In accordance with section 85(1)(b)(ii) of the *Planning Act 2016*, the development approval lapses if a plan for the reconfiguration that, under the Land Title Act, is required to be given to a local government for approval is not given to the local government within four (4) years after the approval starts to have effect, if not stated otherwise in the conditions of approval attached.

## 7. STATEMENT OF REASONS

<b>Description of the development</b>	
Reconfiguring a Lot for a Subdivision (one lot into two lots)	
<b>Reasons for Decision</b>	
<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>	
<b>Assessment Benchmarks</b>	
<p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> <li>• Local Government Infrastructure Plan;</li> <li>• Low Density Residential Zone Code;</li> <li>• Access, Parking and Transport Code;</li> <li>• Landscape Code;</li> <li>• Stormwater Management Code;</li> <li>• Water and Sewer Code;</li> <li>• Filling and Excavation Code; and</li> <li>• Reconfiguring a Lot Code.</li> </ul>	
<b>Compliance with assessment benchmarks</b>	
The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.	
<b>Assessment Benchmark</b>	<b>Reasons for the approval despite non-compliance with benchmark</b>
Reconfiguring a Lot Code	<p><b>Performance Outcome (PO) 7 and PO8</b></p> <p>The proposed development does not comply with Acceptable Outcome (AO) 7.1 and 8.4 because the access strip for proposed Lot 50 has an access strip that exceeds 40 metres where AO 7.1 and AO8.4 requires an access strip to meet the</p>

	<p>requirements outlined in table 9.3.1.3.2.</p> <p>Despite this, the proposed development ensures the proposed rear lot is of a regular shape and dimension that is consistent with the intended purpose of the land because:</p> <ul style="list-style-type: none"> <li>• No changes to the length of the existing access driveway is proposed as part of the application; and</li> <li>• Due to the lack of infrastructure available in the area, the proposed front lot is required to be a minimum of 4,000 square metres to allow for onsite septic which subsequently determines the length of the property boundary.</li> </ul> <p>Therefore, the proposed development is taken to comply with PO 8.</p>
Water and Sewer Code	<p><b>Performance Outcome (PO) 3</b></p> <p>The proposed development does not comply with Acceptable Outcome (AO) 3.1 because the proposed lots are not connected to council's reticulated wastewater system, where AO3.1 requires lots within the sewer supply area to be connected to council's reticulated sewerage network.</p> <p>However, due to the lack of sewerage infrastructure within the area, the development has been designed to a suitable size to allow for onsite septic. Future trunk sewerage infrastructure for the area has been identified in the local government infrastructure plan (LGIP) (SEW-42). The proposed lot has potential to connect to a reticulated sewerage network once trunk infrastructure is provided.</p> <p>Therefore, the proposed development is taken to comply with PO 3.</p>
<b>Relevant Matters</b>	
Not applicable to an assessable development application subject to code assessment.	
<b>Matters prescribed by regulation</b>	
<ul style="list-style-type: none"> <li>• The Rockhampton Region Planning Scheme 2015 (version 4.4); and</li> <li>• The common material, being the material submitted with the application.</li> </ul>
