#### 7. STATEMENT OF REASONS

<b>Description of the development</b>	
Material Change of Use for a Dwelling House (Building Envelope)	
<b>Reasons for Decision</b>	
<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>	
<b>Assessment Benchmarks</b>	
<p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> <li>Local Government Infrastructure Plan;</li> <li>Rural Zone Code; and</li> <li>Bushfire Hazard Overlay Code.</li> </ul>	
<b>Compliance with assessment benchmarks</b>	
The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.	
<b>Assessment Benchmark</b>	<b>Reasons for the approval despite non-compliance with benchmark</b>
Rural Zone Code	<p><b>Performance Outcome (PO) 3</b></p> <p>The proposed development conflicts with Acceptable Outcome (AO) 3.1 (a) because the Building Envelope is not set back a minimum of 20 metres from the</p>

	<p>road frontage boundary as required by AO3.1 (a).</p> <p>Despite this, the developments alternative solution can achieve the requirements of PO 3, because:</p> <p>Whilst the setback to the road frontage (Malchi - Nine Mile Road) is reduced to 6 metres, the remaining setbacks (sides and rear) are over and above 100 metres plus. Indicating that the development will not compromise the continued operation of an intensive animal industry, extractive industry, or a similar potential use on neighbouring rural land.</p> <p>Therefore, the proposed development is taken to comply with PO3.</p>
	<p><b>Performance Outcome (PO) 31</b></p> <p>The proposed development may conflict with Performance Outcome (PO) 31 and no acceptable outcome (AO) is nominated.</p> <p>PO31 states that "Development does not unduly impact on the existing amenity and character of the locality having regard to:</p> <ol style="list-style-type: none"> <li>a. the scale, siting and design of buildings and structures;</li> <li>b. visibility of buildings and structures when viewed from roads and other public view points; and</li> <li>c. any heritage places.</li> </ol> <p>Whilst the setback to the road frontage (Malchi - Nine Mile Road) is reduced to 6 metres, it is not anticipated to impact on the existing amenity and character of the rural locality because:</p> <ul style="list-style-type: none"> <li>• The reduced setback will enable any future residence to be sited outside the flood hazard whilst still maintaining a suitable setback from the road. This is consistent with the properties to the South which all have reduced setbacks to Malchi - Nine Mile Road to avoid the flood hazard; and</li> <li>• Conditions will be imposed to ensure any future dwelling is designed in accordance with the built form provisions of the Rural Zone Code.</li> </ul> <p>Therefore, the proposed development is taken to comply with PO3.</p>
<p><b>Relevant Matters</b></p>	
<p>Not applicable to an assessable development application subject to code assessment.</p>	
<p><b>Matters prescribed by regulation</b></p>	
<ul style="list-style-type: none"> <li>• The Rockhampton Region Planning Scheme 2015 (version 5).</li> <li>• Central Queensland Regional Plan 2013; and</li> <li>• The common material, being the material submitted with the application.</li> </ul>

NOTE: Council is not required to approve Contingency Plans. Council does not accept any liability for loss of or damage to property, or injury, or loss of life as a result of any person using or relying on the Contingency Plan or failing to use the Contingency Plan during a flood event.

It is the responsibility of the owner or occupier of the land from time to time to implement the Contingency Plan during a flood event or if there is a risk of flooding near the land.

A review and amendment of the Contingency Plan should be undertaken with any change in the owner or occupier of the land to demonstrate appropriate evacuation routes and preparation procedures during a flood event or if there is a risk of flooding near the land.
