Appeals against an Infrastructure Charges Notice

The person given an infrastructure charges notice may appeal the infrastructure charges notice on 1 or more of the following grounds —

- (a) the notice involved an error relating to —
 - (i) the application of the relevant adopted charge; or

Examples of errors in applying an adopted charge —

- The incorrect application of gross floor area for a non-residential development.
- Applying an incorrect ‘use category’, under a regulation, to the development.

- (ii) the working out of extra demand, for section 120 of PA; or
- (iii) an offset or refund; or
- (b) there was no decision about an offset or refund; or
- (c) if the infrastructure charges notice states a refund will be given—the timing for giving the refund; or
- (d) the amount of the charge is so unreasonable that no reasonable relevant local government could have imposed the amount.

To remove any doubt, it is declared that the appeal against an infrastructure charges notice must not be about —

 - (i) the establishment cost of infrastructure identified in an LGIP; or
 - (ii) the cost of infrastructure decided using the method included in the local government’s charges resolution.
