The standard currency periods stated in section 85 of *Planning Act 2016* apply to each aspect of development in this approval, if not stated in the conditions of approval attached.

#### 8. STATEMENT OF REASONS

<b>Description of the development</b>	The proposed development is for a Material Change of Use and Operational Works - Low Impact Industry and Operational Works for Advertising Devices
<b>Reasons for Decision</b>	<p>a) The proposal has taken into consideration surrounding sensitive uses and has incorporated a design that will not result in any additional impacts or detract from the Specialised Centre Zone;</p> <p>b) The proposal is most suitably located on the site due to its proximity to a higher-order road;</p> <p>c) The proposed use is considered to be commensurate and consistent with the development form of the surrounding commercial area.</p> <p>d) The proposed use does not compromise the strategic framework in the <i>Rockhampton Region Planning Scheme 2015</i>;</p> <p>e) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity;</p> <p>f) The proposed development does not compromise the relevant State Planning Policy; and</p> <p>g) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>
<b>Assessment Benchmarks</b>	<p>The proposed development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> <li>• Specialised Centre Zone Code;</li> <li>• Advertising Devices Code;</li> <li>• Access, Parking and Transport Code;</li> <li>• Stormwater Management Code; and</li> <li>• Water and Sewer Code.</li> </ul>
<b>Compliance with assessment benchmarks</b>	The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exception listed below.

	<b>Assessment Benchmark</b>	<b>Reasons for the approval despite non-compliance with benchmark</b>
	Specialised Centre Zone	The proposal is for a low impact industry use within the mixed use sub-precinct; however, the proposed development has taken into consideration surrounding residential and commercial uses to incorporate a design that has minimal impacts on surrounding sensitive uses. Design elements include positioning the development to face towards Musgrave Street away from any residential uses, incorporating all parking and loading areas in front of the proposed building and away from residential uses and all lighting associated with the development will meet the requirements of the Australian Standards and be positioned so as not to cause an impact on the surrounding residential uses. It is noted that tyre and mechanical stores as proposed are a common use within commercial areas due to the need to be located in built up areas in proximity to frequent passing traffic.
<b>Matters prescribed by regulation</b>	<ul style="list-style-type: none"> <li>• The <i>State Planning Policy – Part E</i>;</li> <li>• The <i>Central Queensland Regional Plan</i>;</li> <li>• The <i>Rockhampton Region Planning Scheme 2015</i>;</li> <li>• Surrounding use of adjacent premises in terms of commensurate and consistent development form; and</li> <li>• The common material, being the material submitted with the application.</li> </ul>
