7. STATEMENT OF REASONS

Description of the development	Material Change of Use for Hotel (Extension)	
Reasons for Decision	<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>	
Assessment Benchmarks	<p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Principal Centre Zone Code; • Airport Environs Overlay Code; • Access, Parking and Transport Code; • Landscape Code; • Stormwater Management Code; • Waste Management Code; and • Water and Sewer Code. 	
Compliance with assessment benchmarks	<p>The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exception listed below.</p>	
	Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
	Principal Centre Zone Code	<p>PO8</p> <p>The proposal does not meet Acceptable Outcome 8.1 or fully meet Performance Outcome 8 regarding the minimum building height of two (2) storeys and ten (10) metres above ground level.</p> <p>The maximum building height will be 7.545 metres and majority of the site will exhibit as single storey when viewed from the public.</p> <p>Despite this, the development is considered to achieve the overall outcomes and purpose of the Principal Centre Zone for the following reasons:</p> <ul style="list-style-type: none"> • Sections of the Hotel will present as a two (2) storey building which will be achieved by retaining the original façade and arch windows along Denham Street. This combination of historic architecture and modern design will assist in retaining the important character values of the building and reflect the significance of the Principal Centre Zone. • Three (3) entry points to the facility will be provided with the main entrance from Bolsover Street into the indoor entertainment area, Denham Street into the beer garden and the third access from the existing on-site car park

		<p>on the north side of the building. This will activate the street frontage and enhance integration with pedestrians;</p> <ul style="list-style-type: none"> • The existing twenty-four (24) on-site car parks will be retained. Located beside the main structure to the north, from Bolsover Street to Bolsover Lane, the carpark does not present as a dominant feature. The carpark is well positioned, adjacent the Alma Street carpark (designated all day parking zone) and will provide additional linkages for pedestrians throughout the City Business District (CBD); and • The retention of awnings along Bolsover Street and part of Denham Street will continue to provide a shady, safe and well connected public pedestrian path. Furthermore, the remaining un-awned footpath along Denham Street frontage will preserve the existing building façade and has been offset with additional street trees to assist with the greening of the CBD.
Matters prescribed by regulation	<ul style="list-style-type: none"> • The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.2); and • The common material, being the material submitted with the application.
