FACT SHEET

Work Experience

Work experience is a perfect way to sample all the career options out there or to gain experience in the career of your choice. It's a way of exploring different jobs without actually committing to anything. You can dip your toe in the water without taking the full plunge.

Who can apply

- Applicants from a registered/recognised educational institution (high school) who are at least 14 years of age. *(PLEASE NOTE: Students must be 16 years of age or over to be considered at Rockhampton Zoo).*
- Tertiary/higher education students required to complete unpaid mandatory and/or assessable hours.
- Participants in an employment program (including work-for-the-dole participants, disability placement or other unpaid work placement applicants).

Applicants must be engaged with an organisation or institution that offers personal insurance and public liability which will cover the applicant for duration of their placement. Evidence of this must be provided before the placement can commence. Record of immunisations may be required in some instances.

How to apply

- Secondary students must have their school complete and submit the Work Experience Application Form.
- Those registered with employment agencies can choose to complete the Work Experience Application Form themselves, or have their agency representative complete and submit.
- All other applicants may complete the Work Experience Application Form and submit as individuals.

Applications must be received no later than four weeks prior to the requested placement.

Restrictions on Placement

Approval will not be given for work experience applications for the following areas:

- Areas that pose high risk of personal injury or illness occurring; or
- Areas where there is a special licensing requirement to perform the work, a special accreditation is required to gain entry to the work site (for example, construction white card), or specific personal protective equipment (PPE) is required to work on the worksite (for example, steel cap boots), unless the applicant already has their own license, accreditation and/or PPE.

Placement for secondary students must not be for a period greater than 30 days in one calendar year, as per the requirements of the Department of Education's approved work experience scheme.

Notification of Approval

If a work experience placement is approved, Council's Workforce and Governance section will contact the student/student's educational institution or employment service provider to request a signed copy of the work experience agreement.
