proposed development is taken to comply with PO 5.</p> |
