Maximum penalties for breaching the duty of care are listed in the Aboriginal cultural heritage legislation. The information on Aboriginal cultural heritage is available on the Department of Aboriginal and Torres Strait Islander and Partnerships website [www.datsip.qld.gov.au](http://www.datsip.qld.gov.au).

General environmental duty under the *Environmental Protection Act 1994* prohibits unlawful environmental nuisance caused by noise, aerosols, particles, dust, ash, fumes, light, odour or smoke beyond the boundaries of the development site during all stages of the development including earthworks, construction and operation.

### NOTE 4. Licensable Activities

Should an activity licensable by Rockhampton Regional Council be proposed for the development site, Council's Environment and Public Health Unit must be consulted to determine whether any approvals are required. Such activities may include food preparation, storage of dangerous goods or environmentally relevant activities. Approval for such activities is required before 'fit out' and operation.

### NOTE 5. General Safety Of Public During Construction

The *Work Health and Safety Act 2011* and *Manual of Uniform Traffic Control Devices* must be complied with in carrying out any construction works, and to ensure safe traffic control and safe public access in respect of works being constructed on a road.
