Standard Conditions of Approval

1. The conditions of an approval may require the approval holder to take specified measures to:
 - a) prevent harm to human health or safety of persons involved in, or affected by, the undertaking of the prescribed activity; and
 - b) prevent loss of amenity or unreasonable nuisance resulting from the undertaking of the prescribed activity; and
 - c) ensure that the undertaking of the prescribed activity does not cause unsafe movement or obstruction of vehicular or pedestrian traffic.
2. If the approval relates to the installation of a gate, or a gate and a grid, the conditions of the approval may:
 - a) require compliance with specified safety requirements; and
 - b) regulate the time within which the installation of the gate, or the gate and the grid, must be carried out; and
 - c) specify standards with which the installation of the gate, or the gate and the grid, must comply; and
 - d) require the approval holder to:
 - i. carry out specified additional work such as earthwork and drainage work; and
 - ii. take out and maintain public liability insurance as specified by the local government and produce documentary evidence of the insurance to the local government before the installation of the gate, or the gate and the grid; and
 - iii. give the local government specified indemnities; and
 - iv. construct the gate, or the gate and the grid, in accordance with standard plans and specifications which the local government may develop or adopt from time to time; and
 - v. maintain structures erected or installed, or vegetation planted, under the approval, in good condition; and
 - vi. clear and maintain the road in the vicinity of the gate, or the gate and the grid, (including the destruction of plants and vegetation); and
 - vii. remove a gate, grid or structure erected or installed, under the approval, at the end of a stated period; and
 - viii. remove a gate, grid or structure erected or installed, under the approval, if the gate, grid or structure:
 - (A) is not effective for its intended purpose; or
 - (B) is causing unreasonable nuisance, or poses a risk of a unreasonable nuisance; or
 - (C) constitutes an actual, or potential safety hazard; and
 - ix. if the approval relates to the installation of a grid, also erect a gate at the location of the grid to a standard, and in accordance with the requirements of, the local government; and
 - x. maintain the road, for a distance of 5 meters on each side of the gate, or the gate and the grid, as the case may be, in good and sufficient repair:
 - (A) so that vehicular and pedestrian traffic is not impeded or obstructed; and
 - (B) to prevent or minimise the risk of personal injury or damage to property; and
 - xi. exhibit specified signage warning about the conduct of the prescribed activity on the road; and
 - xii. take specified measures to ensure the unrestricted movement of vehicular and pedestrian traffic along the road during construction and installation of the gate, or the gate and the grid, as the case may be, and minimise obstruction of vehicular or pedestrian traffic or the risk of personal injury or damage to property; and
 3. If the approval relates to being a responsible person for a gate, or a gate and a grid, installed across a road, the conditions of the approval may:
 - a) require compliance with specified safety requirements; and
 - b) require the approval holder to:
 - i. carry out specified work such as earthwork and drainage work; and
 - ii. take out and maintain public liability insurance in an amount not less than \$20 million dollars and produce documentary evidence of the insurance to the local government within a stated period; and
 - iii. give the local government specified indemnities; and
 - iv. maintain the gate, or the gate and the grid, in accordance with standard plans and specifications; and

- v. maintain structures erected or installed, or vegetation planted, under the approval, in good condition; and
- vi. clear and maintain the road in the vicinity of the gate, or the gate and the grid (including the destruction of plants and vegetation); and
- vii. remove a gate, grid or structure identified in the approval, at the end of a stated period; and
- viii. remove a gate, grid or structure identified in the approval if the gate, grid or structure:
 - (A) is not effective for its intended purpose; or
 - (B) is causing unreasonable nuisance, or poses a risk of a unreasonable nuisance; or
 - (C) constitutes an actual, or potential safety hazard; and
- ix. if the approval relates to a grid, also erect a gate at the location of the grid to a standard, and in accordance with the requirements of, the local government; and
- x. maintain the road, for a distance of 5 meters on each side of the gate, or the gate and the grid, as the case may be, in good and sufficient repair:
 - (A) so that vehicular and pedestrian traffic is not impeded or obstructed; and
 - (B) to prevent or minimise the risk of personal injury or damage to property; and
- xi. exhibit specified signage warning about the conduct of the prescribed activity on the road; and
- xii. undertake compliance inspections of the structure as and when required by the local government; and
- xiii. if the approval relates to a gate, undertake self-assessments as and when required by the local government.
