

# Asbestos Disposal Booking Enquiries

Asbestos is a regulated waste prescribed by Schedule 9 of the Environmental Protection Regulation 2019 and must be managed in accordance with this and the Public Health Regulation 2018.

The Lakes Creek Road Waste Management Facility is the only Council facility in the Rockhampton Region that accepts regulated waste, with limitations.

## Requirements for disposal

### Domestic Customers

- Environmental Authority required for transporting 175kg or more
- Waste Tracking Certificate required for 250kg or more

### Commercial Customers

- Environmental Authority required for transporting 175kg or more
- Waste Tracking Certificate required for any quantity

## Booking Requirements

- Bookings are mandatory for loads over 175kg (48 hours' notice)
- Submit the [Asbestos Disposal Booking Form](#)
- Confirmation will be provided via phone or email

## Preparing Asbestos for Disposal

- Wet or seal asbestos before wrapping to prevent fibre release
- Wrap in 0.2mm thick heavy-duty polyethylene plastic
- Label clearly with "CAUTION ASBESTOS"
- Bundles must be manageable and not exceed 2400mm x 900mm

## Bulk loads

- Bulk loads (e.g. contaminated soil, house fire waste) must be wetted during unloading.
- Transporters must supply a water tanker at their own expense or supplied by Council at a cost, subject to availability.
- No tipping is permitted without dust suppression.
