8. STATEMENT OF REASONS

Description of the development

Material Change of Use for Animal Keeping	
Reasons for Decision	
<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>	
Assessment Benchmarks	
<p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Strategic Framework; • Specialised Centre Zone Code; • Airport Environs Overlay Code; • Flood Hazard Overlay Code; • Access, Parking and Transport Code; • Landscape Code; • Stormwater Management Code; • Waste Management Code; and • Water and Sewer Code. 	
Compliance with assessment benchmarks	
<p>The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exception listed below.</p>	
Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
Airport Environs Overlay Code	<p>PO11</p> <p>The proposed development does not comply with Acceptable Outcome (AO) 11.1 because shade tree planting within the rear car parking area has not been provided at the rate set out in the AO.</p> <p>Despite this, it is not reasonable to require shade tree planting at the rear of the site (behind the building line) because it is already fully developed with impervious area and covered structures. This is considered a low level conflict with the Planning Scheme and on balance the proposed development complies.</p>
Relevant Matters	
<p>The proposed development was not assessed against any relevant matters outside of the matters prescribed by regulation.</p>	
Matters raised in submissions	
<p>The proposal was the subject of public notification between 4 August and 29 August 2023, in accordance with the requirements of the <i>Planning Act 2016</i> and the <i>Development Assessment Rules</i>, and no submissions were received.</p>	
Matters prescribed by regulation	

- The *Rockhampton Region Planning Scheme 2015 (version 2.2)*; and
- The common material, being the material submitted with the application.
