#### SUMMARY

*In accordance with Chapter 5, Part 2, Division 3 of the Local Government Regulation 2012, a local government must adopt, for each financial year a budget for its Operations prior to 1 August in the financial year. The budget papers were circulated via memo to all Councillors on 9 June 2016. At the time of writing only very minor changes were proposed for the Capital Program, which as they are not substantial, will be held to the first Budget Revision.*

#### OFFICER'S RECOMMENDATION

THAT

1. Council receive and adopt the 2016/17 Budget including forward estimates in accordance with Section 169 of the *Local Government Regulation 2012* comprising:-
    - a) The Budgeted Income and Expenditure Statement, Budgeted Statement of Financial Position, Budgeted Statement of Cashflows and Budgeted Statement of Changes in Equity for the 2016/17 financial year, 2017/18 financial year and 2018/19 financial year;
    - b) One Page Budget Summary for the 2016/2017 financial year; and
    - c) The relevant measures of Financial Sustainability for 2016/2017 and the next nine financial years.
    - d) Capital Budget Listing – 2016/17 to 2018/19
  2. Council adopt the Revenue Statement as tabled and more specifically:-
    - a) Pursuant to Section 81 of the *Local Government Regulation 2012*, the categories into which rateable land is categorised and the description of each of those categories for the financial year beginning 1 July 2016 is as set out in Section 3 of the Revenue Statement.
    - b) Pursuant to Section 81 of the *Local Government Regulation 2012*, Council delegates to the CEO the power to identify the rating category to which each parcel of rateable land belongs, as set out in Section 3 of the Revenue Statement.
    - c) Pursuant to Sections 80 and 81 of the *Local Government Regulation 2012*, Council will make and levy a differential general rate on all parcels of rateable land included in each category for the financial year beginning 1 July 2016, as set out in Section 3 of the Revenue Statement.
    - d) Pursuant to Section 77 of the *Local Government Regulation 2012*, Council will make and levy a minimum differential general rate on all parcels of rateable land in the Local Government area for the financial year beginning 1 July 2016 as set out in Section 3 the Revenue Statement.
    - e) Pursuant to Section 116 of the *Local Government Regulation 2012*, Council will limit the percentage increase in the differential general rate. The limitation on increases for the financial year beginning 1 July 2016 shall be as set out in Section 4 of the Revenue Statement.
-

- f) Pursuant to Section 94 of the *Local Government Regulation 2012*, Council will make and levy a special charge for the purpose of raising revenue for each Rural Fire Brigade for the financial year beginning 1 July 2016, as set out in Section 5 of the Revenue Statement.
  - g) Pursuant to Section 103 of the *Local Government Regulation 2012*, Council will make and levy a separate charge on all parcels of rateable land for the purposes of defraying part of the cost of maintenance of the road network for the financial year beginning 1 July 2016, as set out in Section 6 the Revenue Statement.
  - h) Pursuant to Section 103 of the *Local Government Regulation 2012*, Council will make and levy a separate charge on all parcels of rateable land for the purposes of defraying part of the cost of formulating and implementing initiatives for environmental protection, enhancement and conservation for the financial year beginning 1 July 2016, as set out in Section 6 the Revenue Statement.
  - i) Pursuant to Section 99 of the *Local Government Regulation 2012*, Council make and levy Utility Charges for Water, Sewerage and Waste & Recycling for the financial year beginning 1 July 2016, as set out in Section 7 of the Revenue Statement.
  - j) Pursuant to Section 118 of the *Local Government Regulation 2012*, all rates and charges shall be due and payable within 30 days of the issue date of a notice to pay as set out in Section 10 of the Revenue Statement.
  - k) Pursuant to Section 133 of the *Local Government Regulation 2012*, Council will charge interest on overdue rates and charges at an interest rate of 11% per annum, compounded on daily rests, on rates and charges remaining outstanding 30 days after the due date as set out in Section 11 of the Revenue Statement.
  - l) Pursuant to Section 130 of the *Local Government Regulation 2012*, Council will allow a discount of 10% on gross Council rates and charges excluding all special charges, Natural Environment separate charge or water consumption charges, provided payment of the full amount outstanding and overdue rates and interest is paid by the due date as set out in Section 12 of the Revenue Statement.
  - m) Pursuant to Chapter 4, Part 10 of the *Local Government Regulation 2012*, Council allows rating concessions in the manner described in Section 13 of the Revenue Statement.
3. Council adopt the Debt Policy in accordance with Section 192 of the *Local Government Regulation 2012*.
  4. Council adopt the Long Term Financial Forecast as provided, which includes the Income and Expenditure as well as the value of Assets, Liabilities and Equity for Rockhampton Regional Council, in accordance with Sections 169 & 171 of the *Local Government Regulation 2012*.
  5. Council receives the financial position for the 2015/16 financial period as contained in the attached report in accordance with Section 205 of the *Local Government Regulation 2012*.
  6. In accordance with Section 169(3)(i) of the *Local Government Regulation 2012*, Council receive the estimated statement for each significant business activities and commercial business units.

Council receives the remainder of the documentation as working papers to support the 2016/17 adopted budget including the Capital Budget Listing for 2016/17 to 2018/19 and Budget Report.

**COMMENTARY**

The attached budget Documentation is fairly self-explanatory and details the range of documents presented for Council approval.

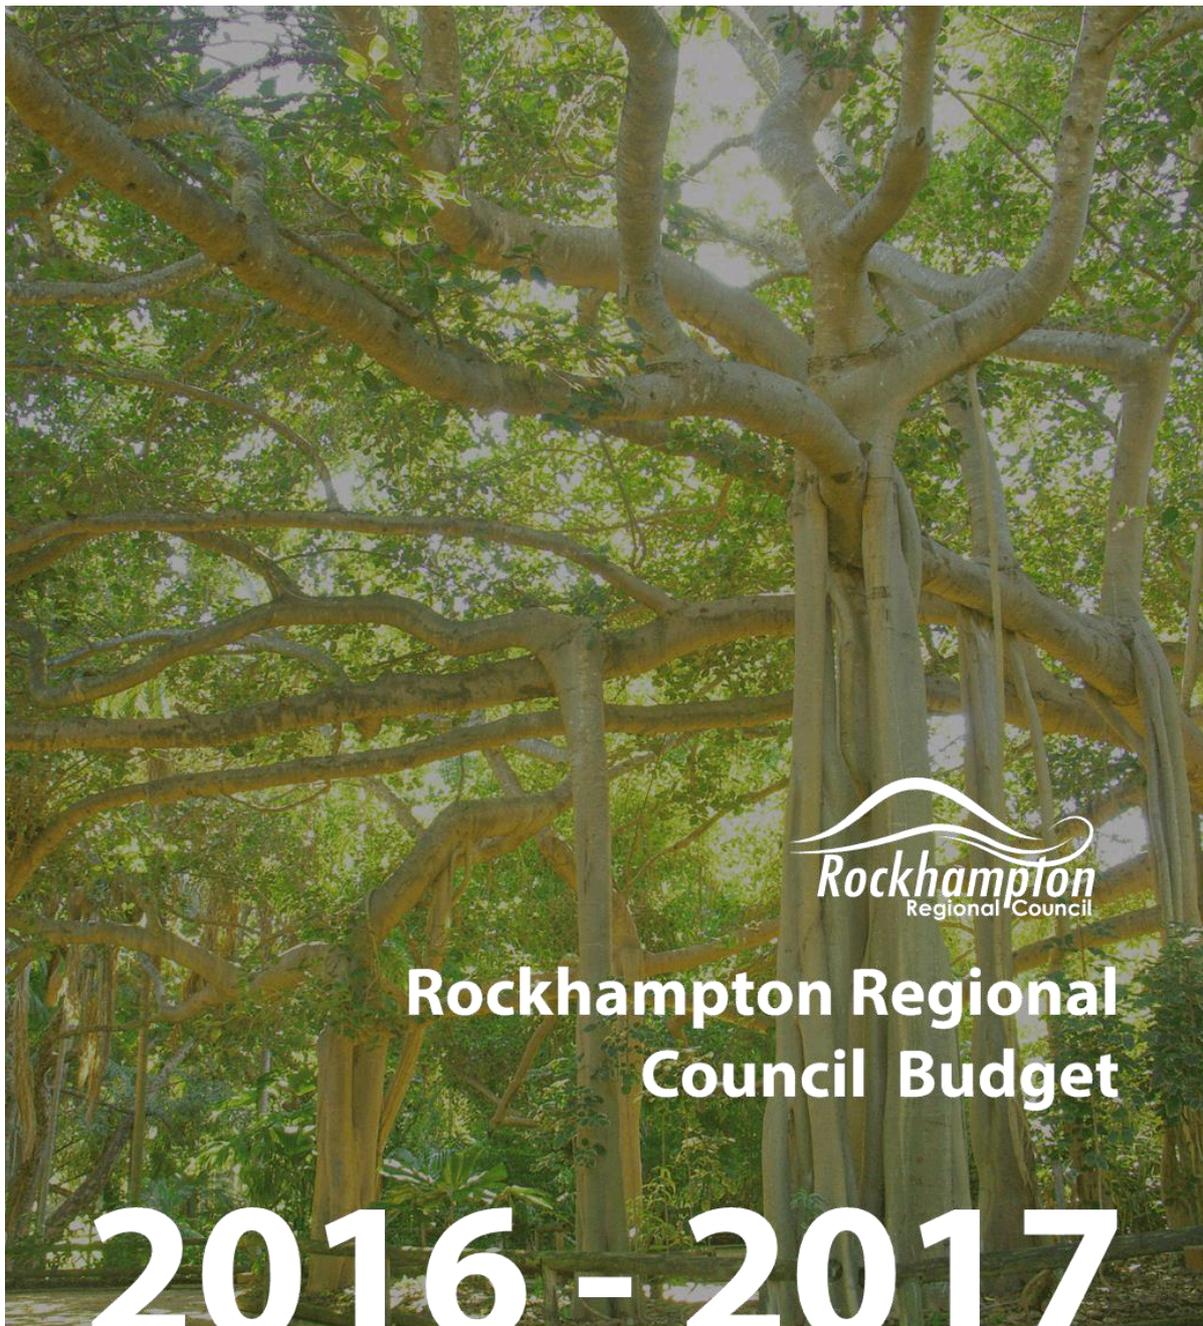

The Budget report commencing on Page 1, describes the budget in plain words and is a good overall summary of the budget.

BUDGET**

2016/2017  
Budget Report

**2016/17 Budget**

In the last 12 to 18 months, we have seen a substantial downturn in the local economy. The community is doing it tough and there have been noticeable impacts on Council's own businesses. This budget sees Council stimulating the local economy in a number of ways in an effort to make Rockhampton the region that the community values and others admire.

**Boosting the local economy with a Large Capital Works Program**

This budget sees the largest Capital program since de-amalgamation. The total Capital spend of \$88.7 million, will be spent in our region and based upon past performance, it is estimated that more than two thirds will be spent locally which will be a real boost to our local businesses. (There will always be some things that we need which can't be purchased locally.)

The large and notable projects included are:

The Riverbank Development project \$15.9 million for 2017/18 (total expenditure of \$35.5 million for project) with a new road and paths along Quay Street, riverside restaurant, playgrounds and smart technology which will be a fantastic platform for future community events along our beautiful river.

A redeveloped central precinct at Kershaw Gardens with a budgeted spend this year of \$3 million (Total expenditure of \$14 million for the project incorporating 2015/2016). Following the devastating impact of TC Marcia on Kershaw Gardens this project will provide a new and improved outdoor space with several playgrounds, water play area, amenities, seats and BBQ's so that we can once again fully enjoy the beautiful Kershaw Gardens.

A new pound facility at Gracemere for \$800,000 (Total expenditure for project of \$1.6 million). The Rockhampton Pound has passed its use-by date and the decision has been made to build a totally new pound facility at Gracemere. This will lead to improved animal welfare, increased capacity for lost animals and better containment of infectious diseases in the animals.

Mount Morgan Sewerage Upgrade - \$1.1m has been budgeted for Stage 2 of this project which is imperative to the basic amenity of the township. Mount Morgan Water Treatment Plant also sees renewal expenditure of \$800,000 in this budget year.

A library facility at Gracemere in the Council offices on Ranger Street for \$215,000. The budget provides for an upgrade of the furnishings and fittings so that this building can become a long awaited library space for all the community to enjoy.

Repair of infrastructure damaged in the Tropical Cyclone Marcia Natural disaster \$10.1 million. A substantial portion of the Roadworks capital program is dedicated to repairing and upgrading a number of roads damaged by the quick succession of recent natural disaster events. Key roads such as Pilbeam Drive, Dean Street, Thozet Road in North Rockhampton will be improved in addition to a number of rural roads. The majority of these works will be contracted out due to the rules of reimbursement under the Natural Disaster Relief and Recovery guidelines.

Other notable projects:

• Lakes Creek Road Landfill - Life Extension	\$4,000,000
• North Rockhampton Sewerage Treatment Plant	\$1,750,000
• Reconstruction Capricorn St - Gracemere Creek	\$1,630,018
• McLeod Park Drainage Scheme (Stage 2A)	\$1,500,000
• Gracemere Sewerage Treatment Plant Augmentation	\$1,200,000
• Cedric Archer Park sport and recreation precinct	\$1,150,000
• Redevelopment of 42nd Battalion Memorial Pool	\$1,083,432
• Glenmore Water Treatment Plant Electrical Renewals	\$1,000,000
• North Street-Canning Street to Robert Street	\$930,000
• Airport Main Runway Resurface commencement	\$800,000
• Reconstruction Campbell Street-Albert St to North St	\$734,400

More details on capital expenditure are available further in this booklet.

#### Boosting the local economy by progressing key elements of the Economic Development Plan

Council adopted an Economic Development Strategy in October 2015 which set some aspirational targets for growth and identified a number of key priorities which have been funded in this budget process.

- Agriculture and Food Industry Growth and Diversification

This budget sees the provision for a new role within Council whose key goal will be to build upon Rockhampton's comparative advantage of agriculture and then value adding. Council wants to be in a position to utilise the benefits from its own water assets and the added storage capacity of the Rookwood Weir when this is eventually completed. In the meantime there is much to do in planning, preparing and utilising our current resources including beef, fruits, vegetables and other crops and the subsequent processing of these goods. Within the Strategy there are several key opportunities which Council intends pursuing.

- Branding and Marketing

Regional Signage and Promotions budget has been expanded with a view to developing a variety of promotional material in a number of media types. This will expand our brand to those outside the region to more than the traditional image of beef production. Regional tourism signage of \$200,000 in the capital budget will also assist in raising the profile by creating billboard signage covering all Council attractions, campaigns for fishing, arts and heritage tourism.

- Small Business Development

A smart-hub has been included into the 16/17 budget which will be office space at 212 Quay Street that is available for small business start-ups. This initiative along with our roll-out of actions in Council's digital strategy will pave the way for smart investments within our region. Council has also continued to provide for business incentives within the Central Business District for those wanting to change the existing uses of property.

- Urban Rejuvenation

The CBD Redevelopment Framework, a critical procedure for mapping out the revitalisation game-plan for the CBD, has been included in the Budget for \$480,000. It will define all necessary actions for underpinning Council and private priorities, including:

- Physical improvements in the public and private realms - building repurposing, infill development, facade improvements, heritage and character building conservation;
- Economic development initiatives - optimising attractiveness for reinvestment;
- Place making – street scaping, open space connections, public art, laneway use, event and festival development;
- Functionality improvements - signage, lighting, parking, gateways, pedestrian legibility, etc.;
- Catalyst projects – convention centre, expanded art gallery;
- Structural and procedural changes in Council operations, policies and procedures;
- Necessary partnerships, roles, resources and tools required to deliver recommended programs and projects;
- New or enhanced CBD uses such as residential, microbrewery, dining precinct.

#### Boosting the local economy by maintaining and growing its own employment

Council continues to maintain its own employment with security of employment for more than 860 full time equivalent staff. As one of the major employers of Rockhampton, we realise the importance of stability in these tough times. With the amount of new parks coming under Council control each year, the work crews have been under substantial pressure to deliver the level of service the community desires. As a result Council will expand its employment in the areas of Parks Maintenance and street cleaning services. This will allow more effective mowing schedules and crews to be more responsive to maintenance requests from the community. The additional street cleaning services will ultimately help the Stormwater network by mitigating the debris that is washed into our drainage network.

#### Boosting the local economy by sponsorship and organising events

Council's commitment to the River Festival has grown following the success of the inaugural festival last year. It is intended that this festival be the premier event for the Rockhampton community calendar. In addition, Council has continued sponsorship of a number of events that will act as a marketing tool to showcase our region. These are: Secret Sundays, Food and Wine Festival, Annual Shows, Christmas Fair, Anzac Day, Eisteddfod and Dance Festival, Rocky Swap, Challenge the Mountain, and Golden Mount Festival to name some.

This year Council has allocated an additional \$100,000 towards a bid for a local entry into the Women's National Basketball League. If successful in this bid, there will be many positive flow-on effects for the community.

#### Boosting the local economy by keeping rates low

As mentioned in the outset, the business of Council has also suffered with revenue declining in the areas of development, airport landing activity and our private works activity. All this has impacted Council's bottom line. The Residential ratepayer increase of 3.1% is a key achievement in this budget. The Council Cost Index released by the Local Government Association of Queensland showed a cost base increase of 1.9%, but did not factor in the freeze of Federal Assistance Grant revenue which we estimate at 0.2%. The additional 1% assists to pay for the Economic Development initiatives that will have a payback by benefiting the Rockhampton Region in the longer term.

The average residential ratepayer is represented below:

	<b>Rockhampton Region</b>			
	<b>2015/2016</b>	<b>2016/2017</b>	<b>Difference \$</b>	<b>Difference %</b>
Valuation	\$ 116,352	\$ 116,352	\$ -	0.0%
General Rate	\$ 939.26	\$ 980.12	\$ 40.86	4.4%
Water Access	\$ 352.30	\$ 364.00	\$ 11.70	3.3%
Sewerage	\$ 570.20	\$ 589.10	\$ 18.90	3.3%
Waste/Rec.	\$ 384.10	\$ 396.80	\$ 12.70	3.3%
Road Levy	\$ 447.70	\$ 450.00	\$ 2.30	0.5%
Env. Levy	\$ 51.00	\$ 50.00	(\$1.00)	(2.0%)
<b>Gross</b>	\$ 2,744.56	\$ 2,830.02	\$ 85.46	3.1%
<b>Discount</b>	(\$269.36)	(\$278.00)	(\$8.65)	3.2%
<b>Nett</b>	\$ 2,475.21	\$ 2,552.02	\$ 76.81	3.1%

\*Note the average Ratepayer is based upon the average valuation of residential categories. If the property value is higher than the average valuation, the general rate will make up a larger portion of the overall bill, and as such a higher overall increase may be experienced.

Boosting the local economy by making a difference in our smaller towns

Whilst Rockhampton does represent the largest population base, the smaller towns have not been forgotten and Council considers the smaller townships have needed a boost as well.

**Gracemere residents** will see a substantial improvement with the completion of the major recreation facility at Cedric Archer Park of \$1.1million. Substantial expenditure in the Gracemere Industrial Estate continues to feature in Council's budget as does some high priority footpaths in the area. Major reconstruction of Capricorn Street to Gracemere Creek of \$1.6 million is also planned. The Gracemere Sewerage Treatment Plant is having a major augmentation with \$3.6 million over the next 2 years. These projects in addition to the new Library and new Pound in Gracemere mean that residents will see ongoing improvements to facilities and service levels.

**Mount Morgan residents** will benefit from landscape works in their main street as well as refurbishment of the school of arts building. The roll-out of a sewer network to parts of the township continues to be funded at \$1.1 million. The Mount Morgan Water Treatment Plant also sees renewal expenditure of \$800,000 in this budget year.

The Financial Information – that you can take confidence in

### **Budget is in Surplus**

A surplus of \$1million is budgeted this year and it is planned to increase in future years. This is the third year Council has budgeted in surplus which instils confidence in Council's finances. The budgeted surplus is comparatively less than that projected for the 15/16 year as that year incorporates revenue for reimbursement of disaster expenditure. In the 16/17 year there is no lagging impact of the Tropical Cyclone Marcia event.

### **There is no increase in loans**

Since de-amalgamation, Council has reduced its loan liability by \$7.1million. Council recognises that investment in the form of capital expenditure and economic development initiatives is of utmost importance at this time, and as such has allocated all available funding for this, rather than taking an option to decrease debt further. In the three year period, debt is declining but it has remained steady for the 16/17 year.

The forecast for debt in the short term is as follows:

<b>Rockhampton Regional Council (Excl. Livingstone Shire)</b>	
Movement in Loans 2013/14	\$2,699,090 Decrease
Movement in loans 2014/15	\$1,723,052 Decrease
Movement in loans 2015/16	\$2,700,000 Decrease
Movement in Loans Budget 2016/2017	Nil
Movement in Loans Budget 2017/2018	\$ 157,627 Decrease
Movement in Loans Budget 2018/2019	\$1,091,648 Decrease

### Renewing our Asset Base and investing in the assets for years to come

Council continues to maintain its asset base and renew its assets. Council has a number of renewal programs that keep our assets from deteriorating:

- Mount Morgan - Water Main Replacement Program \$530,400
- Rockhampton Water Main Replacement Program \$2,958,000
- Rockhampton Sewer Jump up & mainline works \$700,000
- Rockhampton Sewer Main Relining & associated works \$1,020,000
- Rural West Renewal of Unsealed Roads \$1,350,000
- Rockhampton Annual Reseal Program \$2,000,000
- Rural Roads Reseal Program \$306,000
- Fleet Renewal Program \$4,741,000
- Footpath renewals \$255,000
- Mount Morgan & Gracemere Annual Reseal Program \$250,000

### Key Sustainability Indicators are all in the sustainable range

Each year the Department of Local Government reviews Council's finances to ensure that Council achieves benchmark indicators of financial sustainability. The community can take some comfort that there is plenty of oversight of financial management in the form of internal and external audits, Department of Local Government and Queensland Treasury Corporation reviews. All our sustainability indicators are within the acceptable ranges provided by the Department of Local Government.

The average of the forward sustainability indicators over the ten year forecast period 2016/17 to 2025/26 (against the targets advised by Queensland Treasury Corporation) is shown in the table below:

Ratio	Definition	Benchmark	Adopted Budget Forecast period
Operating margin	Operating results / operating revenue	Between 0% and 10%	2.5% Average
Own source operating revenue	Net rates, utilities and charges / total operating revenue	Greater than 60%	72.9% Average
EBITDA interest cover	Operating results before interest and depreciation (EBITDA) / interest expense	Greater than 4 times	Average 10.7 times
Total debt service cover	Net operating cash flow + interest expense / interest expense + prior year current interest bearing liabilities	Greater than 2 times	Average 2.9 times
Cash expense cover	Current year's cash and cash equivalents balance / (total recurrent expenses – depreciation and amortisation – finance costs charged by QTC – interest paid on overdraft) *12	Greater than 3 months	Average 4.7 months
Current ratio	Current year's total current assets / current year's total current liabilities (Department of Local Government guidelines are between 1 and 4 times)	Greater than 1 times	Average 1.5 times
Capital expenditure ratio	Annual capital expenditure / annual depreciation	Greater than 1.1 times	Average 1.3 times

#### Conclusion

The 16/17 Budget is responding to the economic downturn that the region and State has been experiencing from the mining downturn. It is a prudent budget as it keeps prices low, but invests in initiatives to provide longer term to assist with the future. The large capital program will also assist the community by stimulating positive local economic outcomes. The Economic Development Strategy suggests that the Rockhampton Region has many untapped opportunities and this budget looks to progress and implement these. Council wants to support the region in moving ahead and this Budget provides the means to achieve this goal.

**2016/2017  
BUDGET**

Revenue Statement

## REVENUE STATEMENT 2016/2017

### **OVERVIEW**

The purpose of this revenue statement is:

- to provide an explanatory statement outlining and explaining the revenue raising measures adopted in the budget, and
- to comply in all respects with legislative requirements.

### **APPLICABILITY**

This revenue statement applies to the financial year from 1 July 2016 to 30 June 2017. It is approved in conjunction with the Budget as presented to Council on 24 June 2016.

It is not intended that this revenue statement reproduce all related policies. Related policies will be referred to where appropriate and will take precedence should clarification be required.

### **GUIDELINE**

Pursuant to the provisions of the *Local Government Act 2009* and the *Local Government Regulation 2012* the following explanation of revenue raising measures adopted in the 2016/2017 Budget are provided.

#### **1. RATES AND CHARGES (LGA s94)**

For the financial year beginning 1 July 2016, Rockhampton Regional Council will make and levy rates and charges. Rates and Charges will include:-

- A. Differential General Rates,
- B. Special Rates and Charges,
- C. Separate Charges, and
- D. Utility Charges for Water, Sewerage and Waste Management.

The statement deals with the principles used by Council in fixing rates and charges and if applicable, how the Council will apply user pays principles to utility and general charges.

## **2. GENERAL RATES RATIONALE**

Council accepts that the basis for levying general rates in Queensland is land valuations. Ideally, the general rate would be determined by dividing the total income needed from general rates by the rateable valuation of lands. However there is considerable diversity in the Region in terms of land use and location (such as between the urban and rural areas), land values, access to, and actual and potential demands for services and facilities.

Council is committed to spreading the general rates burden equitably among broad classes of ratepayer. This does not mean the general rate is levied on a "user pays system". Instead, Council has designed the general rating system taking into account the following factors:

- the relative rateable value of lands and the general rates that would be payable if only one general rate were levied;
- the use of the land as it relates to actual and potential demand for Council services;
- location of the land as it relates to actual and potential demand for Council services; and
- the impact of rateable valuations on the level of general rates to be paid.

Council is of the opinion that a common rating policy and structure should be embraced for the whole region. This approach will include rate capping for the period 2016/17 after which time it is anticipated that capping will be removed.

## **3. GENERAL RATES – CATEGORIES AND DESCRIPTIONS (LGR Part 5 Division 1)**

Council adopts differential general rating for the following reasons:

- Council is committed to spreading the general rates burden equitably;
- the use of a single general rate would not result in an equitable distribution of the rates burden among ratepayers;
- certain land uses and locations of lands require and/or impose greater demands on Council services relative to other land uses and locations; and
- valuation relativities between commercial/industrial, rural, urban, productive and residential uses, do not reflect the intensity of land use nor the actual or potential demands on Council services and facilities.

Land rating categories are defined by separating the town and rural locations of the Council area and then differentiating properties based on the use to which the land is being put. Where it is considered appropriate, relative valuations are used to define land rating categories in order to reduce the variation in general rate charges between consecutive years and limit increases to a reasonable level across all land uses.

The Council, for the purpose of making and levying differential general rates, has resolved to categorise all rateable land in its area into twenty four (24) categories and sub categories specified hereunder in the schedule. The Council delegates to the CEO the power to identify the rating category to which each parcel of rateable land belongs. In undertaking this task the CEO will be guided by the descriptions of each category.

The terms LV, 'Land Valuation', 'SV' and 'Site Valuation' refer to the Land Valuation and Site Valuation assigned by the Queensland Department of Natural Resources and Mines for the applicable year of valuation.

The term "principal place of residence" is a single dwelling house or dwelling unit that is the permanent place of residence at which at least one owner of the land predominantly resides.

In establishing principal place of residence Council may consider but not be limited to, the owner's declared address for electoral roll, driver's licence or any other form of evidence deemed acceptable to Council.

#### **GENERAL RATING CATEGORIES 2016-17**

No.	Category	Description	Identifiers (Land Use Codes)
1	Commercial/ light industry	Land used, or intended to be used, in whole or in part, for commercial or light industrial purposes, other than land included in categories 2(a), 2(b), 2(c), 3 and 22.	1,4,6,7, 10 to 49 (excl. 31, 35, 37, 40 and lands in any other category).
2 (a)	Major shopping centres with a floor area 0 – 10,000m2	Land used, or intended to be used, as a shopping centre with a gross floor area up to 10,000m2 and a value greater than \$2,500,001.	12 to 16 inclusive and 23, with a rate-able valuation >\$2,500,001
2 (b)	Major shopping centres with a floor area 10,001 - 50,000 m2	Land used, or intended to be used, as a shopping centre with a gross floor area of 10,001m2 and 50,000m2 and a value greater than \$2,500,001.	12 to 16 inclusive and 23, with a rate-able valuation >\$2,500,001
2 (c)	Major shopping centres with a floor area >50,001m2	Land used, or intended to be used, as a shopping centre with a gross floor area greater than 50,000m2 and a value greater than \$2,500,001.	12 to 16 inclusive and 23, with a rate-able valuation >\$2,500,001

3	Heavy and noxious industry	Land used, or intended to be used, for:- (a) a fuel dump; (b) fuel storage; (c) an oil refinery; (d) heavy industry; (e) general industry; (f) noxious industry which emanates noise, odour or dust, including an abattoir.	31, 35, 37
4	Power Generation	Land used, or capable of being used, for the generation of greater than 400 megawatts of electricity.	37
5	Extractive	Land used, or intended to be used, in whole or in part, for:- (a) the extraction of minerals or other substances from the ground; and (b) any purpose associated or connected with the extraction of minerals and other substances from the ground.	40
6	Agriculture, farming and other rural	Land used, or intended to be used, for non-residential rural, agricultural or farming purposes.	60 to 89 and 93 to 94 (excl. 72 excl. lands in any other category).
8A	Residential Other	Land used, or intended to be used, for:- (a) residential purposes, other than as the owner's principal place of residence; and	2, 3, 5, 6, 8 & 9
9	Residential 1	Land used or intended to be used for residential purposes, as the owner's principal place of residence with a value of less than \$150,001.	1, 2 and 6 with a rateable valuation <\$150,001 (excl. lands in any other category).
10	Residential 2	Land used or intended to be used for residential purposes, as the owner's principal place of residence with a value of between \$150,001 and \$250,000.	1, 2 and 6 with a rateable valuation >\$150,000 but <\$250,001 (excl. lands in any other category).

11	Residential 3	Land used or intended to be used for residential purposes, as the owner's principal place of residence with a value of between \$250,001 and \$500,000.	1, 2 and 6 with a rateable valuation >\$250,000 but <\$500,001 (excl. lands in any other category).
12	Residential 4	Land used or intended to be used for residential purposes, as the owner's principal place of residence with a value of more than \$500,000	1, 2 and 6 with a rateable valuation >\$500,000 (excl. lands in any other category).
15	Large residential homesite 1	Land, which is a large homesite, used or intended to be used for residential purposes, as the owner's principal place of residence with a value up to \$225,000.	4, 5, 6, 94 with a rateable valuation <\$225,001
16	Large residential homesite 2	Land, which is a large homesite, used or intended to be used for residential purposes, as the owner's principal place of residence with a value between \$225,001 and \$500,000	4, 5, 6, 94 with a rateable valuation >\$225,000 but <\$500,001
17	Large residential homesite 3	Land, which is a large homesite, used or intended to be used for residential purposes, as the owner's principal place of residence with a value between \$500,001 and less than \$1,000,001.	4, 5, 6, 94 with a rateable valuation >\$500,000 but <\$1,000,001
18	Large residential homesite 4	Land, which is a large homesite, used or intended to be used for residential purposes, as the owner's principal place of residence with a value of more than \$1,000,00	4, 5, 6, 94 with a rateable valuation >\$1,000,000
21	Strata (residential)	Land, which is a lot in a community title scheme or residential group title, used as the owner's principal place of residence.	Land use codes 8 and 9 (excl. lands in any other category).
22	Strata (commercial/ industrial)	Land, which is a lot in a community title scheme or building unit, which is used, or intended to be used, for commercial or industrial purposes.	Land use codes 8 and 9
24	Vacant urban/rural land >\$430,000	Vacant land intended for use for development purposes with a value of more than \$430,000.	Land use code 1 and 4 with a rateable valuation >\$430,000

25	Developer concession	Land, which qualifies for a discounted valuation pursuant to section 50 of the <i>Land Valuation Act</i> .	Land use code 72
26	Special uses	Land, used, or intended to be used, for non-commercial purposes such as social and community welfare, defence or education purposes.	Land use codes 21, 50 – 59, 92, 96 – 100
27 (a)	Other \$0 - \$45,000	Land, with a value of \$45,000 or less, which is not otherwise categorized.	Land use codes 1, 4, 90, 91 and 95
27 (b)	Other - >\$45,000	Land, with a value of more than \$45,000, which is not otherwise categorized.	Land use codes 1, 4, 90, 91 and 95

#### General Rates and Minimum General Rates

For the 2016/17 financial year differential general rates and minimum general rates will be levied pursuant to section 94 of the *Local Government Act 2009*, on the differential general rate categories as follows-

Category No.	Category	General Rate (cents in the Dollar of Rateable Value)	Minimum General Rate (\$)
1	Commercial/light Industry	1.4455	1,230
2 (a)	Major shopping centres with a floor area 0 – 10,000 sqm	1.9017	16,910
2 (b)	Major shopping centres with a floor area 10,001 - 50,000 sqm	2.7175	193,190
2 (c)	Major shopping centres with a floor area >50,001 sqm	5.8182	1,459,700
3	Heavy and noxious industry	1.8421	2,560
4	Power Generation	3.5798	2,560
5	Extractive	6.3196	2,090
6	Agriculture, farming and other rural	1.3624	1,230
8A	Residential Other	0.9849	810

9	Residential 1, \$0-\$150,000	0.8423	600
10	Residential 2, \$150,001 - \$250,000	0.8095	1,290
11	Residential 3, \$250,001 - \$500,000	0.7347	2,070
12	Residential 4, >\$500,001	0.7007	3,740
15	Large Residential Homesite 1, \$0-\$225,000	0.8387	640
16	Large Residential Homesite 2, \$225,001 - \$500,000	0.8084	1,930
17	Large Residential Homesite 3, \$500,001 - \$1,000,000	0.7441	4,120
18	Large Residential Homesite 4, > \$1,000,000	0.5476	7,580
21	Strata (residential)	0.9686	600
22	Strata (commercial/industrial)	1.5473	1,230
24	Vacant urban land >\$430,000	1.3210	1,230
25	Developer concession	0.8038	0
26	Special uses	0.9467	2,000
27 (a)	Other \$0 - \$45,000	1.4327	520
27 (b)	Other >\$45,001	1.5332	1,230

#### 4. LIMITATION ON RATE INCREASE – LGR Part 9, Division 3

In implementing the rating structure for the region, Council has determined that it will be necessary to undertake measures to limit the initial impact on a range of properties. In order to limit the percentage increase for individual properties pursuant to section 116 of the *Local Government Regulation 2012*, the caps shown below will apply for the 2016/17 year for those properties where the calculated rate is more than the minimum general rate.

For the 2016/17 financial year, Council resolves to limit the increase of general rates on all properties within differential rating category 1 to 75%. However, the limitation shall not apply to:

- (a) any land on which rates were not levied in the preceding financial year;
- (b) any separately valued parcel of land that has a different area from its area at the time of rating in the preceding financial year, except for where the area and valuation have reduced;
- (c) any parcel of land that was previously subject to a discounted valuation under section 50 of the *Valuation of Land Act 2010*; or

- (d) land that has changed differential rating categories since the beginning of the financial year other than by means of correcting an error or inconsistency.

##### 5. SPECIAL RATES/CHARGES (LGA s94)

###### Rural Fire Services Levies

Council will, pursuant to section 128A of the *Fire and Emergency Services Act 1990* and section 94 of the *Local Government Act 2009*, make and levy special charges for the provision of rural fire fighting services to certain parts of the Region. The charges shall be levied on all land which specially benefits from the provision of rural fighting services.

For 2016/17, the Council shall make a special charge, in the following amounts, for each of the following Rural Fire Brigades.

Rural Fire Brigade	Levy 2016/17	Rural Fire Brigade	Levy 2016/17
Alton Downs	\$25.00	Garnant	-
Archer Ulam	\$40.00	Gogango	\$25.00
Aricia	-	Gracemere	\$20.00
Bajool	\$25.00	Kalapa	\$20.00
Bouldercombe	\$50.00	Marmor	\$25.00
Calioran	-	Mornish	-
Calliungal	\$50.00	Stanwell	-
Dalma	\$20.00	South Ulam	-
Faraday	\$15.00	Westwood	\$50.00

The rateable land to which each of the special charges will apply is land within the areas separately described on a map titled:-

- 'Rural Fire Brigade – Alton Downs'
- 'Rural Fire Brigade – Archer Ulam'
- 'Rural Fire Brigade – Aricia'
- 'Rural Fire Brigade – Bajool'
- 'Rural Fire Brigade – Bouldercombe'
- 'Rural Fire Brigade – Calioran'
- 'Rural Fire Brigade – Calliungal'
- 'Rural Fire Brigade – Dalma'
- 'Rural Fire Brigade – Faraday'
- 'Rural Fire Brigade – Garnant'
- 'Rural Fire Brigade – Gogango'
- 'Rural Fire Brigade – Gracemere'
- 'Rural Fire Brigade – Kalapa'
- 'Rural Fire Brigade – Marmor'
- 'Rural Fire Brigade – Mornish'
- 'Rural Fire Brigade – Stanwell'
- 'Rural Fire Brigade – South Ulam'
- 'Rural Fire Brigade – Westwood'

The discount for the prompt payment of rates and charges, granted in accordance with section 130 of the *Local Government Regulation 2012*, will not apply to these charges.

**Overall Plans**

The Overall Plan for each of the special charges is as follows:-

1. The service, facility or activity for which each special charge is levied is to fund the provision of fire prevention and firefighting services, facilities and activities by the rural fire brigades identified in the special charge table in the defined benefit areas.
2. The time for implementing the overall plan is one (1) year ending 30 June 2017. However, provision of fire-fighting services is an ongoing activity, and further special charges are expected to be made in future years.
3. The works and services specified in the overall plan will be carried out or provided during the year ending on 30 June 2017.
4. The estimated cost of implementing the overall plan (being the cost of planned works and replacement of capital items for 2016/17) is approximately \$95,427.
5. The special charge is intended to raise all funds necessary to carry out the overall plan.

The occupier of the land to be levied with the special charge has specifically benefited, or will specifically benefit, from the implementation of the overall plan, comprising fire-fighting services, because rural fire brigades are charged with fire-fighting and fire prevention under *the Fire & Emergency Services Act 1990* and whose services could not be provided or maintained without the imposition of the special charge.

**6. SEPARATE CHARGES (LGA s94)**

Council will make and levy separate rates pursuant to section 94 of the *Local Government Act 2009* to defray the expense it incurs in providing identified services or facilities or engaging in identified activities for the benefit of its local governed area. The charges are calculated on the basis of the estimated cost to Council of providing these services. Revenue raised from these charges will only be used to fund either all or part of the costs associated with the activities.

Council considers that the benefit of each service, facility or activity is shared equally by all parcels of rate-able land, regardless of their value.

**Road Network Separate Charge**

Council will make and levy a separate charge to defray part of the cost of maintaining the road network within the region. Council will make and levy the charge equally on all rateable land within the Rockhampton Regional Council area.

The amount of the Road Network Separate Charge will be \$450.00 per annum per rateable assessment throughout the region.

**Natural Environment Separate Charge**

Council will make and levy a separate charge to defray part of the cost of formulating and implementing initiatives for environmental protection, enhancement and conservation, including various waste management initiatives that contribute to these outcomes.

Council will make and levy the charge equally on all rateable land within the Rockhampton Regional Council area.

The amount of the Natural Environment Separate Charge will be \$50.00 per annum per rateable assessment throughout the region.

The discount for the prompt payment of rates and charges, granted in accordance with section 130 of the *Local Government Regulation 2012*, will not apply to the Natural Environment Separate Charge.

#### **7. UTILITY CHARGES (LGA s94)**

Council will make and levy utility service charges, pursuant to section 94 of the *Local Government Act 2009*, for the financial year beginning 1 July 2016 on the basis of an equitable distribution of the burden on those who utilise, or stand to benefit from, the provision of the utility services.

#### **WATER**

Water charges will be set to recover all of the costs associated with the provision of water services by Council in the financial year.

Subject to any express provision to the contrary Council will charge all land connected to its water supply, or capable of connection to the supply, a two-part tariff for the period 1 July 2016 to 30 June 2017, comprising:-

- a graduated single tier access charge for land connected to Council's water supply, or capable of connection to the supply; and
- a multi-tiered consumption charge for residential users and a single tier charge for non-residential users.

There are three (3) water supply areas: Gracemere, Mount Morgan and Rockhampton.

The following additional policy is adopted in relation to access charges:

- (a) The access charge for an individual residential community title lot will be the sum payable for a 20mm water meter connection, regardless of the true size of the connection to the lot itself or to the development of which it forms part.
- (b) The access charge for premises that contain residential flats will be the sum payable for a 20mm water meter connection multiplied by the number of flats upon the premises, regardless of the true size of the connection to the premises.
- (c) To prevent doubt, a management lot in a staged residential community titles scheme is not a residential community title lot.
- (d) The access charge for an individual commercial community title lot will be:
  - i. If the size of the water meter at the boundary of the scheme land (i.e. the meter to which the property services to individual scheme lots connect) is not greater than 50mm, then the access charge per lot shall be the sum payable for a 20mm water meter connection.

- ii. If the size of the water meter at the boundary of the scheme land is greater than 50mm, the standard non-residential access charges according to the meter size will apply.

The following additional policy is adopted in relation to consumption charges:

- (a) Where water is supplied to premises that comprise a residential flats development, the consumption volume allowed in each tier will be multiplied by the number of flats upon the premises.
- (b) Where water is supplied to a lot which forms part of a community titles scheme, and the supply to each individual lot and the common property is not separately metered, Council will levy the consumption charges for the water supplied to the premises (the scheme) in a manner permitted by section 196 of the *Body Corporate and Community Management Act 1997*, namely:
  - i. Council will levy each lot-owner for a share of the supplied volume recorded by the water meter at the boundary of the scheme land, and that share will be equivalent to the ratio of the contribution schedule lot entitlement of the owner's lot to the aggregate of contribution schedule lot entitlements recorded in the community management statement for the community titles scheme; or
  - ii. For a community titles scheme in which there is only a single schedule of lot entitlements rather than a contributions schedule and an interest schedule (i.e. a scheme that continues to be governed by the Building Units and Group Titles Act rather than by the *Body Corporate and Community Management Act 1997*), Council will levy each lot-owner for a share of the supplied volume recorded by the water meter at the boundary of the scheme land, and that share will be equivalent to the ratio of the lot entitlement of the owner's lot to the aggregate of lot entitlements recorded in the building units plan or the group title plan of which the lot is part; or
  - iii. Alternatively to levying the consumption charges on the basis of lot entitlement, Council may exercise its discretion to enter with the body corporate for a community titles scheme to which the *Body Corporate and Community Management Act* applies an arrangement under which the body corporate accepts liability for the full consumption charge payable upon the supplied volume recorded on the water meter at the boundary of the scheme land, in which case Council will levy the body corporate for the full amount of the consumption charge and will make no separate levies against lots in the scheme.
- (c) Where water is supplied to a lot or common property which forms part of a community titles scheme where the supply to each individual lot and the common property is separately metered to the common property of a community titles scheme, Council will levy each lot for its metered consumption and the body corporate for the water supplied to the common property.
- (d) Where more than one dwelling house is situated upon a single parcel of land (that is to say, the land the subject of a single valuation), Council will charge a separate two-part tariff for each dwelling house as if each were located upon a different, individually-valued parcel.

- (e) Where a dwelling house is situated partly upon one parcel of land and partly upon another, Council will charge a single two-part tariff for supply to the building, and will levy the tariff against the parcel upon which the dominant portion of the house is situated. The dominant portion will be the portion of the house that has the greater floor area.
- (f) The following provisions apply to premises serviced by a designated fire service:
- i. Council will charge a separate two-part tariff for the service, in addition to the tariff/s it charges for any other water service connection/s to the land.
  - ii. The access charge for the service will be determined upon the basis that the service connects to a 20mm water meter.
  - iii. Standard consumption charges will apply unless Council resolves to discount the charge pursuant to this resolution.
  - iv. The consumption charge will be, for a quarter for which the Queensland Fire and Emergency Service reports or verifies, or Council otherwise verifies, use of the service to fight a fire, either the standard consumption charge or that sum discounted by a percentage Council determines as appropriate.
  - v. If the Queensland Fire and Emergency Service reports or verifies, or Council otherwise verifies, that the service was used during a quarter to fight a fire, and Council determines after the end of that quarter that a discounted consumption charge was appropriate for the quarter, Council may credit against the next quarterly consumption charge the difference between the charge paid and the discounted charge determined as appropriate.
  - vi. To prevent doubt, Council may determine that a 100% discount is or was appropriate.
- (g) For non-licensed premises (ie premises for which there exists no liquor license) occupied or used by approved sporting bodies, or approved non-profit charitable organisations, Council will provide a concession in accordance with its concession policy for access to Council's water supply, and water consumed from that supply will be charged at Residential rates.
- (h) Council will apply section 102 of the *Local Government Regulation 2012* to the reading of water meters so that if a meter is due to be read on a particular day (e.g. the last day of a quarter) to enable Council to calculate a consumption charge to be levied, the meter will be deemed read on that particular day if it is read within 2 weeks before the day or 2 weeks after the day.
- (i) The commencing water meter reading for a quarterly consumption charge cycle (i.e. a quarter plus or minus 2 weeks at the beginning and the end of the quarter) is the reading last recorded in a quarterly charge cycle, or, in the case of a new meter connection, the reading recorded on the day of connection.

- (j) The minimum value of a debt required to raise a charge will be \$5.00. If the total charge on an Assessment is less than this amount, then the charges will not be raised and consequently a bill will not be issued. This charge is not raised at all and is effectively written off which will prevent the raising of small balances where the cost of administration, printing, postage and collection is greater than the revenue returned.
- (k) For the purposes of making and levying water charges the following definitions apply:-
- i. An approved sporting body is an association of persons, incorporated or not, and whether an individual association or a member of a class of association, that Council accepts or approves by resolution as a body that benefits the community by organising and conducting a sporting activity or sporting activities and whose constitution prevents the distribution of its income and assets to its members.
  - ii. An approved charitable organisation is an organisation incorporated or not, that Council accepts or approves by resolution as a charitable organisation, and whose constitution prevents the distribution of its income and assets to its members.
  - iii. A community title lot is a lot in a community titles scheme.
  - iv. A community titles scheme is a community titles scheme created under the *Body Corporate and Community Management Act 1997*, or is a development similar to such a scheme but that continues to be governed by the *Building Units and Group Titles Act 1980* rather than by the *Body Corporate and Community Management Act 1997* (e.g. a development created under the *Integrated Resort Development Act 1987*).
  - v. A contribution schedule lot entitlement is an entitlement by that name, recorded in the community management statement (or analogous instrument) for a community titles scheme.
  - vi. A designated fire service is a water supply service to premises, specifically dedicated for use in fighting fires.
  - vii. A flat is a self-contained residential unit or module that is not a community title lot; but (to prevent doubt) the expression does not include a bedroom in a boarding house.

#### **Gracemere Water Supply**

The access charge for all properties located within the boundaries, and approved properties outside the boundaries of the Gracemere Water Supply Area, will be as detailed in the water access charges table below per meter or per lot as appropriate for the period 1 July 2016 to the 30 June 2017 and will generally be levied on a half yearly basis.

<u>Meter Size</u>	<u>Annual Charge</u>
20mm	\$ 387.60
25mm	\$ 605.60
32mm	\$ 992.00
40mm	\$ 1,550.00
50mm	\$ 2,421.70
Special 60mm	\$ 3,533.50
65mm	\$ 4,092.90
75mm	\$ 5,449.00
80mm	\$ 6,199.30
100mm	\$ 9,686.30
150mm	\$ 21,793.90
200mm	\$ 38,748.10
Vacant Land	\$ 387.60

The access charge for unoccupied land that is capable of connection to Council's water supply will be the sum payable for a 20mm residential water meter connection.

The consumption charge detailed in the consumption charges table below will apply for all water consumed in the water period (year). This charge will apply to all properties located within the boundaries and approved properties outside the boundaries of the Gracemere Water Supply Area. The water period (year) for the consumption charge will be for a period from the 1 July 2016 to the 30 June 2017 and billing will generally be in arrears on a quarterly basis.

**Gracemere Water Supply Scheme – Non Residential Consumption Charges**

<u>Tier</u>	<u>Charge per Kilolitre</u>
All consumption	\$1.71/kl

**Gracemere Water Supply Scheme – Residential Consumption Charges**

<u>Tier (Per Meter)</u>	<u>Charge per Kilolitre</u>
<=75kl per quarter	\$0.74/kl
> 75kl <=150kl per quarter	\$1.15/kl
>150kl per quarter	\$2.28/kl

**Mt Morgan Water Supply**

The access charge for all properties located within the boundaries, and approved properties outside the boundaries of the Mount Morgan Water Supply Area, will be as detailed in the water access charges table below per meter or per lot as appropriate for the period 1 July 2016 to the 30 June 2017 and will generally be levied on a half yearly basis.

<u>Meter Size</u>	<u>Annual Charge</u>
20mm	\$ 399.50
25mm	\$ 624.20
32mm	\$ 1,022.40
40mm	\$ 1,597.20
50mm	\$ 2,495.60
65mm	\$ 4,217.70
75mm	\$ 5,615.20
80mm	\$ 6,388.80
100mm	\$ 9,981.60
150mm	\$ 22,460.40
200mm	\$ 39,929.50
Vacant Land	\$ 399.50

The access charge for unoccupied land that is capable of connection to Council's water supply, will be the sum payable for a 20mm residential water meter connection.

The consumption charge detailed in the consumption charges table below will apply for all water consumed in the water period (year). This charge will apply to all properties located within the boundaries and approved properties outside the boundaries of the Mount Morgan Water Supply Area. The water period (year) for the consumption charge will be for a period from the 1 July 2016 to the 30 June 2017 and billing will generally be in arrears on a quarterly basis.

**Mount Morgan Water Supply Scheme – Non Residential Consumption Charges**

<u>Tier</u>	<u>Charge per Kilolitre</u>
All consumption	\$1.71/kl

**Mount Morgan Water Supply Scheme – Residential Consumption Charges**

<u>Tier (Per Meter)</u>	<u>Charge per Kilolitre</u>
<=75kl per quarter	\$0.74/kl
> 75kl <=150kl per quarter	\$1.15/kl
>150kl per quarter	\$2.28/kl

**Rockhampton Water Supply**

The access charge for all properties located within the boundaries, and approved properties outside the boundaries of the Rockhampton Water Supply Area, will be as detailed in the water access charges table below per meter or per lot as appropriate for the period 1 July 2016 to the 30 June 2017 and will generally be levied on a half yearly basis.

**Rockhampton Water Supply Scheme – Non Residential & Residential Access Charges**

<b><u>Meter Size</u></b>	<b><u>Annual Charge</u></b>
20mm	\$ 364.00
25mm	\$ 568.80
32mm	\$ 931.60
40mm	\$ 1,455.50
50mm	\$ 2,274.00
65mm	\$ 3,843.20
75mm	\$ 5,116.60
80mm	\$ 5,821.70
100mm	\$ 9,095.60
150mm	\$ 20,464.90
200mm	\$ 36,382.10
Vacant Land	\$ 364.00

The access charge for unoccupied land that is capable of connection to Council's water supply, will be the sum payable for a 20mm residential water meter connection.

The consumption charge detailed in the consumption charges table below will apply for all water consumed in the water period (year). This charge will apply to all properties located within the boundaries and approved properties outside the boundaries of the Rockhampton Water Supply Area. The water period (year) for the consumption charge will be for a period from the 1 July 2016 to the 30 June 2017 and billing will generally be in arrears on a quarterly basis.

**Rockhampton Water Supply Scheme – Non Residential Water Consumption Charges**

<b><u>Tier</u></b>	<b><u>Charge per Kilolitre</u></b>
All consumption	\$1.71/kl

**Rockhampton Water Supply Scheme – Residential Water Consumption Charges**

<b><u>Tier (Per Meter)</u></b>	<b><u>Charge per Kilolitre</u></b>
<=75kl per quarter	\$0.74/kl
> 75kl <=150kl per quarter	\$1.15/kl
>150kl per quarter	\$2.28/kl

**SEWERAGE**

For the financial year beginning 1 July 2016 Council will make and levy a sewerage charge in respect of land within the Declared Sewerage Areas of Rockhampton Region to which the Council provides or is prepared to provide sewerage services, including areas to which such services are extended from time to time during the course of the financial year.

A sewerage charge will also be levied on non rateable land where the owner of the land requests that Council provide sewerage services.

In accordance with the Requirement to Connect to Sewerage Infrastructure Policy that was adopted by Council on 7 October 2014, the sewerage access charges in relation to Stage 2 of the Mount Morgan Sewerage Scheme are only charged upon connection to the system.

The sewerage charge will be set to recover all of the costs associated with the provision of sewerage reticulation services provided by Council in the financial year.

For occupied land, charges for 2016/17 will be made and levied on the following basis:-

- i. Generally, a sewerage charge will be levied in respect of each water closet pedestal or urinal installed.
- ii. However, for a single dwelling, residential unit, stables property or a property subject to a residential differential rate, only the first water closet pedestal will attract the normal sewerage pedestal charge.
  - The term single dwelling is to be given its ordinary meaning as a residential property used for ordinary domestic purposes and includes home office situations such as for example, where desk or computer work may be done, phone calls made or answered from within the premises for business purposes but where there are no more than 1 (one) non-resident employee on the premises and no significant external indicia to distinguish the premises from any other domestic residence;
  - The term single dwelling does not include premises where a distinct externally visible business activity has been established.
- iii. In the case of multiple dwellings on a single title or assessment (e.g. flats), the sewerage charge is calculated by multiplying the number of flats by the charge for the first water closet pedestal.

- iv. In the case of Retirement Villages or Aged/Nursing Homes incorporating independent living accommodation, the sewerage charge will be levied on the first pedestal only in each independent living unit/cottage. Sewerage charges will be levied on a per pedestal/urinal basis for pedestals/urinals installed elsewhere at the Aged/Nursing Homes properties.
- v. For all other premises, the sewerage charge is calculated on the number of pedestals together with the number of urinals multiplied by the charge for the first water closet pedestal. For the purpose of this paragraph, each 1200mm of a continuous style urinal or part thereof will count as one urinal.
- vi. Sewerage Charges do not apply to Public Amenities Blocks on leased Council land that are locked and controlled by the Clubs.

Where there is more than one dwelling house on a land parcel, charges shall apply as if each house were on a separate land parcel. Where there is more than one commercial or industrial building upon a land parcel, charges will apply as if each building were on a separate land parcel.

Where a building is used for more purposes than one, charges will be levied by reference to the dominant use of the building, determined by Council.

For properties within the differential general rating category '6' Agriculture, farming and Other Rural, the sewerage utility charge is levied on the same basis as residential properties, even though to be eligible the properties must be classified as commercial use properties.

For the purpose of these charges:

- (a) a community titles lot is taken to be:
  - I. A single dwelling if it is used wholly or predominantly as a place of residence; and
  - II. A non-dwelling property in any other case.
- (b) A community title lot is a lot in a community titles scheme;
- (c) A community titles scheme is a community titles scheme created under or by virtue of the *Body Corporate and Community Management Act 1997*, or is a development similar to such a scheme but that continues to be governed by the *Building Units and Group Titles Act 1980* rather than by the *Body Corporate and Community Management Act* (e.g. a development created under the *Integrated Resort Development Act 1987*);
- (d) A contribution schedule lot entitlement is an entitlement by that name, recorded in the community management statement (or analogous instrument) for a community titles scheme.

The sewerage charges will be those shown in the following tables:-

<u>Sewered Premises</u>	<u>Basis</u>	<u>Number of Charges</u>
Private Dwelling/Residential Unit or Stables or property subject to rural differential rate.	Each Residence (regardless of number of pedestals)	1 Charge
Flats	Each Flat	1 Charge
Aged/Nursing Home Plus Aged/Nursing other fixtures	Each Unit/Cottage  Each Pedestal/Urinal	1 Charge  1 Charge
Other Premises	Each Pedestal / 1200mm of Urinal or part thereof	1 Charge
Vacant Land	Each rate-able property	1 Vacant Land Charge

For those properties in the Declared Sewerage Areas, charges as per the above schedule for 2016/17 will be:

<u>Declared Sewered Area</u>	<u>Amount of Charge</u>	<u>Amount of Vacant Land Charge</u>
Gracemere	\$769.90	\$731.40
Mount Morgan	\$710.90	\$675.30
Rockhampton	\$589.10	\$559.70

#### **WASTE & RECYCLING**

For the financial year beginning 1 July 2016, Council will make and levy the following utility charges for:

<u>Schedule of Waste Collection and Recycling Charges</u>	
<u>Service</u>	<u>Annual Charge</u>
<b>Domestic Services</b>	
Combined General Waste/Recycling Service	\$396.80
Additional General Waste Service – same day service as nominated service day	\$320.40
Additional Recycling Service – same day service as nominated service day	\$188.30
<b>Commercial Services</b>	
General Waste Service	\$323.00
Recycling Service	\$213.10

**Services to be provided****Domestic Waste and Recycling Services**

The service comprises of the following services as

described: Combined Domestic General Waste Collection and Recycling Service.

This service is on the basis that the combined general waste collection and recycling service provided is available to properties within a Declared Waste and Recycling Collection Areas.

The combined domestic general waste collection and recycling charge, Council levies against a Domestic Premise will be the single sum shown in the Schedule of Waste Collection and Recycling Charges, covering for the full financial year the combined cost of:

- providing an MGB (Mobile Garbage Bin) to hold domestic general waste; and
- emptying the domestic MGB once per week and removing the contents from the premises; and
- providing an MGB to hold recyclables; and
- emptying the recyclables MGB fortnightly, and removing the contents from the premises once per fortnight.

**Domestic Premises – General**

Council will levy the charge on each parcel of residential land, including a lot in a community title scheme, whether occupied or not, within the Waste Collection Areas, charges and regardless of whether ratepayers choose to use the domestic general waste collection and/or recycling services Council makes available.

Where a service is supplied to a residence on a property within differential rating category 6 – Agriculture, farming and other rural, the domestic waste charge shall apply. For newly constructed structures, the charge will apply from the earlier of plumbing or building approval or delivery of refuse bins.

Where there is more than one structure on land capable of separate occupation a charge will be made for each structure.

The number of charges levied to a domestic property shall be the number of bins the Chief Executive Officer or his delegate considers necessary; or the number of bins the ratepayer requests, whichever is greater. Additional bin collections from domestic properties will only be made available on the same day as the minimum service.

**Commercial Waste and Recycling Services**

The service comprises of the following services as described:

**Commercial Premises in a Declared Waste and Recycling Collection Area**

This service is on the basis that the general waste and recycling collection service it provides are available to commercial properties within the Declared Waste and Recycling Collection Areas.

A General Waste Collection and **or** Commercial Recycling Collection levy shall be charged per bin per collection (called a Service) as per the Schedule of Waste Collection and Recycling Charges, covering for the full financial year the combined cost of:

- providing the number of MGB's that the Chief Executive Officer or his delegate considers necessary or the number of bins the ratepayer requests, whichever is greater; and
- emptying each bin and removing the contents from the premises on the number of occasions each week that the Chief Executive Officer or his delegate considers necessary; or on the number of occasions the ratepayer requests, whichever is greater;
- where an MGB is provided to hold recyclables; and
- emptying and removing the contents from the premises of that bin once per fortnight.

**Commercial Premises - General**

Council will levy a waste collection and recycling collection levy against commercial premises for the removal of commercial waste and recycling, unless the Chief Executive Officer or his delegate is satisfied that an approved commercial operator removes commercial waste and recycling from the premises, and will do so, at least once weekly for commercial waste and or once fortnightly for recycling.

Where there is more than one structure on land capable of separate occupation a charge will be made for each structure. Charges for the collection of Commercial Waste will be based on volume and frequency of collection. Charges will be made for additional collections from commercial properties.

**8. COST RECOVERY FEES (LGA s97)**

The principles of Full Cost Pricing are applied in calculating all cost recovery fees of the Council where applicable, but the fees will not exceed the cost to Council of providing the service or taking the action for which each fee is charged.

Cost Recovery Fees are listed in Council's Register of Cost Recovery Fees which was last adopted at Council's Meeting held on the 22 June 2016.

**9. BUSINESS ACTIVITY FEES**

Council has the power to conduct business activities and make business activity fees for services and facilities it provides on this basis. Business activity fees are made where Council provides a service and the other party to the transaction can choose whether or not to avail itself of the service. Business activity fees are a class of charge, which are purely commercial in application and are subject to the Commonwealth's Goods and Services Tax.

Business activity fees include but are not confined to the following: rents, plant hire, private works and hire of facilities.

**10. TIME FOR PAYMENT (LGR s118)**

Rates and utility charges referred to in this policy shall generally be levied half yearly with the exception of water consumption which will be levied at quarterly intervals on a rolling basis. Such rates and utility charges shall be payable by the due date detailed on the rate notice.

All rates and charges will be due and payable within 30 days of the issue of a notice to pay.

As a guide a separate rates notice will be issued in the first six months of the financial year (July – December), and in the second half of the financial year (January – June). These notices will cover the billing periods 1 July 2016 to 31 December 2016 (usually issued July or August), and 1 January 2017 to 30 June 2017 (usually issued January or February), respectively. Each notice includes one half of the annual rates and charges levied.

**11. INTEREST (LGR s133)**

All rates and charges remaining outstanding 30 days after the due date will be deemed to be overdue rates and will thereafter bear interest at the rate of eleven percent (11%) per annum, compounding on daily rests in accordance with the *Local Government Regulation 2012*, calculated on the balance of overdue rates and charges.

**12. DISCOUNT (LGR s130)**

Discount at the rate of ten (10) percent will be allowed on gross Council rates and charges, excluding any charge specifically excluded from discount entitlement, provided payment of the full amount outstanding, including any overdue rates and interest to the date of payment, less any discount entitlement, is paid by the due date on original notice of the levy.

The discount shall not apply to special charges, Natural Environment separate charge or water consumption charges.

**13. RATE CONCESSIONS (LGR s121)**

Council approves concessions each year prior to its budget meeting, in the form of the Rate Concession Policy. This was adopted by Council on the 22 June 2016. The main areas of concessions are as follows:

**Pensioner Subsidy**

For Pensioner Ratepayers of their principal place of residence Council will offer a subsidy (upon the same terms and conditions as the Queensland Government Pensioner Rate Subsidy Scheme of 20% (to a maximum of \$250) on all rates levied in respect of the property the person owns and occupies, excluding special rates/charges and rural and state fire levies/charges.

For Pensioner Ratepayers of their principal place of residence a person in receipt of a Widow/ers Allowance will be entitled to a subsidy of 20% (to a maximum of \$250) on all rates levied in respect of the property the person owns and occupies, excluding special rates/charges and rural and state fire levies/charges.

In both cases, the concession is offered on the basis that the ratepayers are pensioners (as defined by the *Local Government Regulation 2012*).

**Permit to Occupy – Separate Charges**

Council will grant a concession of all Separate Charges on those assessments that only contain a permit to occupy for pump sites provided the ratepayer as shown on the assessment is the owner of another property in the Council area on which the Separate Charges have been levied.

The concession is offered on the basis that the payment of the additional separate charge will cause the ratepayer hardship.

**Permit to Occupy – General Rates**

Council will grant a concession of up to \$600.00 in General Rates for properties on those assessments that only contain a permit to occupy for pump sites provided the ratepayer as shown on the assessment is the owner of another property in the Council area on which General Rates have been levied.

The concession is offered on the basis that the payment of general rates will cause the ratepayer hardship.

**Sporting Clubs and Associations**

Council will grant varied levels of concessions to charitable and other Non-Profit and Charitable Community Groups, including not-for-profit Sporting Bodies, in accordance with the provisions of the Rates Concession Policy.

The concessions are offered on the basis that the ratepayers are entities whose objects do not include the making of a profit.

**CBD Commercial Properties with Mixed Residential Use**

The purpose of the concession is to reduce vacancies in the CBD by providing an incentive for commercial property owners within the defined CBD area to utilise unoccupied commercial space for residential purposes. Residential purposes is defined as any space constructed and permitted for residential use and occupied by the owner or tenant as a residence.

The basis for this concession is stimulation of economic development within the defined CBD area.

**Council Owned/Trustee Land**

Council will grant a concession on General Rates and Separate Charges for vacant land that is owned or held as Trustee by Council if it is leased to another person and the land is not used for any business, commercial or industrial purpose. The level of concession is in accordance with Council's Rates Concession Policy.

The concessions are offered on the basis that the payment of general and separate rates will cause the ratepayer/lessee hardship.

**Multi-Residential Unit Developments**

Council may grant a concession of 100% of the waste/recycling charge for each multi-residential unit or units for which a community title scheme exists.

This may apply where it has been deemed impractical for Council to provide services to a multi-residential unit development consisting of six or more units within a plan.

**14. AUTHORITY**

It is a requirement of the *Local Government Act 2009* that for each financial year Council adopt, by resolution, a Revenue Statement.

**2016/2017  
BUDGET**

**Debt (Borrowings) Policy**

## DEBT (BORROWINGS) POLICY (STATUTORY POLICY)

**1. Scope:**

This policy applies to the use of loan borrowings to fund infrastructure and other important capital projects.

**2. Purpose:**

To provide Council with a contemporary Debt (Borrowings) Policy for responsible financial management on the loan funding of infrastructure capital projects by ensuring the level of Council indebtedness is within acceptable limits to Council, its ratepayers and interested external parties.

**3. Related**

**Documents:**

**Primary**

*Local Government Act 2009*

*Local Government Regulation 2012*

**Secondary**

*Statutory Bodies Financial Arrangements Act 1982*

**4. Definitions:**

To assist in interpretation, the following definitions apply:

Council	Rockhampton Regional Council
QTC	Queensland Treasury Corporation

**5. Policy Statement:**

As a general principle, Council recognises that loan borrowings for capital works are an important funding source for local government and that the full cost of infrastructure should not be borne entirely by present-day ratepayers, but be contributed to by future ratepayers who will also benefit. Whilst recognising the importance of loan borrowings, Council should not place undue reliance upon loans as a source of income.

Council will restrict all borrowings to expenditure on identified capital projects that are considered by Council to be of the highest priority and which cannot be funded from revenue, as identified by the adopted budget. Under no circumstances should Council borrow funds for recurrent expenditure.

The basis for determination of the utilisation of loan funds will be as follows:

- Where a capital project for a service that is funded by utility or user charges, for example water, sewer, waste, is determined to be funded by way of loans, the user charge should reflect the cost of providing the service including the loan servicing costs.
- Other specific capital projects, not funded by user charges, should only be considered for loan funding where the project is considered by Council to be of long term benefit to the majority of ratepayers.
- The term of any loan should not exceed the expected life of the asset being funded.

#### 5.1 10 Year Loan Programme Forecast

Council utilises loan borrowings to fund major capital and infrastructure works. Repayments are spread over a long period of 15 to 20 years as the capital works financed by the debt all have long useful lives. The Debt (Borrowings) Policy includes the following information:

**5.1.1** New borrowings for the current and the next nine financial years; and

**5.1.2** Repayment schedule for new and existing borrowings.

The following 10 year program is proposed by Council, although allocations are revised on an annual basis in conjunction with the review of its short and long term budgets:

**Table 1**  
**10 Year Borrowing and Repayment Schedule**

2025/26	-	11,032,028	15

#### 5.2 Repayment Schedule

The loan portfolio of Council is raised solely with the QTC via their fixed rate loan product. A fixed rate loan is a loan where the interest rate does not fluctuate for the term of the fixed period. A fixed rate loan provides rate certainty; however, an early repayment adjustment applies for any unscheduled repayments.

The amount required to extinguish a fixed rate loan at any point in time is the market value of the loan. The market value reflects the remaining cash flows

required to repay the debt, valued at the current market rates of interest. An early repayment adjustment reflects the difference between the loan balance and the market value of a fixed rate loan. The adjustment can be a loss or a gain depending on whether market rates for the remaining term are lower or higher than the original fixed rate.

Council intends maintaining principal and interest repayment schedules consistent with the fixed rate terms of individual loans so that exposure to early repayment adjustment losses are minimised. However, in circumstances where the early repayment adjustment will result in a gain to Council, consideration will be given to early repayment of the relevant loan facilities, subject to evaluation of Council's financial position at the time.

The budgeted loan portfolio of Council for 2016/17 is as follows:

**Table 2**  
**Budget Interest and Redemption by Fund/Function for the Year to 30 June 2017**

	A	B	C	D	E
					(A - C + D = E)

**6. Review Timelines:**

This policy will be reviewed when any of the following occur:

1. As required by legislation - this policy is to be reviewed no later than 30 June 2017 in conjunction with the budget;
2. The related information is amended or replaced; or
3. Other circumstances as determined from time to time by the Council.

**7. Responsibilities:**

Sponsor	Chief Executive Officer
Business Owner	General Manager Corporate Services
Policy Owner	Finance Manager
Policy Quality Control	Corporate Improvement and Strategy

**EVAN PARDON**  
**CHIEF EXECUTIVE OFFICER**

**2016/2017  
BUDGET**

Financial Position

2015/2016

**Financial Position 2015/2016**

The attached financial report and graphs have been compiled from information within Council's Finance One system. The reports presented are as follows:

1. Income Statement (Actuals and Budget for the period 1st July 2015 to 31 May 2016), Attachment 1.
2. Key Indicators Graphs, Attachment 2.

Council should note in reading this report that normally after the completion of the first nine months of the financial year, operational results should be approximately 91.7% of budget. The year to date percentages quoted within this report are based on the Draft December Revised Budget which is presented for adoption at today's Council meeting.

The following commentary is provided in relation to the Income Statement:

Total Operating Revenue is reported at 98%. Key components of this result are:

- Net Rates and Utility Charges are at 100% of budget. This positive variance is due to the second levy of General Rates and Utility Charges for 2015/2016 being processed during January 2016.
- Private and Recoverable Works revenue is below budget expectations at 78% however this is offset by expenses also being below budget in this area.
- Grants, Subsidies and Contributions are ahead of budget at 99%. Grants and subsidies were reviewed during the December Revised Budget process, with the draft budget improving by \$10.2 million in comparison with Adopted Budget. The additional grant funding is in relation to NDRRA grants for Cyclone Marcia.
- Interest Revenue is at 100% of budget with a further month's interest to be received.
- Other revenue items are all in proximity to budget year to date.

Total Operating Expenditure is in line with budget at 89% with committals, or 84% of budget without committals. Key components of this result are:

- Employee costs are below budget at 84%. This is partly due to the circumstance that transactions for employee benefit accruals are only done comprehensively at financial year-end.
- Contractors and Consultants expenditure is currently tracking above budget at 97%. This is solely due to committed expenditure, as actual expenditure is only 76% of budget.
- Materials and Plant expenditure is ahead of budget at 96%. Again, committals are driving up the year to date percentage as the actual result is 86% of budget.
- Finance Costs are currently behind budget at 76% however will more closely align with budget following the fourth quarterly loan repayment due in June.
- Other Expenses are ahead of budget at 100%. This is mostly due to Council having paid annual memberships such as LGAQ.
- Other expenditure items are in proximity to budget year to date.

The following commentary is provided in relation to capital income and expenditure, as well as investments and loans:

Total Capital Income is in proximity of budget at 83%.

Total Capital Expenditure is at 93% of budget with committals, or 64% of budget without committals.

Total Investments are \$110.9M as at 31 May 2016.

Total Loans are \$144.8M as at 31 May 2016.

Conclusion

Total operational revenue is exceeding budget expectations at 98% due to the second levy of General Rates and Utility Charges for the year as well as additional grants received in relation to Cyclone Marcia. Operational Expenditure is in line with budget at 89% when committed expenditure is included.

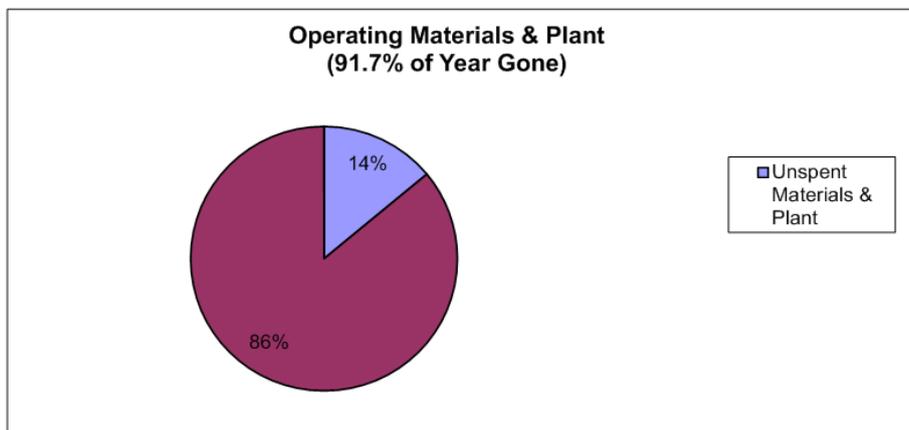

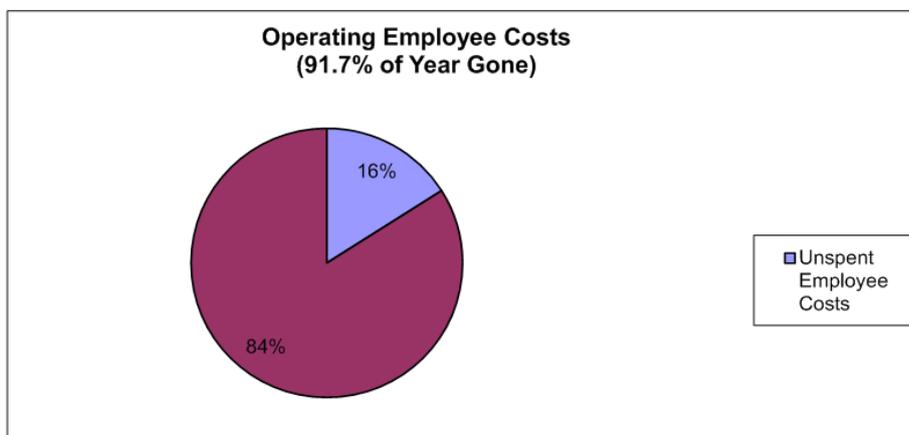

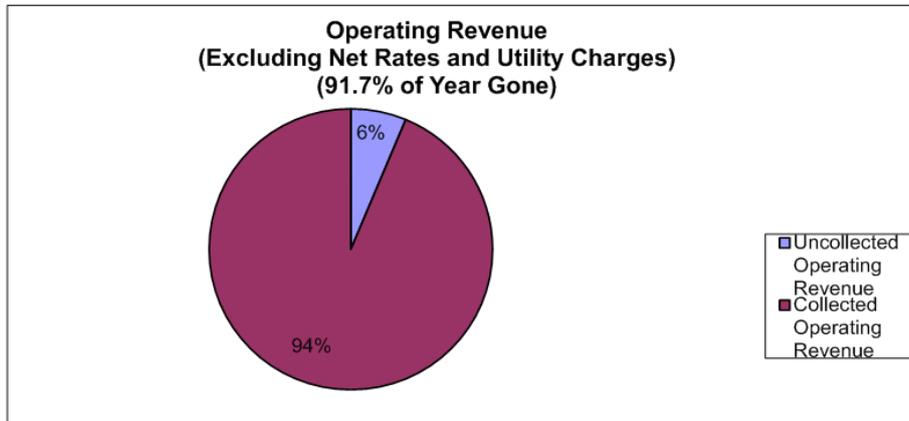

Capital Income is in proximity of budget at 83% partly due to the receipt of grants for the Riverbank Redevelopment, Kershaw Gardens' restoration as well as additional Cyclone Marcia restoration projects. Capital Expenditure excluding committed expenditure is at 64% of budget however with committals this increases to 93% of budget. Given the large volume of committals, capital expenditure should continue momentum until the end of the financial year, including end of financial year adjustments for accrued expenditure. However, current indications are that a portion of capital works will carry over into next financial year.
