8. STATEMENT OF REASONS

Description of the development
Material Change of Use for a Non-Resident Workforce Accommodation
Reasons for Decision
<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>
Assessment Benchmarks
<p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> • Strategic Framework; • Medium Impact Industry Zone Code; • Flood Hazard Overlay Code; • Access, Parking and Transport Code; • Filling and Excavation Code; • Landscape Code; • Stormwater Management Code;

<ul style="list-style-type: none"> • Waste Management Code; and • Water and Sewer Code. 	
Compliance with assessment benchmarks	
The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.	
Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
Medium Impact Industry Zone Code	<p>Performance Outcome (PO) 4</p> <p>The development does not include a pedestrian entry door that is visible from the street (Somerset Road). As such, the proposal does not comply with Acceptable Outcome 4.1.</p> <p>The subject site is in an established industrial area with existing industrial uses. Further, there are no pedestrian footpaths fronting the site on Somerset Road. Given the nature of the use, existing activities on-site, and lack of existing pedestrian infrastructure, it is not considered necessary for the proposed building to have a pedestrian entry door visible to the Somerset Road frontage.</p> <p>As such, the development is taken to comply with Performance Outcome 4 (PO4).</p>
	<p>Performance Outcome (PO) 7</p> <p>The development does not comply with Acceptable Outcome 7.1 as no landscaping is proposed as part of the development.</p> <p>The proposed development is using an existing industrial site that did not previously accommodate formalised landscaping along Somerset Road frontage.</p> <p>The accommodation building structure is located behind existing established trees along the north-west boundary and is not visible to the street nor is expected to cause any visual amenity issues to nearby industrial premises or the surrounding area.</p> <p>Therefore, the development is considered to comply with Performance Outcome 7 (PO7)</p>
	<p>Performance Outcome (PO) 16</p> <p>The development does not comply with Performance Outcome 16 and no acceptable outcome is nominated.</p> <p>The proposal is consistent with the purpose of the zone as a non-resident workforce accommodation use is contemplated when associated with an industrial use on the same site and located on an urban sub-arterial road or higher order road. Somerset Road is an Industrial Collector Road and as such is classed as a higher order road. Furthermore, the development will not generate traffic or movements beyond the capacity of the road, and there will be no additional staff employed as a result of the accommodation use.</p> <p>The development while introducing an additional land use (Non-resident Workforce Accommodation), is not introducing an additional industrial activity and the accommodation component is deemed to be an extension to the existing onsite operation of the established wrecking yard.</p>
Relevant Matters	
The proposed development was not assessed against any relevant matters outside of the matters prescribed by regulation.	
Matters raised in submissions	

The proposal was the subject of public notification between 30 April 2021 and 21 May 2021, in accordance with the requirements of the <i>Planning Act 2016</i> and the Development Assessment Rules, and no submissions were received.
Matters prescribed by regulation
<ul style="list-style-type: none"> • The <i>Rockhampton Region Planning Scheme 2015</i> (version 2.2); and • The common material, being the material submitted with the application.
