7. STATEMENT OF REASONS

Description of the development	
Material Change of Use for a Garden Centre	
Reasons for Decision	
<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>	
Assessment Benchmarks	
<p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Local Government Infrastructure Plan; • Low Impact Industry Zone Code; • Access, Parking and Transport Code; • Landscape Code; • Stormwater Management Code; • Waste Management Code; and • Water and Sewer Code. 	
Compliance with assessment benchmarks	
The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exception listed below.	
Assessment	Reasons for the approval despite non-compliance with benchmark

Benchmark	
Landscape Code	<p>The proposed development does not comply or compliance cannot be confirmed with several of the Acceptable Outcomes corresponding to the Performance Outcomes listed in the first column.</p> <p>This is because the Proposed landscaping is not provided in accordance with the requirements of the Zone code and Landscape design and street trees planning scheme policy. This includes for such matters as shade trees within parking areas.</p> <p>However, the proposed development can comply with the Performance Outcomes of the Landscape Code as landscaping along the property boundaries is conditioned in accordance with the requirements of the code. Additionally, due to the small-scale nature of the development, the requirement for shade trees within vehicle parking areas is considered unreasonable.</p> <p>Therefore, the proposed development is taken to comply with the provisions of the Landscape Code.</p>
Relevant Matters	
Not applicable to an assessable development application subject to code assessment.	
Matters prescribed by regulation	
<ul style="list-style-type: none"> • The Rockhampton Region Planning Scheme 2015 (version 5). • Central Queensland Regional Plan 2013; and • The common material, being the material submitted with the application.
