

## WE CARE

- ☛ Children under 12 should stay in the vehicle at all times because there are lots of hazards on the site for little ones, and in the car is the safest place to be.
- ☛ Closed in shoes should be worn on site to prevent injury if standing on sharp or contaminated objects and to protect toes from dropped or falling objects.
- ☛ Speed limits are set in place on site to ensure safety of pedestrians and drivers onsite are able to move about the shared areas and use the facility safely.
- ☛ People shouldn't climb and unload from up on the back of utes, trailers and trucks at the Waste Transfer Station as there is a risk of falling 3 metres into the pit.

## BE SAFE

SET A GOOD EXAMPLE FOR LITTLE EYES WATCHING YOU

# recycling at home!

do the **right thing** use the **RIGHT BIN**

remove lids and rinse all food scraps and liquids

## GLASS

## PLAY SPOTTO

Cross off any objects in the pictures you see while staying in the car at landfill.

Find at least 6 objects, show your sheet to the gate house staff on your way out, and receive a prize!

Can you name 3 things that can be dropped off for FREE at the Community Recycling Centre?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

SPOTTO—what did you see at the landfill today?
