**8. STATEMENT OF REASONS**

<b>Description of the development</b>
Material Change of Use for a Dual Occupancy
<b>Reasons for Decision</b>
Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity.
<b>Assessment Benchmarks</b>
The development was assessed against the following assessment benchmarks: <ul style="list-style-type: none"> <li>• Local Government Infrastructure Plan;</li> <li>• Strategic Framework;</li> <li>• Low Density Residential Zone Code ;</li> <li>• Access, Parking and Transport Code;</li> <li>• Landscape Code;</li> </ul>

<ul style="list-style-type: none"> <li>• Stormwater Management Code;</li> <li>• Waste Management Code;</li> <li>• Water and Sewer Code; and</li> <li>• Flood Hazard Overlay Code.</li> </ul>	
<p><b>Compliance with assessment benchmarks</b></p>	
<p>The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.</p>	
<p><b>Assessment Benchmark</b></p>	<p><b>Reasons for the approval despite non-compliance with benchmark</b></p>
<p><b>Low Density Residential Zone Code</b></p>	<p><b>6.2.1.2 Purpose</b></p> <p><b>Residential stables precinct (4), (d)</b></p> <p>The proposed development does not comply with the following Overall Outcome of the Residential Stables Precinct in the Low Density Residential Zone Code which states:</p> <p><i>(4), (d) The intensification of residential development in the form of subdivision of lots less than 800 square metres, or via the development of residential accommodation types resulting in a density of more than one (1) dwelling per lot does not occur.</i></p> <p>The development for a Dual Occupancy will increase the density to two (2) dwellings on the subject lot. Despite this, the development creates a mixture of residential options that is desirable in the Low Density Residential Zone and sought after under the Strategic Outcomes for the Urban designation, Specific Outcome (1).</p> <p>Furthermore, the proposed development does comply on balance with the remaining overall outcomes of the Low Density Residential Zone and Residential Stables Precinct because:</p> <ul style="list-style-type: none"> <li>• The proposal provides a small scale detached residential building that is consistent with the built form requirements of the zone and does not impact the characteristics of the surrounding area as the additional dwelling is located behind the existing dwelling orientated to Berserker Street.</li> <li>• There will be no impact on the amenity of the additional dwelling as there are no stables on the subject site or immediately surrounding the site.</li> </ul> <p>Therefore, the development is considered to comply with the Overall Outcomes of the Low Density Residential Zone and is not anticipated to compromise the Strategic Framework of the <i>Rockhampton Region Planning Scheme 2015</i>.</p>
<p><b>Relevant Matters</b></p>	
<p>The proposed development was not assessed against any relevant matters outside of the matters prescribed by regulation.</p>	
<p><b>Matters raised in submissions</b></p>	
<p>The proposal was the subject of public notification between 31 July 2025 and 21 August 2025 in accordance with the requirements of the Planning Act 2016 and the Development Assessment Rules, and no submissions were received.</p>
