8. STATEMENT OF REASONS

Description of the development
Reconfiguring a Lot for a Subdivision (one lot into two lots)
Reasons for Decision

- a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and
- b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.

Assessment Benchmarks

The development was assessed against the following assessment benchmarks:

- Local Government Infrastructure Plan;
- Strategic Framework;
- Low Impact Industry Zone Code;
- Access, Parking and Transport Code;
- Landscape Code;
- Stormwater Management Code;
- Water and Sewer Code;
- Filling and Excavation Code;
- Reconfiguring a Lot Code; and
- Flood Hazard Overlay Code

Compliance with assessment benchmarks

The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exception listed below.

Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
Flood Hazard Overlay Code	<p>8.2.8.2 Purpose (2), (f); and Performance Outcome (PO) 14</p> <p>The proposed development does not comply with Acceptable Outcome (AO) 14.1 or the corresponding PO or Overall Outcome (2), (f), because the proposal is for the creation of a new lot (proposed Lot 2) in an area impacted by the flood hazard.</p> <p>Despite this, the proposed development does comply with Strategic Outcome 3.4.1 (3) and Specific Outcome 3.4.3.1 (1) of the Natural Environment and Hazards theme of the Strategic Framework, because:</p> <ul style="list-style-type: none"> • Proposed Lot 2 is only partially mapped as being affected by the Flood Hazard Overlay. • The developable area (i.e. excluding the Flood Hazard Overlay) of each proposed lot exceeds the minimum lot size requirement for a lot within the Low Impact Industry Zone and can comfortably accommodate a future industrial land use outside of the hazard; and • A condition of approval has also been imposed requiring a drainage easement over the extent of the Flood Hazard Overlay. The drainage easement will ensure no further development can occur within the flood hazard areas. <p>On this basis, it is considered there is no increased risk to people or property from flooding as a result of the proposed subdivision and the development does not conflict with the Strategic Framework of the <i>Rockhampton Region Planning</i></p>

	<i>Scheme 2015.</i>
Relevant Matters	
The proposed development was not assessed against any relevant matters outside of the matters prescribed by regulation.	
Matters raised in submissions	
The proposal was the subject of public notification between 4 February 2025 and 18 February 2025, in accordance with the requirements of the Planning Act 2016 and the Development Assessment Rules, and one (1) submission was received.	
Proposed Lot 2 access	<p>The submitter raised concerns in relation to the proposed access strip for Lot 2. Specifically, increased traffic, dust, noise, the removal of trees within the lot for the access that may reduce privacy for the adjoining property owner and damage to the existing rural pipeline.</p> <p>The proposed access strip is compliant with the requirements of table 9.3.5.3.2 of the Access, Parking and Transport Code and table 9.3.5.3.2 of the Reconfiguring a Lot Code of the <i>Rockhampton Region Planning Scheme 2015</i>.</p> <p>All access works and potential environmental impacts for a future land use on proposed Lot 2 would require an assessment against the relevant codes of the planning scheme prior to the commencement of the use. The concerns raised are not considered as part this approval. Furthermore, direct access to proposed Lot 2 from the Capricorn Highway is not permitted as an alternative as per the response from the Department of Housing, Local Government, Planning and Public Works (SARA) as a referral agency to the application.</p>
Matters prescribed by regulation	
<ul style="list-style-type: none"> • The Rockhampton Region Planning Scheme 2015 (version 4.4). • Central Queensland Regional Plan 2013; and • The common material, being the material submitted with the application.
